SUPERINTENDENT'S CORNER

BY KATIE RUSSELL

Welcome to the 2022/23 school year. We are off to a great start and our staff is excited about the learning, memories and experiences we will have together. During the first three days I was able to visit each of our 25 campuses and I have to say, the excitement of starting a new school year never gets old. It warms my heart to see parents dropping off their children to learn and grow, teachers welcoming them into their classrooms, and hundreds of support staff stepping in to help wherever needed. It is a privilege to serve as your P-BVUSD Superintendent and I am looking forward to an awesome year.

FIRST DAY OF SCHOOL

The first day of school was filled with smiles and joy as we welcomed back our 18,700 students.

STAFF SHOUT-OUT

One of our ELO-P/ACES (Expanded Learning Opportunity Program/All Children Excel in School) Program Managers, Liz Caro, was recognized as the 2022 Expanded Learning Professional of the Year. She was awarded by Dr. Mary Barlow of the Kern County Superintendent of Schools after being nominated by her peers. Liz works at Thompson JHS and school administrators say "We are so proud of her. She has done amazing things for our school!"

PARENT UNIVERSITY CLASSES

Be on the lookout for full details and how to register for our next Parent University classes. In October, we are offering the following 4-week courses:

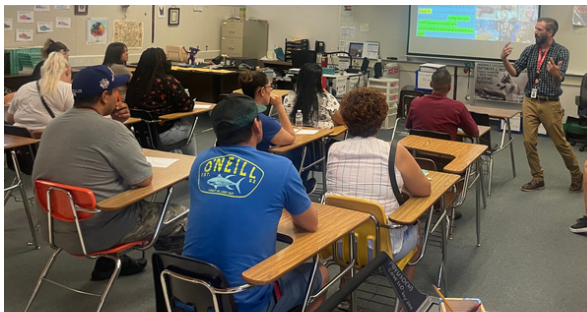

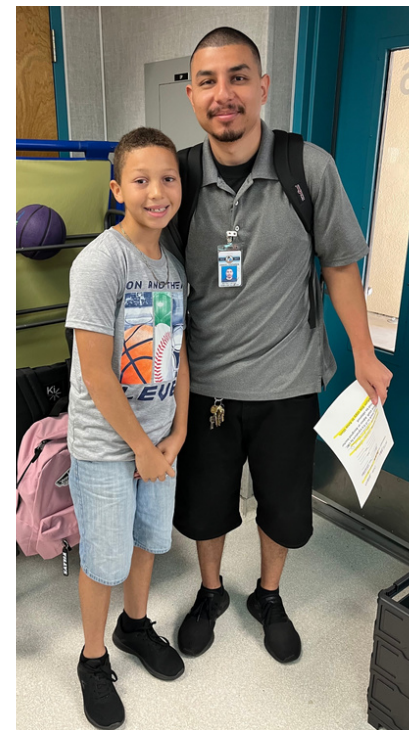

- Social/Emotional Learning
- English Conversation 1
- Spanish Conversation 1

More information will be posted to ParentSquare and our website soon.

BACK TO SCHOOL NIGHT - JUNIOR HIGHS

Back to School Night is Thursday, September 8th for elementary schools! Check ParentSquare for times.

Daniel Esparza from IT was recently at McAuliffe Elementary helping with some tech issues. One of our students was so excited when he saw Daniel had the same shoes as him. Sometimes it's the little things that make our day!
