Project Summary:

At Ramsey Middle School, our goal is to help students gain global perspective. Through our International Baccalaureate (IB) Middle Years Programme (MYP), we emphasize the value of teaching students to ask questions and think critically about issues in our school community and the world. All classes at Ramsey are rooted in IB and engage students in lessons that are relevant to their lives. Core academics are enhanced by learning activities and programs such as AVID, band and orchestra, and visual arts.

It was originally constructed in 1924 at 56,084 square feet. Later additions were completed in 1964, 1977, and 1991. It is now 98,491 square feet.

Issues Identified By School Community In 2015

1. Safety issues at entrance
2. Overall space more inviting
3. Updated Instructional Space
4. Look at wasted space in locker rooms
5. Inviting attractive tutoring spaces for volunteering
6. Conference room
7. Open/community space
8. Middle school model space
9. Drop off/Pick up space
10. More community outdoor space

General Notes:

Existing utilization shown is for School Year 2014-2015

The Conceptual Utilization Plans are exploratory rather than actual construction plans and represent the design at one moment in time, which will change as the design and funding process progress.

The Conceptual Plans are included as a way to organize scopes of work into logical, efficient and meaningful projects. There is no prioritization implied in a work scope title (e.g. “Work Scope A” is not necessarily the most critical work to be done).

The plans in this document are not comprehensive of the entire building’s needs as maintenance and replacement of existing building systems such as roofs and mechanical systems are omitted to maintain graphic clarity of the overall vision generated during the Facilities Master Plan Process.

Formal zoning reviews have not been undertaken for the proposed work shown in these plans. A review with zoning and building code authorities will occur once the funding is secured.

Grade Levels: 5-8
SY 2014/15 Enrollment: 647
Design Enrollment: 756
