Trio Upward Bound

This program will be introduced to all 8th grade students in December during their week-long career unit in social studies class. Upward Bound helps students gain the skills they need to succeed in high school and college. It is open to all first-generation college students, who meet income eligibility requirements or would benefit from academic support. Additionally, students gain important skills that will help them throughout their lives (e.g. organization, time management, networking). Applications will be provided in December.
