Board of Education meetings, while held primarily in a public setting, are not designed for extensive public input. Per Board Policy, each participant is limited to five (5) minutes of speaking time.

Anyone having an interest in the actions of the Board may participate during the open forum portion of the meeting. Please identify yourself to the Board President or the Superintendent prior to the start of the meeting. Should your comments include a request for information or extended dialogue, it may be necessary and more appropriate that a subsequent meeting with the Board and/or Administrative representative be scheduled to fully discuss issues.

The public may offer objective criticism of school operations and programs, but the Board will not hear complaints about school personnel or other persons at a public session. The Superintendent will advise speakers about other channels provided for Board consideration of complaints involving individuals.
