To provide positive input into administrative, organizational, and curricular changes, Administrators shall receive prior notice and have the opportunity to provide critical input into administrative, organization and curricular changes.

2. Teacher Selection. The recruitment, interviewing, and selection of new staff members shall be the joint responsibility of principals and Central Administration. Under normal circumstances, staff members shall be selected for employment after consultation with the principal. Nothing contained herein is intended to abrogate the statutory duties and rights and responsibilities of the Board as set forth by law.

3. Assignment of Personnel. The assignment of administrative personnel is at the discretion of the board and the Superintendent. #### **ARTICLE 4**

1. Full year administrators shall be employed on an annual basis, July 1, through June 30, and shall provide professional services as required herein. In the event an Administrator's employment with the District begins or terminates during the period in which he or she is required to provide professional service, then the Administrator's salary shall be prorated by multiplying his or her annual salary by a fraction whose numerator

shall be the number of days employed, and whose denominator shall be two hundred and forty (240). Paid vacation, where applicable, shall be prorated in the same manner.

Administrators hired after July 1, 2001, shall start the year with 16 vacation days. The balance of the vacation days shall accrue monthly. However, if the monthly accrued vacation days [as opposed to the starting 16] are not used they will be carried over, and if not subsequently taken, are subject to payment upon separation from employment. If an Administrator commences employment after July 1, the aforesaid vacation days shall be prorated. An Administrator has the option of utilizing the excess days pursuant to Article 4(2).

2. Required professional services.

Fifty-two weeks, exclusive of legal holidays—inclusive of 20 days paid vacation to be taken when practical during non-instructional periods. Vacations are arranged at the discretion of the Superintendent. Said discretion includes, but is not limited to, establishing a vacation blackout period wherein no administrators will be permitted to take vacation during the last ten (10) working days prior to the start of the school year for students. Vacation is payable at the rate applicable during the period the vacation is taken.

All administrators shall not be required to report to work during school recess periods during the school year (i.e., winter, mid-winter and spring recess periods.)

Administrators are encouraged to use vacation days each year. However, if not used, the District will buy back up to five (5) unused vacation days annually, at the unit member's per diem rate in effect for the school year in which said days were accrued and/or granted.

Additionally, if the Superintendent believes it warranted by the needs of the District, he/she may approve the carryover of an additional five unused vacation days. Such approval should be in writing.

3. Salaries

A. The Board of Education shall review salaries annually of the various District Administrators covered by this contract, as well as salaries for similar positions in comparable districts to determine, in its sole discretion, whether an increase in the base salary for a specific individual administrator is appropriate. Prior to any final determination to increase salaries, the District shall consult with the Association. The Association recognizes that the ultimate decision regarding such salary increases rests with the Board of Education. Any increase will be effective in the following school year and will be made part of the individual administrator's base salary.

B. Salaries are to be increased as follows:

July 1, 2022	2.0%
July 1, 2023	2.0%
