After the motion and second, but prior to the vote, the Board had an extensive discussion. The discussion centered around a number of issues and ultimately whether or not the sale price was appropriate or too low. Factors or questions introduced in this discussion were as follows: the difference between the original purchase price and current sale price, the change in value of the property over time, the need to recapture the money invested in the athletic fields, the current market appraisal, the question as to whether or not the market will rebound in the near term, and are there alternative means to recovering the Board's investment in the property such as subdividing the parcel. Dear Mr. Fry:

In our routine evaluation of the books in Bath School Library we have found many that need to be discarded. Most of these books are in a condition that is beyond repair and/or are completely outdated and need to be replaced.

We recommend that you advise the board to discard the books on the attached list.

Please forward this request, with your approval noted, to Mr. Forrest, so that we may proceed.

Thank you,

AGREEMENT FOR SERVICES – FY2014

This agreement made this 7th day of June, 2013, between ***AdTec Administrative & Technical Consulting, Inc.*** ("Contractor"), and **Revere Local School District** of Bath, Ohio ("School").
(City) (State)

1. SERVICE PURCHASED. For value received and other consideration, the Contractor agrees with the School to provide the School the following service in accordance with the terms and conditions of this Agreement:

Description

This agreement grants Contractor with authority to collect data required to file FCC Forms 470, 471, 486, and 472 (BEAR) to obtain Universal Service discounts on all E-Rate eligible Telecommunications Services, Internet Access, Internal Connections and/or Basic Maintenance of Internal Connections, as defined in the Telecommunications Act of 1996 (as amended), and to file said form(s) with the Schools and Libraries Division (SLD) in a timely manner for **Funding Year 2014 (FY2014.17)**. Said forms will set forth the telecommunications services, internet access, internal connections and/or basic maintenance of internal connections projects the School wishes to pursue in **FY2014** of the Universal Service funding cycle (**July 1, 2014 to June 30, 2015**). This agreement further grants Contractor with authority to represent the School with the SLD by responding to all inquiries concerning forms filed. Contractor shall endeavor to keep School informed of the known progress of the filings. Contractor shall know and understand School's technology plan, and how filing should occur to insure that filing maximizes School's discounts as plan is implemented. School will inform Contractor of the services it wishes to secure in the filing period via e-mail, FAX, US Mail, or by other agreed means.

School shall provide via e-mail, FAX, US Mail, or by other agreed means, information and other data required to complete the filings in order to recover any funds that the School is entitled to receive. This shall include, but not be limited to, copies of previous USF filings; names of telecommunications providers, billing account numbers, telephone numbers associated with the services, copies of appropriate bills, and copies of pertinent contracts. In addition, School shall sign and return, in a timely manner, forms to be filed, and communicate with the Contractor any contemplated changes or additions in service. School shall provide to Contractor a copy of any correspondence received from the SLD. At the conclusion of the funding year and in the event School has not provided evidence of bills paid after 60 days, Contractor will file BEAR forms to recover discounts based on any limited information Contractor has in the School's records.

Relative to the Form 470, the School shall keep a log of vendor responses to the 470 and any data provided to the inquiring vendor. School shall keep a record of any data related to the vendor selection including how selection was made. Materials from unsuccessful vendors shall also be retained for audit purposes. Any such materials received by Contractor shall be forwarded to the School.

Relative to filing of Form 471, for any service to be purchased which is applicable to e-rate discounts, School shall provide the name of the vendor selected to provide that service, as well as the projected cost of such service and an address or telephone number for that

service provider. School shall declare these items on or before **January 5, 2014** if 28 days has elapsed after Contractor has filed FCC Form 470.

2. PRODUCT STANDARDS. Contractor shall collect the required data, complete, and file the necessary forms to provide the greatest possible success (timely filing to coincide with the USF "window") for the School. Contractor shall further utilize its best efforts to know and understand any amendments to the filing process, and to advise the School of any new or additional possible discounts on services.

3. TITLE. All forms, filings, support documents, etc., shall be held by the Contractor in order to manage the process, but will remain the property of the School. Contractor shall deliver said materials to the School if and when required by the School, but no later than after three years or the close out of all activities of the funding cycle. Material shall be retained for five (5) years for audit purposes.

4. PAYMENT. Contractor shall file, at School's option, for Priority One or Priority One and Two services on behalf of School. Payment shall be made by School to Contractor upon receipt of Contractor's invoice. An invoice shall be issued following the filing of the 470, following the filing of the 471, and a final invoice after the filing of the 486, and 472 (BEAR) forms.

The Fee Schedule for Priority One Services is included on Page 4 of the Agreement. For schools desiring the filing of Priority Two Services an Addendum to the Agreement is required and there is additional cost. (Contact your AdTec representative for the Priority Two Addendum and Fee Structure.)

5. DELIVERY. Time is of the essence in the performance of this Contract. Filing shall comply with the schedule established by the SLD for **FY2014**. The forms 486 and 472 (BEAR) or requests for discounted bills for **FY2014** will be filed upon receipt of the funding commitment decision letter (FCDL) from the SLD and satisfactory installation of all systems and services, but not prior to **July 1, 2014**.

(Exception: Under existing regulations, the FCC Form 486 may be filed early under certain circumstances.)

6. WARRANTIES. Contractor warrants to School that the filing will conform to the requirements of filing by the SLD.

7. TERMINATION. It is agreed that in case of a material breach (violation) by either party of any of the provisions contained in this Contract, the other party shall have the right to terminate this Contract at its option. Contractor shall be paid for any partial filing made on behalf of School. The Contract is for a specified period to file for USF discounts in **FY2014**. Contractor and School may wish to extend this contract into the next funding cycle, but such extension will be noted in writing, with the extension under the same or amended terms as agreed to by the parties.

8. FORCE MAJEURE. If performance of this Contract, or any obligation under this Contract, is prevented, restricted, or interfered with by causes beyond either party's reasonable control ("Force Majeure"), and if the party unable to carry out its obligations gives the other party prompt written notice of such event, then the obligations of the party invoking this provision shall be suspended to the extent necessary by such event. The term "Force Majeure" shall include, without limitation, acts of God, fire, explosion, vandalism, storm or other similar occurrence, orders or acts of military or civil authority, or by national emergencies, insurrections, riots, and wars.

The excused party shall use reasonable efforts under the circumstances to avoid or remove such causes of non-performance and shall proceed to perform with reasonable dispatch whenever such causes are removed or ceased.

9. CONFIDENTIALITY. Both parties acknowledge that during the course of this Contract, each may obtain confidential information regarding the other party's business. To the extent permitted by law, both parties agree to treat all such information and the terms of this Contract as confidential, and to take all reasonable precautions against disclosure of such information to unauthorized third parties during and after the term of this Contract. Information will be released to the SLD for filing purposes, and on specified occasion, certain necessary information will be released to qualified vendors in order to obtain the services the School is seeking where a form 470 is filed. Upon request by an owner, all documents relating to the confidential information will be returned to such owner.

10. ASSIGNMENT. It is agreed by the parties that there will be no assignment or transfer of this Contract, nor any interest in this Contract.

11. ENTIRE CONTRACT. This Contract contains the entire agreement of the parties, and there are no other promises or conditions in any other agreement whether oral or written. This Contract supersedes any prior written or oral agreements between the parties.

12. AMENDMENT. This Contract may be modified or amended if the amendment is made in writing and is signed by both parties.

13. SEVERABILITY. If any provision of this Contract shall be held to be invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable. If a court finds that any provision of this Contract is invalid or unenforceable, but that by limiting such provision, it would become valid and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.

14. WAIVER OF CONTRACTUAL RIGHT. The failure of either party to enforce any provision of this Contract shall not be construed as a waiver or limitation of that party's right to subsequently enforce and compel strict compliance with every provision of this Contract.

15. LIABILITY. In the event of an error or omission on the part of the Contractor, the Contractor shall immediately work to remedy the error or omission. In the event said error or omission cannot be corrected to the satisfaction of the School, and the Contractor is found to be liable for the error or omission, the limit of any determined liability shall not exceed the fee set out in this agreement and/or paid by the School.

16. APPLICABLE LAW.

E-Verify. AdTec, Inc. shall comply with E-Verify requirements in accordance under the Immigration Reform and Control Act of 1986 (P.L. 99-603). AdTec's e-Verify Company Number is 423339.

Iran Investments: AdTec, Inc. certifies that AdTec, Inc. is not engaged in any investments activities in Iran.

The laws of the State of Ohio shall govern this Contract.

The parties have executed this Contract at Bath, Ohio
City State
on the day and year above written.

Re: NOTA Fees for 2013-14 School Year and WVIZ PD Opportunities

The NOTA fee for the 2013-14 school year will remain at \$417.00 per month (\$5,000 annual payment). The Executive Committee confirmed retaining the current fee structure at their March meeting. Schools are welcome to pay the monthly fee of \$417.00 or a one-time payment of \$5,000. Invoices will be sent on a monthly basis beginning in June with the invoice for the July fee.

Attached is a copy of the NOTA Agreement which speaks to your district participating in NOTA and a special WVIZ Professional Development Program Plan. I would appreciate your assistance in processing the NOTA portion of the agreement (page 2) and returning it to my office by June 1.

As you begin to plan for next year's staff inservice programs, please keep in mind the WVIZ Professional Development Plan. Participating in our PD program will provide your District with complementary registrations to our November 2013 ideastream Teaching+Learning Conference. If you are interested in WVIZ providing your District with PD workshops, please select the option, on page 2, that will best meet your district's needs, throughout the school year, and return to Greg Wasil at: greg.wasil@ideastream.org by August 1.

Please contact me at 216-916-6360 if you have any questions.

Thank you.

**INVENTORIES
(FIXED ASSETS)**

The Board of Education is charged with the stewardship of the assets and property of the School District. The Board is charged with maintaining accurate asset records to provide for the replacement of property in the event of a loss. As a result, a record of the assets and property of the School District is to be maintained.

An inventory of the fixed assets and property of the district is to be conducted or updated annually. The records are to be maintained in a manner consistent with providing documentation necessary for insurance purposes and for the preparation of financial statements in accordance with Generally Accepted Accounting Principles (GAAP).

For purposes of preparing financial statements in accordance with GAAP, the capitalization threshold shall be \$5,000 and have a useful life of not less than five (5) years. Lower thresholds will be put into effect when required by federal program guidelines. The Treasurer has the authority to require less valuable assets prone to theft or other forms of loss to be recorded for control purposes. The Treasurer also has the discretion to group less valuable assets into one unit to meet the standards described above, but is not required to do so.

Fixed assets are to be valued at historical cost OR, if that amount is not practicably determinable, at estimated historical cost. Historical cost is the amount of resources spent to purchase or construct the asset. Historical costs include ancillary charges necessary to place the asset into its intended location and condition for use. Ancillary charges include costs that are directly attributable to asset acquisition such as freight charges, site preparation charges and professional fees. If the estimated historical cost method is used, the Treasurer shall establish that cost. Donated fixed assets are valued at the estimated fair value at the time of acquisition.

Any item recorded on the property inventory of this School District must be recommended to the Treasurer for disposal, except if destroyed or otherwise made nonfunctional by casualty. Items destroyed by casualty must be reported to the Treasurer immediately upon the casualty occurrence for inventory removal and insurance purposes.

Building repairs and maintenance, including the physical replacement of portions of a building and related equipment shall be considered to maintain rather than extend the originally estimated useful life of the building, and therefore should be treated as a repair and not an improvement which represents additional value. Examples of this provision of the capital asset policy would include and not be limited to new entrance doors, windows or roofs. These type of costs should not be capitalized since they do not lengthen the building's originally estimated total useful life.

The Treasurer shall coordinate and maintain the fixed asset and property inventory. Treasurer may at any time, with or without notice to other employees, conduct a spot check of the fixed assets and property inventory of the district to ensure that assets are properly accounted for, protected and maintained. The Treasurer may obtain the assistance of an outside professional inventory company to maintain a viable fixed asset and property inventory system.

Fixed assets shall be classified as follows with the following useful lives:

- Land and Improvements (10 - 50 years)
- Buildings (25 - 50 years)
- Furniture and Equipment (5- 20 years)
- Vehicles (5 - 20 years)
