INSPECTION CERTIFICATION for Saint Paul Public Schools -- Chelsea Heights Elementary School

STATEMENT OF BUILDING ACCESS

On behalf of Saint Paul Public Schools for Chelsea Heights Elementary School, I certify that I have provided access to all areas within the building to IEA's inspector identified below for the purpose of inspecting for asbestos-containing building materials (ACBM) as mandated by 40 CFR 763.85, "Inspections and Reinspections."

Additionally, I have discussed any concerns I have regarding identified or non-identified ACBM within this building.

State Certification/Accreditation Number Am3856
The following is a list of those events that contain damaged asbestos material and should be considered to be potential hazards. It is imperative that the following immediate response situations are corrected as soon as possible but no later than six months from the date of this inspection to avoid increased risk of exposure to airborne asbestos fibers. The district should take extra precaution to ensure that properly trained personnel use appropriate techniques to implement these responses.

Following is an explanation of the immediate Response Action codes identified in this report.
