

RIVEREAST SCHOOL Building Construction Project

RiverEast School is getting a new school building!

About RiverEast School

Program focus: Provides a supportive special educational environment for students to develop the skills required to be successful through academics, school-based therapy, and positive relationships.

Grades: K-8

Student enrollment: 80 students maximum

Small class sizes: No more than 8 students per teacher to provide individualized attention.

What will the new school be like?

- RiverEast is moving to a new location at 1055 Mackubin St.
- The new school building will be one story and 71,000 square feet

When will this construction project happen?

- **March 2017:** Work begins
- **September 2018:** School opens
