'2011' Percent proficient in 2011.

'+/-' The change from 2010 to 2011.

*2011 was the first year students took the Math MCA-III in grades 3-8. Statewide percent proficient dropped from 2010 at each grade level that took the MCA-III. However, because MCA-III measures different standards than MCA-II, comparisons to prior years should be made with caution and are not being emphasized on these tables.

Denotes schools that made gains of 5 or more percentage points in Reading
