<p>Practise your number bonds to 10 to help with addition and subtraction in class. M&N YouTube Can you challenge yourself and practise your number bonds to 20? M&N YouTube 1</p> 	<p>Read all six sets of the flower tricky words. Rehearse the set you are currently on & each day learn to read one new word. Always begin reading the words you know to make sure you don't forget them & then practise a new word. Read words using the phase that your child is currently learning in school. This could be phase 2,3,4,5 or 6. Use this link to help you. https://www.phonicsplay.co.uk/</p>	<p>Make a Christmas star and on it write a Christmas wish. It could be a wish for yourself, a member of your family, or something completely different. Bring your star in so that we can display it on our Christmas tree in class.</p> 	<p>Wolves often live in a pack and work as a team. They are very good at looking after each other. Can you find out some facts about wolves? Where do they live? What do they eat? What features do they have? How do they live? Which wolf is in charge? How do they work as a team? Use the link below to help https://kids.nationalgeographic.com/animals/mammals/facts/gray-wolf</p>
