

RFP 24-105 Switch Equipment E-rate YR 27 - 2024
Questions and Answers

Q: Does this erate RFP require installation? The [407 services description](#) says “there is no installation or configuration being requested” but in the RFP on page 5 under scope it states, “The District is soliciting qualified contractors to submit plans which should include detailed billing and include hardware, configuration / installation, shipping, and taxes.”

A: No, this RFP does not require installation or configuration of the equipment.

Q: Do you require licensing for the ICX8200's?

A: Yes, we posted an addendum on USAC and our website on Monday, 10/24/23 to include licensing for all our switches. Please refer to either site.

Q: Are new patch cables required?

A: No.

Q: Does this project require installation/configuration services?

A: No.

Q: If installation/configuration is needed, will the District update the response sheet in the RFP to add the pricing or can we include it on our quote .

A: N/A
