**PLEASE COMPLETE SECTION BELOW FOR STUDENT PERMISSION TO CARRY INHALER**

**\*\*\*\*\*SELF-MEDICATION FOR ASTHMA INHALERS\*\*\*\*\*  
Authorization (In accordance with ORC 3313.716/3313.14)**

**Who keeps the bronchodilator inhaler at school?**

School policy restricting possession of medication by students is insufficient grounds for preventing students with sufficient maturity from retaining possession of their bronchodilator inhaler. Such policies, when enforced, delay appropriate treatment and restrict activities unnecessarily. The decision regarding sufficient maturity of the student to be responsible for appropriate inhaler use is an individual one to be made by the parents in consultation with their physician. The inhalers pose no abuse potential or other danger to classmates. While restrictions on bronchodilator inhaler possession may be necessary for the youngest students, it constitutes unreasonable interference with the student's medical care for school personnel to unilaterally restrict possession of bronchodilator inhalers by students judged by parents and physician to have sufficient maturity to use the device appropriately. Possession of the bronchodilator inhaler by the student also promotes earlier use that decreases the risk of requiring emergency care from rapidly progressive asthma, which on rare occasion can cause hypoxia, brain damage, and death. Discussion among parents, physician, and school personnel can determine whether school-supervised administration would improve or deter compliance.

\_\_\_\_\_ Please check if STUDENT is permitted by healthcare provider to CARRY an inhaler and SELF-MEDICATE at school.

**Student Agreement and Signature:**

I, \_\_\_\_\_, agree that I will:

Never allow another student to use my medication.

Keep my medication with me at all times.

Go to the School Clinic, accompanied by someone, when I used my rescue inhaler and continue to have symptoms.

Follow school policy and my medical provider's instructions as outlined in my Asthma Medication Plan.
