Hello Ms. Huffstetler-

This is in response to your request regarding the following:

"I also want to know how many students were rezoned from CES to LME when the district rezoned students. I have had conversations of mom's who live on Amicks Ferry rd, and their child was zoned for LME and not CES. This is the type of info that I'm looking for, I hope that this clarifies my inquiry."

The Average Daily Membership (ADM) of schools in District Five are recorded online and can be found here: <https://www.lexrich5.org/Page/15679>

The ADM of Chapin Elementary in 1996-97 was 980. In 1997-98 (when Lake Murray Elementary was opened) was 640. The ADM of Lake Murray Elementary in 1997-98 was 388.

Thank you,
Derek

Hello Ms. Huffstetler-

This is in response to your request submitted June 2, 2017 regarding:

"#1. I am filing a FOIA to find out what other properties the district is currently looking at for an alternative site for an elementary school. I have requested this is writing at 2 board meetings, and have heard nothing. The current FOIA rules dictate that there is as 10 day time limit, so I want access to records of all land the school is currently looking at for a new school.

#2. I want access to all forms and communications. emails and other records the Dist5rict has sent to the SCDOE Office of Facilities, connected to the site of Amicks Ferry Rd."

In response to part one of your request, any information regarding any alternate sites considered and the due diligence on any site is still confidential and remains exempt from disclosure under FOIA.

In response to part two of your request, the district's technology department did an "all search" of district emails to the Department of Education's Office of Facilities and resulted in no emails.

Thank you,
Derek
