Executive Summary

Dear members of the Board of Education:

I am pleased to present the proposed budget for the 2022-23 school year. The budget reflects the priorities set out in our strategic plan, *SPPS Achieves*, as well as efforts to maximize positive impact on student achievement made possible by the infusion of Federal COVID relief funds.

The FY23 budget is based on instructional priorities as outlined in our strategic plan, *SPPS Achieves*. Those priorities are:

- Systemic Equity
- Positive School and District Culture
- Effective and Culturally Relevant Instruction
- College and Career Paths

This budget includes a total of \$563.3 million in general fund allocations, a reduction of \$8,311,376 from FY22. This is due primarily to a projected budgetary enrollment decrease of more than 1,800 students, but also due in part to the free and reduced lunch fee student counts being lower, which impacts Compensatory Education funding available to schools.

Also included in this budget is funding to meet our contractual obligations with all of our collective bargaining units; those contracts settled to date are all within financial parameters established by the Board of Education.

This past year has demonstrated the resilience of our students; the compassion of our educators and staff; and the importance of partnering with the community. As we enter into a new fiscal year full of energy, optimism and opportunity, I am proud of the efforts we have put forth in response to the global pandemic. I am confident SPPS is well positioned to adapt to new challenges, remain student-centered and live out our mission to inspire students to think critically, pursue their dreams and change the world.

Thank you for your thoughtful consideration of our proposed 2022-23 budget.

In partnership,

Joe Gothard,
Superintendent

Saint Paul Public Schools at a Glance 2022

Profile of District

Founded in 1856, Saint Paul Public Schools (SPPS) is the largest urban school district in Minnesota and the second largest school district in the state. It offers a world of opportunities for a multi-cultural student population of more than 34,000 pre-kindergarten through grade 12 students. SPPS promotes lifelong learning, serving “students” from birth to age five and adults learning English, earning their diploma or their GED.

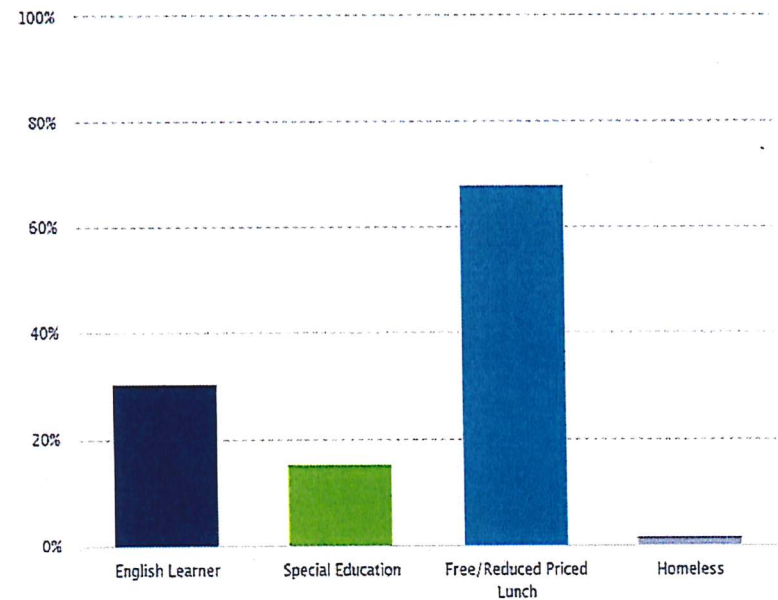

Enrollment on October 1, 2021

- 34,157 students in K-12
- 1,051 students in pre-K
- 6,257 employees
- 3,427 teachers
- 61 school sites: 41 elementary, 8 middle and 12 senior high schools
- 8 Alternative Program sites

• SPPS provides translation services for the four most common languages spoken other than English:

Hmong (19%)
 Spanish (10%)
 Karen/Burmese (7%)
 Somali (4%)

FY 2022-23 SPPS Referendum Plan

In November 2018, Saint Paul voters renewed the 2012 voter approved referendum and voted to invest additional funding into Saint Paul Public Schools and the SPPS Achieves strategic plan, which is designed to decrease disparities in achievement based on race, ethnicity, culture and identity. A total of \$60.3 million in referendum funding (a combination of aid & local levy), will continue to support Saint Paul Public Schools for the next decade.

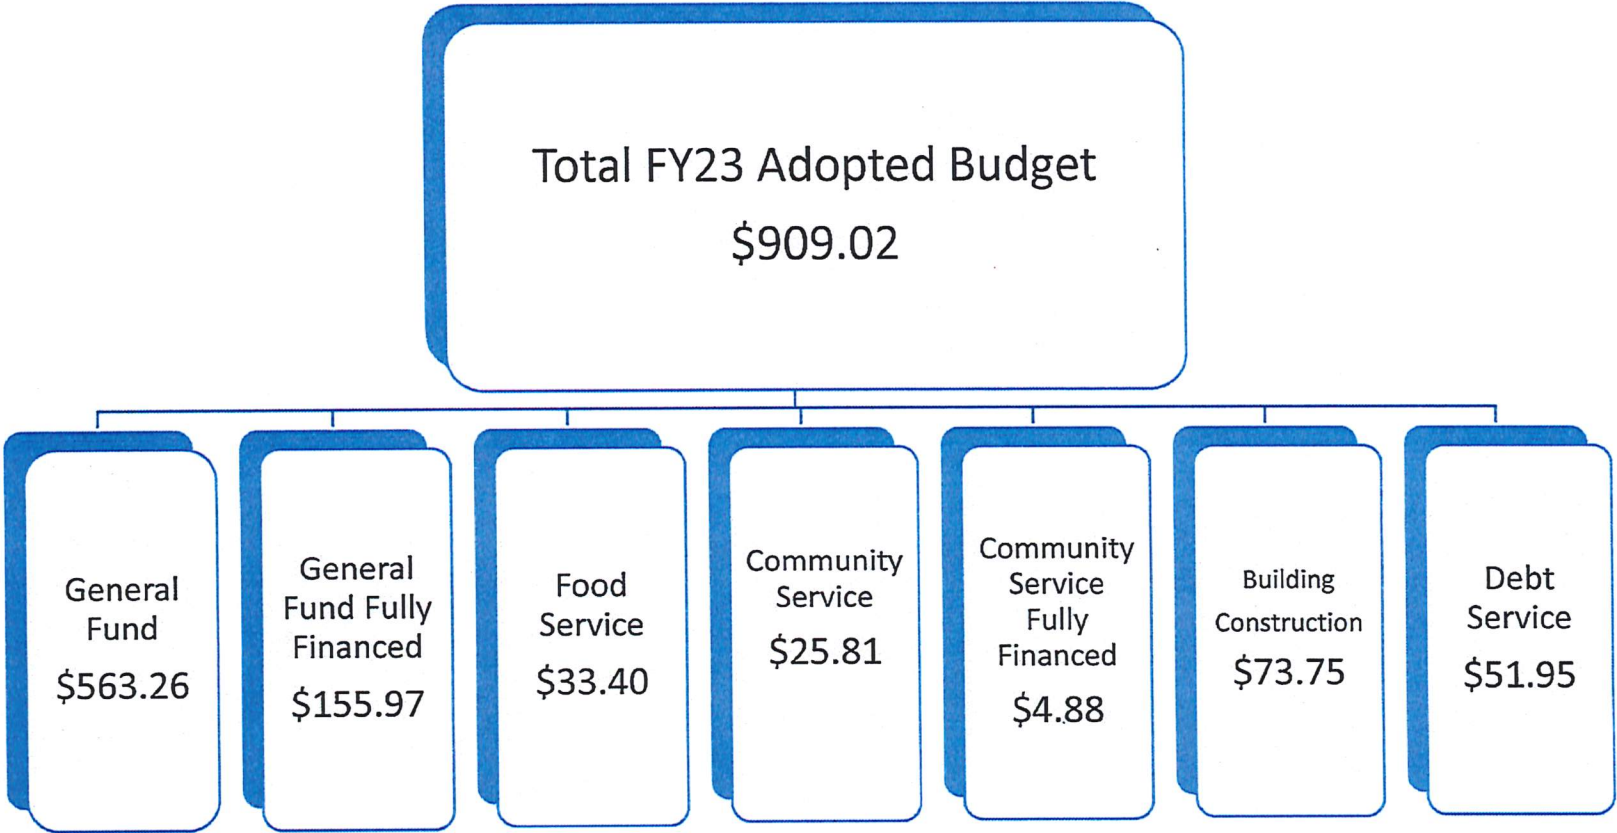

Amounts in graphs are reflected in millions

*This report highlights the District's Total Referendum Plan. An additional \$875,768 is invested in SPPS Achieves from other funding sources.

Analysis of the General Fund 01
 Fiscal Year 2023 Compared to Fiscal Year 2022

The FY23 General Fund revenue is projected to decrease by \$8.3 million. Changes in specific categories of revenue include:

- a State General Education aid decrease of \$7.6 million, mostly related to a projected budgetary enrollment decrease of 1,877 students
- a Compensatory Education aid decrease of \$5.7 million
- a net property tax levy revenue increase of \$5.0 million, mostly related to increases in the Other Post-Employment Benefits (OPEB) levy, Teacher’s Retirement Association (TRA) levy and a state inflation formula for the Referendum

During the FY23 Priority Based Budgeting process, General Fund expenditures were projected to increase by \$34.3 million. Inflation for FY23 was projected to impact the General Fund by \$23.0 million. In addition, \$11.3 million of FY22 ESSER II expenditures were planned for realignment back to the General Fund. Combined with the General Fund revenue decrease of \$8.3 million, this resulted in a projected General Fund budgetary shortfall of \$42.6 million. School allocations include reductions in the General Fund and Compensatory Education Fund as related to enrollment decline and free and reduced lunch counts by site. General Fund programs did not receive inflationary allocations for non-salary expenditures, with the exception of targeted expenditure categories to support school district operations.

The Adopted FY23 General Fund budget does not include planned use of fund balance.

The General Fund Unassigned Fund Balance on June 30, 2023 is projected to be \$38.5 million, or 5.7%, which is within the 5.0% Board of Education policy.

More information on General Fund and allocations for schools and programs is provided in supplemental material within the FY23 Adopted Budget Summary.

Saint Paul Public Schools
 Adopted General Fund Fully Financed Budget
 Fiscal Year 2022-23

The General Fund Fully Financed Fund contains budgets with federal, state or private grants and contracts as a funding source. These grants may be competitive or entitlements with specific requirements for use. Fully financed funds are in a separate budget, apart from regular district funds, to facilitate specific reporting requirements. This initial budget adoption includes most grants which are over \$500,000. Additional grants will be added to this fund throughout the year and will be included in subsequent budget revisions.

	Adopted Budget	December Projection	Adopted Budget

Estimated Ending Fund Balance	\$153,007	\$153,007	\$153,007

Analysis of the General Fund Fully Financed Fund 29
Fiscal Year 2023 Compared to Fiscal Year 2022

The Adopted FY23 budget is projected to be \$23.8 million more than the Adopted FY22 budget. Fully financed budgets that are contributing to this increase are the school and program allocations of an additional \$16.4 million in federal COVID-19 funding (ESSER II, and ESSER III/ARP) from prior year, additional Title I funds due to carryover of prior year funds unspent offset by a reduction in grants and Title III and IV to net increase of \$1.4 million and Summer Program Federal Funds in the amount of \$6 million new in FY23.

Due to the nature of Fully Financed budgets, revenues should equal expenditures. This will usually result in no change to fund balance, however some smaller programs (less than \$500,000 each) may use carried forward funds from fund balance. There is no projected change in fund balance at this time.

Saint Paul Public Schools
Adopted Food Service Fund Budget
Fiscal Year 2022-23

A Food Service Fund must be established in a district that maintains a food service program for students. Food Services are those activities which have as their purpose the preparation and service of meals in connection with school and enrichment activities.

Every student will receive a healthy breakfast at no cost through the Breakfast to Go Program. Students at 36 sites receive lunch at no cost through the Community Eligibility Provision and/or Provision 2 lunch program. Children and teens will receive meals at more than 60 parks, recreation, community, school, and mobile café sites.

	Adopted Budget	December Projection	Adopted Budget
	2021-22	2021-22	2022-23
Estimated Beginning Fund Balance	\$12,542,117	\$15,623,835	\$14,003,698

Expenditures	\$37,702,556	\$36,772,219	\$33,405,172
Estimated Ending Fund Balance	\$12,542,117	\$14,003,698	\$11,117,561

Analysis of the Food Service Fund 02
Fiscal Year 2023 Compared to Fiscal Year 2022

FY23 revenues are projected to decrease \$4.62 million compared to FY22. The decrease is the result of declining enrollment. FY23 expenditures are expected to decrease \$3.39 million as compared to FY22. The expenditures decrease less than revenue since the projected fund balance is anticipated to equal approximately four months average operating expenses. To maintain the Food Service Funds nonprofit status, regulations require that the fund balance (net cash resources) of the Food Service account cannot exceed three months' average expenditures at any time. SFAs that exceed three months' average expenditures must have a plan to reduce the excess operating balance that indicates how the excess balance will be spent to maintain the program's nonprofit status. Expenditures must make improvements to the school nutrition program such as improving food quality and replacing or purchasing necessary equipment. This budget allows the Food Service program to meet expectations.

The projected FY23 ending fund balance is \$11.1 million. This is a decrease of \$4.5 million over the FY22 beginning fund balance. Inventory accounts for approximately \$2.4 million of fund balance.

Saint Paul Public Schools
Adopted Community Service Fund Budget
Fiscal Year 2022-23

The Community Service Fund must be established in a district that provides services to residents in the areas of: Adult Basic Education, Early Childhood Family Education, School Readiness, School Age Care, Adults with Disabilities, general enrichment, youth and senior programs, recreation and other similar services.

Estimated Ending Fund Balance	\$1,263,452	\$5,921,673	\$5,918,786

Analysis of Community Service Fund 04
Fiscal Year 2023 Compared to Fiscal Year 2022

Revenue and expenditures for FY23 are budgeted slightly higher than FY22 adopted budget due to additional funding of \$3.5 million from ARP/ESSER II to support additional Community Service programs. Revenues and expenditures for Community programs, Adult/Special Needs programs, and Discovery Club are projected to slightly increase in FY23 with the anticipated decrease in COVID-19 cases. Community Services expects to meet a greater demand for services in the FY23. Increased revenues are anticipated to be offset by increased expenses due to inflation.

The FY23 fund balance is projected to remain stable.

Saint Paul Public Schools
Adopted Community Service Fund Fully Financed Budget
Fiscal Year 2022-23

The Community Service Fully Financed Fund contains budgets with an outside funding source and specific use. An outside funding source is either a private, state or federal grant, or contract for services. Most grants and contracts require specific financial reporting to ensure that funds are expended within the agreement's terms and conditions. Fully financed funds are put in a separate budget, apart from regular district funds, to facilitate their reporting requirements.

Estimated Ending Fund Balance	\$457,844	\$194,070	194,070

Analysis of Community Service Fully Financed Funds 30 & 33
Fiscal Year 2023 Compared to Fiscal Year 2022

The adopted budget for the Community Service Fully Finance Fund represents most grants that exceed \$500,000 in total expenditures. FY23 adopted budget is projected to decrease about 11% over FY22 adopted budget because some grants did get renew with less and some didn't. FY2023, there were two new DEED grants are added to the programs.

Due to the nature of Fully Financed budgets, revenue should be equal expenditures. This will usually result in no change to fund balance; however, smaller programs (less than \$500,000) may use carried forward funds from fund balance. This fiscal year, there is no anticipated change in fund balance to be recognized as part of this projection.

Saint Paul Public Schools
Adopted Building Construction Fund Budget
Fiscal Year 2022-23

The Building Construction Fund records financial activity relating to a building construction program resulting from the sale of general obligation bonds or certificates of participation by a School District. Minnesota statutes and federal arbitrage regulations govern use of the funds. Building Construction funds are held in trust and expended only for authorized projects. Resources may be used for general construction, building additions, architectural and engineering costs, equipment, and costs of floating a bond issue.

	Adopted Budget	December Projection	Adopted Budget

Estimated Ending Fund Balance	\$30,034,036	\$71,814,545	\$69,061,846

Analysis of the Construction Fund 06
Fiscal Year 2023 Compared to Fiscal Year 2022

The Pay 22 Levy included \$22.3 million in 2022B Health and Safety/Deferred Maintenance Bonds which is deferred for use in FY23 as part of fund balance. The Pay 23 Levy will include \$15 million in 2023A General Obligation School Construction Bonds and an estimated amount of \$31 million of Certificates of Participation. FY24 Health and Safety/Deferred Maintenance Bonds in an amount to be determined will also be issued.

FY23 Revenues are projected to be \$71 million with fund balance from prior year proceeds anticipated to be used for ongoing work on major projects.

FY23 Expenditures are estimated to be \$73.75 million. New projects in design stages will include Ramsey Middle School, Bruce Vento Elementary, Highland Park Middle School and Barack and Michelle Obama Elementary. Jie Ming Chinese Immersion will begin construction in FY23 while American Indian Magnet will continue with major construction. Frost Lake Elementary will be in the closeout stage. The FY23 ending fund balance is projected to be \$69 million. All remaining fund balance is dedicated to specific projects in future years.

Saint Paul Public Schools
 Adopted Debt Service Fund Budget
 Fiscal Year 2022-23

The Debt Service Fund must be established in a District that has outstanding bonded indebtedness, for building construction or operating capital. The fund must record activity for initial or refunded bonds. The School Board may authorize the investment of debt funds in certain types of securities as specified by law. The earnings accrued become a part of the Debt Service Fund.

	Adopted Budget 2022	December Projection 2021-22	Adopted Budget 2022-23

Expenditures	\$48,802,926	\$59,657,586	\$51,953,103
Estimated Ending Fund Balance	\$44,671,482	\$45,788,607	\$44,782,019

Analysis of the Debt Service Fund 07

Fiscal Year 2023 Compared to Fiscal Year 2022

FY23 revenue remains level with FY22 when bond sale refunding revenue totalling \$10.7 million from the 2022C bond sale is removed from the total. The primary funding source for the Debt Service Fund is property taxes and state aid which are projected at \$48.9 million for FY23 with the remainder of the funding from interest and rent.

FY23 expenditures represent the principal and interest payments on the district’s outstanding debt. In FY23, if refunding opportunities occur, the budget will be revised. In FY22 bond refunding payments of \$10.6 million were made correlating to the 2022C bond refunding revenue. The total debt service expenditure amount is driven by scheduled debt redemption, as approved by the Minnesota Department of Education.

The FY23 ending fund balance is projected to decrease \$1 million as a result of scheduled debt service principal and interest payment activity.

Analysis of School Staffing Allocations
Fiscal Year 2023 as Compared to Fiscal Year 2022**

- For Fiscal year 2022-23 allocations to schools and programs, Saint Paul Public Schools continued a Priority Based Budgeting process that utilized SPPS Achieves Strategic Plan instructional priorities along with statutory requirements for federal and state funding as its guide for resource allocations. The strategic plan sets goals for student achievement, guides decision-making, and focuses our efforts on long-term student outcomes. The strategic plan along with a school criteria guide were used to allocate resources to focus on the FY23 SPPS Achieves instructional priorities.
- In addition, staffing allocations were based on class size caps that met the terms of the 7/1/21 – 6/30/23* contract signed by leaders of both Saint Paul Public Schools and Saint Paul Federation of Teachers. The class size caps are as follows:

<u>Grade Level</u>	<u>High Poverty</u>	<u>Low Poverty</u>
Pre-K	20	20
Kindergarten	24	26
Grades 1 - 3	25	27
Grades 4 - 5	30	31
Grades 6 – 8	36	38
Grade 9	35	36
Grades 10 - 12	38	40

- High Poverty was determined by taking 30 traditional schools with the highest levels of poverty concentration per free and reduced lunch applications. This meets the terms of a Memorandum of Agreement (MOA) signed by leaders of both Saint Paul Public Schools and Saint Paul Federation of Teachers.
- Beyond the class size commitments, for FY23, secondary sites will continue to receive an additional teacher allocation from rounding up, on top of the base teacher calculation, in an effort to provide added classroom flexibility. This is referred to an Enroll Cap Adjustment in the school funding reports. Elementary PreK-5 & Dual Campus sites will receive funding from ESSER II & ARP.
- School funding is allocated for Nurses, Counselors, Librarians, Social Workers, Psychologists, MLL Teachers, MLL Educational Assistants, and Intervention Specialists.
- Sites also receive allocations for specific program articulation. Program articulations include: Dual Immersion, Aerospace, Year Round, AP/IB/MYP/PYP, iPad Accessories, PLTT Field Technicians, and PLTT TOSAs. Additional resources allocated to sites include FTE adjustments for Montessori, CSI/TSI Schools, Career Pathways, Voluntary Pre-Kindergarten, Wellness, Special Education, MLL and Enrollment.
- SPPS Achieves funding (Referendum and Title I) was allocated for College and Career Pathways, including Counselors and Work-Based Learning Coordinators. For FY23, the allocations also include funding for the Middle School Model, Counselor support, in addition to 3.0 English Language Arts writing teachers at the Gr 6-12 sites. The plan also continues funding for the 29 Learning Lead FTEs at sites, which will be allocated this fall once CSI & TSI schools are identified by the Minnesota Department of Education.
- For FY23, some of these positions will be paid for by ESSER II: Counselor, Social Worker, Intervention Specialist, PLTT Tech TOSA, PLTT Field Tech, MLL Teacher, WINN Teacher, JE PD Kdgn Teacher, JE PD Elem Teacher.
- The next four pages provide detail of the school staffing allocations as of April 29, 2022, when each principal received a budget toolkit with their FY23 site budget allocations. Principals then utilized the funding they received to prepare their site budgets within budgetary, contractual and staffing guidelines.

*The class size Memorandum of Agreement was signed for the period through fiscal year 2022-23.

Saint Paul Public Schools
Analysis of School Allocations by Major Funding Sources
Fiscal Year 2023 as Compared to Fiscal Year 2022

- The schools will receive \$282,695,719 in total allocations for FY23. The percent received from each funding source is as follows:

General Revenue	53%
Compensatory Education Revenue	15%
Referendum Revenue	10%
Integration Revenue	2%
Title I Revenue	8%
ESSER II/ARP Funding	12%

- School allocations have decreased overall by \$16.7 million, or 5.5%, mainly due to ESSER/Federal COVID-19 funding. Please refer to the Federal COVID-19 Funding section for more details.
- Of the FY23 reductions in school allocations, the projected enrollment decrease of 1,906 students
- Per pupil funding varies from school to school. This is the result of certain categorical school funding with specific criteria on how it is used, such as Title I, Compensatory Education and Integration revenue.
- The October 1 free and reduced count of the previous year determines Compensatory Education and Title I revenue. Fewer qualifying applications received led to a reduction in funding received.
- Sites are funded for staffing FTE allocations based on projected enrollment with criteria based on different class size caps by grade level determined by contractual negotiations. These class size caps are dependent on the site's poverty level (see Analysis of the School Staffing Allocations section for more information).
- The following pages provide detail of the school allocations by site, and major funding sources, as of April 29, 2022.

General Fund Program Budgets

Saint Paul Public Schools
Analysis of General Fund Program Budgets
Fiscal Year 2023 Compared to Fiscal Year 2022

- The following pages provide an analysis of changes to the General Fund programs from the Adopted Fiscal Year 2022 budget to the Adopted Fiscal Year 2023 budget.
- The General Fund Programs have been classified into three categories to represent the distribution of General Fund resources. Those categories are as follows:

Administration: refers to programs that support governance, policy & procedures, and staff support to the Superintendent

Districtwide Support Services: refers to programs that provide support to all areas of the district

School Support Services: refers to programs that provide support services to schools

- The FY23 General Fund Program Allocation Summary report includes the following information:

The 2021-22 Adopted Budget column reflects the current fiscal year allocation to each program.

- The 2021-22 Allocation with Inflation column reflects increases specific to projected inflationary increases for transportation, utilities, insurance, employee salaries and related benefits.
- The 2022-23 Program Reallocations column includes transfers between programs or funds that generate funding for a program (such as Transportation), or a transfer of funds between program codes due to a required change in state reporting (such as Security).
- The 2022-23 Program Adjustments column reflects allocation changes to the program budget and are noted in the Adjustments and Reallocations section of the Proposed FY23 Budget Summary.
- The 2022-23 SPPS Achieves Program Adjustments column includes allocation changes for strategic plan initiatives. More detail on the strategic plan can be found in the SPPS Achieves Framework section.
- The 2022-23 Elementary & Secondary School Emergency Relief (ESSER II) Program Allocations column reflects Federal
- COVID-19 funding allocated to programs, in addition to General Fund resources.
- The 2022-23 American Rescue Plan (ARP/ESSER III) Program Allocations column reflects Federal COVID-19 funding allocated to programs, in addition to General Fund resources.
- The 2022-23 Adopted Budget column reflects the total General Fund, ESSER II & ARP allocation to each program

Federal COVID-19 Funding Allocations

FY 2022-23 SPPS Federal COVID-19 Funding

Saint Paul Public Schools received allocations totaling \$333.6 million in federal funding as a result of the following COVID-19 legislation. Each funding source has specific guidelines, reporting requirements and timelines that must be met in order for the district to be reimbursed for expenditures.

The **Coronavirus Aid, Relief, and Economic Security (CARES) Act**, passed on March 27, 2020, includes an Education Stabilization Fund, which contains two major sources of funding for schools: the ***Governor's Emergency Education Relief (GEER I) Fund*** and the ***Elementary and Secondary School Emergency Relief (ESSER I) Fund***. In addition, ***Coronavirus Relief Funds (CRF)*** were available to districts from July 1, 2020, through December 30, 2020 to support schools getting children back to school in the fall while prioritizing the safety of students and staff. **Total SPPS Allocation = \$34.6 million**

The **Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA)**, was signed into law on December 27, 2020. Additional funding for schools was provided in the ***Elementary and Secondary School Emergency Relief (ESSER II) Fund***. **Total SPPS Allocation = \$92.1 million**

The **American Rescue Plan Act (ARP)** was signed into law on March 11, 2021 and focuses on returning to, and maintaining, safe in-person learning for all students. Additional funding for schools was provided in ***the Elementary and Secondary School Emergency Relief (ESSER III) Fund***, in addition to other funding opportunities for districts. **Total SPPS Allocation = \$206.9 million**

For FY23, ESSER II funding was utilized to support district stabilization and continuity of operations in schools and programs, including departments that directly support COVID-19 efforts. Future plans will require an assessment of resource alignment as this funding expires in September 2023.

For FY23, ARP/ ESSER III funding was allocated based on proposals submitted to the Innovation Office. Details can be found on Saint Paul Public Schools' website at <https://www.spps.org/arp>.

The following five graphs represent the total FY23 Federal COVID-19 Funding Allocations to Schools & Programs of \$98.0 million. This includes new investments in resources along with realignment of staffing and other expenditures. Additional allocation information by school and program is provided in this section. For reporting purposes, the allocations are listed as "ESSER II" and "ARP/ ESSER III" Funded.

FY 2022-23 Budget Development Timeline

2022-2023 Budget Guidelines

Philosophy:

The SPPS Achieves strategic plan sets goals for student achievement, guides decision-making and focuses efforts on long-term student outcomes. The Proposed Budget will be guided by the District’s strategic plan. The strategic plan establishes the District’s instructional priorities. The budget documents how resources will be allocated to support those priorities and the District’s mission to inspire students to think critically, pursue their dreams, and change the world.

2022-23 Instructional Priorities:

If we focus on...	and we strategically invest in...
Systemic Equity	<ul style="list-style-type: none"> ● Providing learning opportunities for adults that build consciousness and awareness of factors that inhibit fairness, justice, and educational equality in our school system
Positive School and District Culture	<ul style="list-style-type: none"> ● Supporting school capacity to implement and monitor the SPPS Positive Behavioral Intervention & Supports (PBIS) framework, using data to inform decisions ● Implementing culturally responsive Social Emotional Learning (SEL) district wide, aligned with PBIS ● Using the Ready for Rigor framework to strengthen communities of learners and learning partnerships through affirmation, wise feedback, instructional conversation, and validation
Effective and Culturally Responsive Instruction	<ul style="list-style-type: none"> ● Implementing Zaretta Hammond’s Ready for Rigor Framework within all student learning and programming with fidelity and accountability ● Accelerating full implementation of the PreK-5 Math Model and PreK-8 Literacy Model ● Developing Ethnic Studies as an elective required for graduation ● Deepening implementation of the middle school model ● Identifying and implementing solutions to secondary scheduling, grading and credit challenges to support academic progress in the aftermath of COVID-19 ● Providing access to instruction in science, social studies, the arts, health, and physical education

College and Career
Paths

- Expanding implementation of personal learning plans PreK-12
- Expanding implementation of career-related curriculum and experiences PreK-12
- Expanding career pathways at comprehensive high schools

and monitor Strategic Plan Performance Indicators

then we will achieve our Long-Term Student Outcomes.

- Decrease disparities in achievement based on race, ethnicity, culture, and identity
- Increase achievement of English Learners
- Increase achievement of students receiving special education services
- Improve kindergarten readiness
- Increase academic growth in reading and math for all students
- Prepare all graduates for college, career, and life

Preparing Budget Calculations

Budget Model:

The District will utilize a priority-based budgeting method, following the Best Practices in School District Budgeting model provided by the Government Financial Officers Association (GFOA). The steps are outlined in the following graphic:

Revenue Projections: Revenue will be calculated using current law.

Expenditure Projections: The Finance Office will project salary and fringe benefits using actual salary and benefit amounts if labor contracts have been negotiated. If labor contracts have not been negotiated, the projected salary and fringe benefits will include adjustments for COLA, as referenced within the Guiding Values negotiations information. Budget projections for non-salary items include adjustments for inflation. These adjustments will vary, depending on the category.

Enrollment: The Office of Research, Evaluation, and Assessment (REA) will provide the Finance Office with projected enrollment that will be utilized for an initial 2022-23 revenue projection.

Average Salary and Benefits Calculation Data: A table detailing the average salary and benefits will be provided for budget preparations at the site level.

Fund Balance: In accordance with BOE policy, the budget will maintain an unassigned fund balance of five percent (5%) of annual General Fund expenditures. District administration will inform the Board of Education (BOE) on potential use of unassigned fund balance during the initial budget planning presentation to the BOE. The District will continue to increase its future unassigned fund balance level to six percent (6%) or greater.

Schools:

- School allocations will be determined based on a published criteria guide. The guide includes criteria and formulas for staffing allocations based on enrollment and school programming.

Non-School Programs:

- Non-School programs will be reported into three (3) categories: Administration, District-wide Support Services, and School Support Services.

Compiling and Presenting the 2022-23 Budget

Instructional Priorities: The development of the 2022-23 budget begins by establishing instructional priorities, as identified within the District's strategic plan.

Stakeholder Engagement: There will be engagement to inform stakeholders about the budget development process and the instructional priorities for the 2022-23 school year.

Presentation Format: Summary information will be presented for schools and programs in the preliminary budget document. Each summary page will include an analysis of the changes to the proposed budget that are impacting schools and programs.

Fully Financed Budgets: Fully Financed budgets with anticipated revenues and expenditures that are \$500,000 or greater for the 2022-23 school year will be included in the Adopted budget.

Other Resources Allocated to Schools: The Adopted budget document will include a school by school detail of resources allocated to schools such as grants, special education, multi-lingual learner resources, and wellness, to name a few.

The Adopted Budget: Administration will present a balanced budget to the BOE. The budget for 2022-23 must be approved by the Board of Education by June 30, 2022. The Adopted budget will be published on the Business Office website (<http://businessoffice.spps.org>).

**Saint Paul Public Schools
Certified Pay 22 Levy Factors**

Levy information is submitted to the Minnesota Department of Education to calculate the maximum levy authorized by law. The Pay 22 calculation provided a maximum levy of \$202,788,045, a 3.15% increase from the Certified Pay 21 Levy. Board of Education action in September 2021 affirmed the maximum levy amount. In December 2021, the Board of Education held the Public hearing required by State law, reviewed the proposed Pay 22 Levy during a Committee of the Board meeting, and certified the Final Pay 22 Levy of \$202,788,045 at the December Board meeting.

Relevant Levy items:

- **General Fund Levy** - For the Pay21 Levy the General Fund Levy increase of \$6.2 million, or 3.15% is mainly due to a significant increase in the District's Referendum as a result of funding formula changes for inflation and an increase in pension benefits slightly offset by a decrease as a result of various adjustments.
- **Community Education Levy** - For the Pay22 Levy, Early Childhood Family Education (ECFE) and School Age Care account for the slight Community Education Levy decrease of .3%.
- **Debt Service Levy** - Scheduled debt payments on qualified bonds and certificates of participation resulted in the certified Pay 22 Debt Service Levy of \$ 48,973,120.
