

**Memorandum of Understanding
Between the Board of Education and Employee David Forrest
September 20, 2016**

There are significant financial challenges facing the District in both the near term and long term including but not limited to the sale & issuance of financing bonds along with the fiscal management & accounting for future, major building construction projects. It therefore makes sense that organizationally, the District be restructured administratively to be as efficient as possible.

With the above goal in mind, it is mutually agreed upon between the Board of Education and Mr. David Forrest, that Mr. Forrest will transition to the sole position of Chief Financial Officer/Treasurer and will relinquish his oversight responsibilities as the Chief Operations Officer, responsible for Food Service, Transportation, Facilities and Technology.

This change in responsibilities shall be effective as of this date.
