Resolution – New RHS and New BES Building Projects Revere Local Schools

August 29, 2017

It is recommended that the Board of Education approve a resolution to retain and contract separately with CCG Automation, Inc. (CCG) as a separate consultant for the review of the Design and Construction Documents related to the mechanical systems, energy efficiency, commissioning and compliance with the Energy Star requirements and goal, for related services pertaining to the attainment of the Energy Star score, and as a separate contractor for installation of the temperature control system. The Construction Manager shall perform and coordinate its responsibilities and services in cooperation with the Owner, Architect, CCG, and the Owner's key personnel for the Project.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding ("MOU") is entered into by, between and on behalf of the Revere Local School District Board of Education ("Board") and the Revere Education Association ("REA") on this 29th day of August, 2017.

Members of the bargaining unit represented by REA have been able to enroll their children tuition-free in the Revere Local School District by virtue of Section 6.08 of the collective bargaining agreement ("CBA") between the Board and REA.

Some members of the REA bargaining unit have requested that their children be afforded intra-district transportation services to and/or from the school of attendance and a location within the geographical boundaries of the Revere Local School District.

The parties agree that this benefit shall be created subject to the following conditions:

1. The student in question must be admitted to the Revere Local School District in accordance with the provisions of Section 6.08 of the CBA.
2. The parent must provide Administration of the Revere Local School District, prior to the beginning of the academic school year, with the name of the student, the school attended by the student, the Revere Local School District location requested, the days of the week (if applicable) the transportation is requested and whether the transportation is for pick-up, drop-off or both.
3. The Administration shall establish from year to year the deadline for the submission of such requests.
4. Within seven (7) calendar days, the Administration shall advise the requesting parent whether the request is granted.
5. The requested pick-up and/or drop-off location must be along an established Revere Local School District bus route and the student's transportation cannot over crowd a bus.
6. Once a request is granted, there can be no deviations from the transportation arrangement except by express direction of the Superintendent, in writing.
