This club is for anyone who wants to learn more about our school motto, Ad Lucem, and what it represents to our school. We will devise ways to promote the logo around the campus and to help our student body understand its value and significance. In addition, since a very prestigious award is given each year during graduation, this club will serve as a vehicle to bring more attention and awareness to both the student body and faculty.

## **ANIMAL WELFARE CLUB**

ADVISOR: Beth Howe and Lisa Forte-Doyle

WHEN WE MEET: Day 5, during Jawsome A in A163 (Ms. Howe's room) - After school meetings will be determined by the majority of the club members

This club was established at Chatham High School in 2007 and has donated considerable funds to furnish a safe and comfortable place for stray, abused, or injured animals that are taken in by the Animal Control Officers and shelters around the Cape. Along with helping local animals in Chatham and Harwich, this club has donated thousands of dollars over the years to other nearby animal causes and rescues such as International Fund for Animal Welfare (IFAW), New England Society for Abandoned Animals (NESAA), Massachusetts Society for the Prevention of Cruelty to Animals (MSPCA), The Animal Rescue League of Boston (ARL), Wild Care of Cape Cod, Eastham, Sampson Fund for Animals, and many others! In 2012 our club was presented a prestigious "Animal Action Award" by the International Fund for Animal Welfare. This club meets about 3-4 times per month. Some of our activities vary each year. We also learn about animal issues around the world from guest speakers and zoom talks. NEW MEMBERS ARE ALWAYS WELCOME!

## **ART CLUB**

It promotes imagination, creativity, and art production. Our hope for the club is to not only engage and encourage students to let their artistic side out, but also disconnect. Given the amount of technology these days, we forget how beautiful the place we live is. We hope to do outings at least once a month all around Cape Cod's beautiful National Seashores and more! You do not need to have any prior experience to join the Art Club. This is an excellent opportunity for students to learn about different art techniques, socialize with peers, and have a ton of fun!

## **MOCK TRIAL TEAM**

ADVISOR: Mr. Bates

WHEN WE MEET: Every Thursday after school with more frequent meetings to be scheduled as we move closer to our trial schedule.

The mock trial team recently completed its nineteenth year of participation in the Massachusetts Bar Association's High School Mock Trial Program. The program, now in its 38th year, provides Monomoy students with the opportunity to compete against approximately 135 teams from across the state. Schools are placed into one of 32 geographic regions and compete in three preliminary rounds within their region where teams alternate between arguing the prosecution/plaintiff and defense sides of that year's assigned case. During the trials, students assume the roles of attorneys and witnesses and their performances are scored by the trial judge. Based on a team's performance in the preliminary rounds, a winner for each region is determined and the winning teams move on to the championship rounds where an eventual state champion is crowned. Preparation for the competition begins in early November when the case materials are released by the Massachusetts Bar Association. The first trials begin in late January and generally extend into late February, but may go into late March depending on the success of the team. We generally hold an introductory meeting in mid-September and begin our regular weekly meetings in early November. As we move closer to the actual trials, additional meetings are usually scheduled to aid in our trial preparation. We are assisted in our trial preparation by our attorney coach, local attorney Mark Russell. If you have any questions regarding the mock trial team, please see teacher-coach Mr. Bates in room A236.

WHEN WE MEET: Meetings are held in the auditorium one early-release Wednesday per month at 8:10 AM and members will be notified ahead of time. Officers will meet an additional morning each month on a mutually agreed upon date.

As stated in the NHS Handbook, "When the National Honor Society was established by the National Association for Secondary School Principals (NASSP) in 1921, the principals involved hoped to create an organization that would recognize and encourage academic achievement while also developing other characteristics essential to citizens in a

democracy. These ideals of scholarship, service, leadership, and character remain as relevant today as they were in 1921. In fact, as we prepare future leaders for global citizenship, the opportunity to support these ideals becomes even more important. Membership in NHS is both an honor and a commitment. It is this commitment that has helped shape the Honor Society's reputation for excellence, making it a valued asset among administrators, faculty members, students, parents, and communities."

The Monomoy Regional High School chapter of the National Honor Society consists of students in grades 11 and 12 who have been invited to apply for membership based on their outstanding academic achievement and whose applications have been thoroughly considered based upon the pillars of scholarship, service, leadership and character.

In addition, tutors are able to determine when they wish to meet, and the advisors will help facilitate a mutually agreed upon meeting time either before or after school, during Jawsome, or during a seminar block.
