Language grant - hoping to incorporate more at student groups in addition to the 2 schools who currently have a language program.

What are ways we could make our schools more welcoming? Study groups or study buddies
Title 3 is offering tier 1 support at one school, Non academic clubs for afterschool, weaving with Laura,

Students could create posters to educate others at their school about important cultural history or events, Orange shirt day, help educate staff and encourage them to recognize issues and bring awareness to them, Topic to discuss - Fish wars, Challenge finding advisors for cultural clubs,

What are some student supports you feel are needed?

What cultural or traditional teaching would you like to see taught with our students?

Etiquette around eating: "Feed the people" blessing, serving elders first, eating foods in order that they are harvested, weaving tule mats, when food is harvested how do we share it, how do thank and respect the plants and animals that we eat, trying everything and being polite, working together as a community to provide for all and share responsibility

Idea - contact Native student groups at colleges and ask about opportunities for outreach with high school or middle school students, possibility of mentors or coaches
