**RE: Guardian/Parent/Staff Notification
Hazardous Material Removal-New London High School
New London, Connecticut**

Dear Concerned Parties:

New London High School, located at 490 Jefferson Avenue in the City of New London, is undergoing renovations. Stage 2- of the project will be underway in the Summer of 2021 and abatement is required.

The intent of this letter is to inform you of the project to remove asbestos and PCB containing materials. The multiple phase project (asbestos abatement) is expected to start on June 23, 2021 and is expected to be completed by August 15, 2021.

The extent of the abatement in the Summer of 2021 consists of the removal of the following materials: (Administration Building/Classroom)

- Caulking and glazing compounds
- Floor tile and associated mastics
- Adhesives, Glue daubs, duct pin glue
- Base-cove, and pipe insulation and mudded fittings

The abatement will be performed by a State-licensed asbestos abatement contractor, (to be determined) under contract with the City of New London. The project will be monitored continuously by Fuss & O'Neill Inc., an independent environmental consultant. The monitoring includes, but is not limited to, pre-work inspection, inspection and air sampling during the abatement process, and final visual inspection.

As required by the State of Connecticut Department of Public Health, this notification is being sent to all parents and guardians of the children/students, faculty, and staff of New London High School. Any questions about the project can be directed to Cynthia Ritchie, Superintendent, at 860-447-6000.
