NAMM (National Association of Music Merchants) Foundation 2017 Best Communities for Music Education

The Winton Woods Board of Education congratulated the Music Department on the district's selection as one of the National Association of Music Merchants Foundation's 2017 Best Communities for Music Education. The district received this award in 2016.

Varsity Ensemble Qualifying for State Competition

The Winton Woods Board of Education congratulated Mr. Whatley and Ms. Miller for their leadership in continuing the legacy of Varsity Ensemble qualifying for Ohio Music Education Association (OMEA) state level competition on March 10. The Winton Woods Varsity Ensemble, the high school's premier choir, is in its 45th straight year of receiving an overall superior rating at the district level. On March 10 the Varsity Ensemble received all superiors, the highest score possible.

Special Recognition

The Winton Woods Board of Education commends Mr. Morales-Torres on his selection as a clinician for the 2017 Ohio Music Educators Association Conference, which took place in Cleveland, Ohio, from January 31- February 4.

SUMMER SCHOOL PROGRAMS 2017

3rd GRADE READING GUARANTEE SESSION

The class is designed for students who may be retained unless they successfully complete the requirements of the 3rd Grade Reading Guarantee. Strategies will focus on increasing reading skills above minimum expectations. Students will work to build their fluency and comprehension skills to become proficient readers. The session will be taught by highly qualified reading teachers.

Students in this session will be prepared to successfully meet the 3rd Grade Reading Guarantee requirements. All students are required to take the Ohio State test in Reading and will also have an *additional* opportunity to meet the requirements of the 3rd Grade Reading Guarantee via the **MAP (Measures of Academic Progress) Test**. This test is a qualifying test to meet the requirements of the 3rd Grade Reading Guarantee.

The MAP Test will be given Monday, July 10. The Ohio State Reading test will be given on Tuesday, July 11.

Students in the program are expected to take both assessments.

ENGLISH as a SECOND LANGUAGE

This program is open to students in grades K-10.

The goal of the program is to continue making academic progress for ESL students by providing sufficient time and practice in acquiring vocabulary, reading comprehension, and social adjustment strategies. Students will work to strengthen skills in identified areas:

- Listening, speaking, reading, and writing using academic language, content vocabulary, and spoken and written communication
- Distinguishing between important and unimportant text, details, and events
- Responding orally and in writing to texts
- Using English-Spanish cognates (for Spanish-speaking ELLs)

INTRODUCTION TO ALGEBRA

This course is ***designed for incoming 9th Grade students ONLY***, is to prepare students for a successful Algebra I experience by exposing them to new and deeper learning experiences with solving multi-step equations, modeling, graphing and solving linear and quadratic equations. Students are expected to take the Iowa Algebra Aptitude Test prior to the end of the course to demonstrate academic growth within algebra.

Investigations 3

Mathematics Textbook Adoption

Teaching and Learning requests to adopt the curriculum series, *Investigations 3 in Number, Data and Space*, published by Pearson, 2017, for grades Kindergarten through Grade 5. This is the third iteration of the curriculum the district has previously purchased and is focused, coherent and aligned to the Ohio Learning Standards. It addresses deep conceptual learning and student critical thinking and problem solving skills. It was developed by The Education Research Collaborative (TERC), an independent research company whose mission is to improve mathematics and science education, and funded by the National Science Foundation (NSF). The problems allow for teachers to provide deeper learning experiences to all students. It also provides support in designing those deeper learning experiences and creating more equitable learning environments. It provides opportunities for multiple forms of assessment and differentiation for our students. As an inquiry-based curriculum, it is also aligned with problem-based learning within our district. This curriculum is a great resource for teachers to create rich meaningful problems that allow our students to see the creativity and beauty in mathematics.

Principal	Eric Martin 	WWHS	4/13/17
Department Facilitator	Carol Becci-Youngs Nicole Williford  	WWHS	4/13/17

Procedure

1. Complete the *New Course Approval Request Form*. Be sure that all signatures are obtained and that forms are filled out completely.
2. Submit the proposal to Building Principal.
3. Principal will review the proposal with appropriate advisory staff and committees.
4. Building Principal will submit course proposal to district leadership team.
5. Once finalized, the course will be submitted to the Board of Education for approval.

This Application Must Be Turned In To The Building Principal

COURSE OUTLINE

Course Title: The Art of Geometry

School: WWHS

Grade Level (s): 9-10
Year

Length of Course: Full Academic

Department: Math/Fine Arts

Credits: 2.0

Course Rationale: Write a brief description of the proposed course and why this course is necessary for Winton Woods City Schools to consider. Include the potential benefit to Winton Woods' students and how this will increase student achievement.

All geometric figures and calculations are the basis of all drawing and construction, which makes the unity of these two classes a perfect fit with practical application of both disciplines. For example, Linear Perspective, enlargements, face, body and object proportion, sculpture construction in any form, all use geometry as its base. The class would be two bells and first semester would be Geometry Intro 1 and the second semester would be Geometry Intro 2. The foundations that are taught throughout this course will provide the students critical thinking and problem solving that will be used throughout their artworks and geometry.

Course Description: Write a paragraph which describes the content of the course, including course length, focus, and goals. **This paragraph will be used in the program of studies if approved.**

This class is a combination of art and geometry where you will use geometric calculations and theorems to build and create works of art. The geometry in the course will include an in depth analysis of plane, solid, and coordinate geometry as they relate to both abstract mathematical concepts as well as real-world problem situations. Topics include logic and proof, parallel lines and polygons, perimeter and area, volume and surface area, similarity and congruence, and trigonometry. As you learn the geometric terms, and calculations you will create art projects like perspective drawing, radial, kaleidoscope designs, fractals, symmetry (in two and three dimensions) and scale drawings, 3-d construction like bridges, buildings, kinetic sculpture, deconstructivism, jewelery, etc., while learning geometry and discovering how it is used in the creation of everyday objects, architecture, etc.,

NATIONAL TEACHER APPRECIATION WEEK
May 1-5, 2017

WHEREAS, the week of May 1-5, 2017, is National Teacher Appreciation Week; and,

WHEREAS, public schools have been the gateway to success for every generation of Americans, and

WHEREAS, a strong, effective system of public school education for all children and youth is essential to our democratic system of government; and,

WHEREAS, public schools are at work shaping the future for a whole new generation of young Americans who will take their places in education, business, industry, and government, and;

WHEREAS, no other profession has so great an opportunity to make a lasting and life-changing impact on the lives of so many; and,

WHEREAS, teachers empower, inform, teach, enlighten, share, enrich, create, motivate, mentor, and touch the minds of those students they are entrusted with, and;

WHEREAS, it is appropriate for the Winton Woods City School District to pay tribute to the teaching profession as a whole and to recognize teachers for their dedication and for their commitment to challenge and educate the youth of our schools and community,

THEREFORE, be it resolved that the Winton Woods City Schools Board of Education formally designates the week of May 1-5, 2017, as National Teacher Appreciation Week.

ADOPTED this 24th day of April, 2017
