

Revere Local Schools  
Superintendent's Column 8.15.22

Welcome to the 2022-2023 school year!

As the new school year begins, it is always heartwarming to welcome back our incredibly talented and dedicated employees; all 320 of them. It is also so very exciting to welcome our new hires and spend time with them during onboarding, mentoring, and new teacher orientation.

This year, we welcome a very talented group of professionals, bringing to Revere a variety of experiences, talents, and skills. We even have two Revere alumni who are returning "home" as Minutemen!
