

10 14 19 – Dimensional Letter Signage

DIVISION 10 – Specialties

STATEMENT OF PURPOSE & BACKGROUND

- Scope:
 - o Selection, installation and preparation of surface for dimensional letter signage, generally on exterior of buildings.
- Statement of goals:
 - o Provide a consistent, high quality finish surface that:
 - Is durable;
 - Is easily maintained.
- Revision history of section:
 - o 06/07/18 (date of adoption)

OUTLINE SPECIFICATION

- Part 1 General
 - o Confirm with Owner the accurate name and address of the building or site to be identified with dimensional letters and numbers.
 - o Confirm with Owner the size and location of letter signage for optimal visibility.
- Part 2 Products
 - o Acceptable Manufacturer(s):
 - Architectural Signage Systems
 - Gemini
 - Metal Arts
 - Equivalent manufacturers **approved, in writing, in advance, by the Architect**, may be substituted in accordance with the provisions of the Contract.
 - o Metal Letters:
 - Metal: Aluminum casting
 - Finish: Aluminum with clear anodic finish, unless noted otherwise and approved by Owner.
 - Mounting: Stud mounted with concealed fasteners, or free standing on aluminum bars or channels, depending on specific design chosen.
 - Letter Styles: Arial, Helvetica, or other sans serif font; upper case for building name; lower and upper case for street address.
 - Sizes: To be determined per project for visibility & readability.
- Part 3 Execution
 - o Per Consultant and / or manufacturer specification.
 - o Verify that substrate is ready to receive work.
 - o Install with concealed screws of stainless steel, galvanized steel, chrome plated, or other non-corroding metal.
 - o Install neatly with horizontal edges level.
