- In 1968, Royalwood Elementary was constructed on 11 acres donated to the district by Mr. Goldson, the original developer of the Royalwood Subdivision. At that time, the combined enrollment of Royalwood Elementary and Sheldon Elementary was 1,121 students. A gym was added in 1985. Royalwood saw classroom additions in 1970, 1990 and 1999. In 2003, it gained a new cafeteria, office renovation and more classrooms.
 - In 1971 the JH Crenshaw Memorial Stadium was constructed between C.E. King Jr. High and C.E. King High School.
 - In 1972 Parkway Elementary opened next door to the High School on 10 acres donated to the district by the Parkway Subdivision. That campus later closed, became the KHS Annex and is still utilized.

Employment After Retirement

Policy DC

Individuals receiving retirement benefits from the Teacher Retirement System (TRS) may be employed in certain circumstances on a full- or part-time basis without affecting their benefits, according to TRS rules and state law. Detailed information about employment after retirement is available in the TRS publication *Employment After Retirement*. Contract and Noncontract Employment

Policy DC series

State law requires the district to employ all full-time professional employees in positions requiring a certificate from the State Board for Educator Certification (SBEC) and nurses under probationary, term, or continuing contracts. Employees in all other positions are employed at-will or by a contract that is not subject to the procedures for nonrenewal or termination under Chapter 21 of the Texas Education Code. The paragraphs that follow provide a general description of the employment arrangements used by the district.

Probationary Contracts. Nurses and full-time professional employees new to the district and employed in positions requiring SBEC certification must receive a probationary contract during their first year of employment. Former employees who are hired after a two-year lapse in district employment or employees who move to a position requiring a new class of certification may also be employed by probationary contract. Probationary contracts are one-year contracts. The probationary period for those who have been employed as a teacher in public education for at least five of the eight years preceding employment with the district may not exceed one school year.

For those with less experience, the probationary period will be three school years (i.e., three one-year contracts) with an optional fourth school year if the board determines whether a term or continuing contract should be given.

Term Contracts. Full-time professionals employed in positions requiring certification and nurses will be employed by term contracts after they have successfully completed the

probationary period. The terms and conditions of employment are detailed in the contract and employment policies. All employees will receive a copy of their contract. Employment policies can be accessed online or copies will be provided upon request.

Noncertified Professional and Administrative Employees. Employees in professional and administrative positions that do not require SBEC certification (such as noninstructional administrators) are employed by a one-year or two-year contract that is not subject to the provisions for nonrenewal or termination under the Texas Education Code. All professional personnel must be approved by the school board.

Paraprofessional and Auxiliary Employees. All paraprofessional and auxiliary employees, regardless of certification, are employed at will and not by contract. Employment is not for any specified term and may be terminated at any time by either the employee or the district.

Certification and Licenses

Policies DBA, DF

Professional employees whose positions require SBEC certification or professional license are responsible for taking actions to ensure their credentials do not lapse. Employees must submit documentation to Sheldon ISD in a timely manner showing that they have passed the required certification exam and/or obtained or renewed their credentials. Employees licensed by the Texas Department of Licensing and Regulations (TDLR) must notify Human Resources when there is an action against, or revocation of their license.

A certified employee's contract may be voided without due process and employment terminated if the individual does not hold a valid certificate or fails to fulfill the requirements necessary to renew or extend a temporary certificate, emergency certificate, probationary certificate, or permit. A contract may also be voided if SBEC suspends or revokes certification because of an individual's failure to comply with criminal history background checks. Contact Human Resources if you have any questions regarding certification or licensure requirements.

Recertification of Employment Authorization

Policy DC

At the time of hire all employees must complete the Employment Eligibility Verification Form (Form I-9) and present documents to verify identity and employment authorization. Employees whose immigration status, employment authorization, or employment authorization documents have expired must present new documents that show current employment authorization. Employees should file the necessary application or petition sufficiently in advance to ensure that they maintain continuous employment authorization or valid employment authorization documents. Contact Human Resources if you have any questions regarding reverification of employment authorization.

Searches and Alcohol and Drug Testing

Policy CQ, DHE

No investigatory searches in the workplace including accessing an employee's desk, file cabinets, or work area to obtain information needed for usual business purposes may occur when an employee is unavailable. Therefore, employees are hereby notified that they have no legitimate expectation of privacy in those places. In addition, the district reserves the right to conduct searches when there is reasonable cause to believe a search will uncover evidence of work-related misconduct. Such an investigatory search may include drug and alcohol testing if the suspected violation relates to drug or alcohol use. The district may search the employee, the employee's personal items, and work areas including district-owned technology resources, lockers, and private vehicles parked on district premises or work sites or used in district business.

Employees Required to Have a Commercial Driver's License.

Any employee whose duties require a commercial driver's license (CDL) is subject to drug and alcohol testing. This includes all drivers who operate a motor vehicle designed to transport 16 or more people counting the driver, drivers of large vehicles, or drivers of vehicles used in the transportation of hazardous materials. Teachers, coaches, or other employees who primarily perform duties other than driving are subject to testing requirements if their duties include driving a commercial motor vehicle. Drug testing will be conducted before an individual assumes driving responsibilities. Alcohol and drug tests will be conducted when reasonable suspicion exists, at random, when an employee returns to duty after engaging in prohibited conduct, and as a follow-up measure. Testing may be conducted for the following accidents. Any employee found in violation of the alcohol conduct standards or tested positive for alcohol or drugs will be terminated.

All employees required to have a CDL or who otherwise are subject to alcohol and drug testing will receive a copy of the district's policy, the testing requirements, and detailed information on alcohol and drug abuse and the availability of assistance programs.

District employees approved to drive a noncommercial District vehicle shall be subject to reasonable suspicion drug and alcohol testing as outlined in the Department of Transportation (DOT) rules. Employees with questions or concerns relating to alcohol and drug testing policies and related educational material should contact the Human Resources department.

Health Safety Training

Policies DBA, DMA

Certain employees who are involved in physical activities for students must maintain and submit

to the district proof of current certification or training in first aid, cardiopulmonary resuscitation (CPR), the use of an automated external defibrillator (AED), concussion, and extracurricular athletic activity safety. Certification or documentation of training must be issued by the American Red Cross, the American Heart Association, or another organization that provides equivalent training and certification. Employees subject to this requirement must submit their certification or documentation to the Athletic Director or the Head Nurse by the first day of each semester.

School nurses and employees with regular contact with students must complete a Texas Education Agency approved, online training regarding seizure disorder awareness, recognition, and related first aid.

Reassignments and Transfers

Policy DK

All personnel are subject to assignment and reassignment by the superintendent or designee when the superintendent or designee determines that the assignment or reassignment is in the best interest of the district. Reassignment is a transfer to another position, department, or facility that does not necessitate a change in the employment contract. Campus reassignments must be approved by the principal at the receiving campus except when reassignments are due to enrollment shifts or program changes. Extracurricular or supplemental duty assignments may be reassigned at any time unless an extracurricular or supplemental duty assignment is part of a dual-assignment contract. Employees who object to a reassignment may follow the district process for employee complaints as outlined in this handbook and district policy DGBA (Local).

- The employee Transfer Request form can be found online on the Human Resources Department webpage. As a professional courtesy, please discuss your transfer request with your principal or supervisor prior to completing the form.
- All transfer requests must be completed and submitted online by May 15th each year.
- Once the form is submitted, the appropriate supervisor will automatically receive a copy of the request form.
- There must be an “open” position, and the requesting employee must apply online for the position.
- The principal or supervisor may select, contact, and schedule interviews with those employees making the request. Please note: Completing the transfer request form does not guarantee an interview or a granted transfer.

- All transfers must be processed and finalized by the sending and receiving administrators by the last instructional day of the school year. (Exceptions to this may be due to employee promotion and/or needs of the district and must be approved by the Superintendent or designee.)

Workload and Work Schedules

Policies DEAB, DK, DL

Professional Employees. Professional employees and academic administrators are exempt from overtime pay and are employed on a 10-, 11-, or 12-month basis, according to the work schedules set by the district. A school calendar is adopted each year designating the work schedule for teachers and all school holidays. Notice of work schedules including start and end dates and scheduled holidays will be distributed each school year.

Minimum School Day Hours:

- o Early Childhood Academies - 8:25 a.m. - 3:55 p.m.
- o Elementary Campuses - 7:45 a.m. - 3:15 p.m.
- o Middle School Campuses - 8:15 a.m. - 3:45 p.m.
- o 9th Grade Campus and King High School - 7:05 a.m. - 2:44 p.m.

*Professional staff will be required to arrive early or stay late for professional development, meetings, tutorials, etc.

Classroom teachers will have planning periods for instructional preparation including conferences. The schedule of planning periods is set at the campus level but must provide at least 450 minutes within each two-week period in blocks not less than 45 minutes within the instructional day. Teachers and librarians are entitled to a duty-free lunch period of at least 30 minutes. The district may require teachers to supervise students during lunch one day a week when no other personnel are available.

Paraprofessional and Auxiliary Employees. Support employees are employed at will and receive notification of the required duty days, holidays, and hours of work for their position on an annual basis. Paraprofessional and auxiliary employees are not exempt from overtime and are not authorized to work in excess of their assigned schedule without prior approval from their supervisor.

Breaks for Expression of Breast Milk

Policies DEAB, DG

The district supports the practice of expressing breast milk and makes reasonable accommodations for the needs of employees who express breast milk. A place, other than a multiple user bathroom, that is shielded from view and free from intrusion from other employees and the public where the employee can express breast milk will be provided.

A reasonable amount of break time will be provided when the employee has a need to express milk. Employees should meet with their supervisor to discuss their needs and arrange break times.

Notification to Parents Regarding Qualifications

Policies DK, DBA

In schools receiving Title I funds; the district is required by Every Student Succeeds Act (ESSA) to notify parents at the beginning of each school year that they may request information regarding the professional qualifications of their child's teacher. ESSA also requires that parents be notified if their child has been assigned or taught for four or more consecutive weeks by a teacher who does not meet applicable state certification or licensure requirements.

Texas law requires that parents be notified if their child is assigned for more than 30 consecutive instructional days to a teacher who does not hold an appropriate teaching certificate. This notice is not required if parental notice under ESSA is sent. Inappropriately certified or uncertified teachers include individuals on an emergency permit (including individuals waiting to take a certification exam) and individuals who do not hold any certificate or permit. Information relating to teacher certification will be made available to the public upon request. Employees who have questions about their certification status can call the Human Resources department at 281-727-2077.

Outside Employment and Tutoring

Policy DBD

Employees are required to disclose in writing to their immediate supervisor any outside employment that may create a potential conflict of interest with their assigned duties and responsibilities or in the best interest of the district. Supervisors will consider outside employment on a case-by-case basis and determine whether it should be prohibited because of a conflict of interest.

Performance Evaluation

Policy DN series

Evaluation of an employee's job performance is a continuous process that focuses on improvement. Performance evaluation is based on an employee's assigned job duties and other job-related criteria. All employees will participate in the evaluation process with their assigned.

supervisor at least annually. Written evaluations will be completed on forms approved by the district. Reports, correspondence, and memoranda also can be used to document performance information. All employees will receive a copy of their written evaluation, participate in a performance conference with their supervisor, and have the opportunity to respond to the evaluation.

Sheldon I.S.D. has adopted the Texas Teacher Evaluation and Support System (T-TESS) instrument for teacher evaluations. Classroom observations of teachers shall be unannounced in accordance with Sheldon I.S.D. board policy.

Second Appraiser Request

A teacher may request a second appraisal by another certified appraiser at one or both of the following times:

- (1) after receiving a written observation summary with which the teacher disagrees; or
- (2) after receiving a written summative annual appraisal report with which the teacher disagrees.

The teacher must make a written request for a second appraiser within ten (10) working days of receiving a written observation report or a summative appraisal. The written request must be submitted to the teacher's supervisor. The supervisor will notify the Executive Director of Human Resources who will assign a second appraiser from the list of certified appraisers.

Upon receiving a report, a nursing review committee may review a nurse's nursing services, qualifications, and quality of patient care, as well as the merits of a complaint concerning a nurse, and a determination or recommendation regarding a complaint. A nurse may request, orally or in writing, a determination by the committee regarding conduct requested of the nurse believed to violate the nurse's duty to a patient.

Employee Involvement

Policies BQA, BQB

At both the campus and district levels, Sheldon ISD offers opportunities for input in matters that affect employees and influence the instructional effectiveness of the district. As part of the district's planning and decision-making process, employees are elected to serve on district- or campus-level advisory committees. Plans and detailed information about the shared decision-making process are available in each campus office or from the campus administration.

Staff Development

Policy DMA

Staff development activities are organized to meet the needs of employees and the district. Staff development for instructional personnel is predominantly campus-based, related to achieving campus performance objectives, addressed in the campus improvement plan, and approved by a campus-level advisory committee. Staff development for noninstructional personnel is designed to meet specific licensing requirements (e.g., bus drivers) and continued employee skill development.

Individuals holding renewable SBEC certificates are responsible for obtaining the required training hours and maintaining appropriate documentation.

Compensation and Benefits

Salaries, Wages, and Stipends

Policies DEA, DEC, DEAA, DEAB

Employees are paid in accordance with administrative guidelines and an established pay structure. The district's pay plans are reviewed by the administration each year and adjusted as needed. All district positions are classified as exempt or nonexempt according to federal law. Professional employees and academic administrators are generally classified as exempt and are paid monthly salaries. They are not entitled to overtime compensation. Other employees are generally classified as non-exempt and are paid an hourly wage or salary and receive compensatory time or overtime pay for each hour worked beyond 40 in a workweek. (See Overtime Compensation)

All employees will receive written notice of their pay and the number of days worked on their annual salary worksheet. Employees should review the information on the salary worksheet to ensure that no errors exist. Any discrepancies should be brought to the attention of the Human Resources department.

Classroom teachers, full-time librarians, full-time registered nurses, and full-time counselors will be paid no less than the minimum state salary schedule. Contract employees who perform extracurricular or supplemental duties may be paid a stipend in addition to their salary according to the district's extra-duty pay schedule. Stipends are based on extra-duty assignments and will be adjusted or removed if the employee's assignment changes.

Employees should contact the Director of Human Resources for more information about the district's pay schedules or their own pay.

Paychecks

The Employee Access Center (EAC) is available for employees to view payroll voucher information. The website for viewing employee information is <http://eac.sheldonisd.com/eac5/login.aspx>. The EAC contains detailed information including deductions, withholding information, the amount of leave accumulated, and vacation days available.

Paydays are scheduled for the 5th and 20th of each month unless that day falls on a Saturday, Sunday, or a holiday. In that case, payday will fall on the day preceding. The payroll schedule is subject to change due to unexpected circumstances.

Electronic W-2 Option

W-2's are available for printing from the Employee Access Center. If employees need assistance, please contact the payroll department.

Electronic Time Keeping/Attendance Program

Sheldon ISD has an electronic time keeping/attendance system, Time Clock Plus. This information is being provided for use with the electronic time keeping/attendance program, not to replace existing board policy or handbook procedures. Employees are required to clock in and out for themselves. Employees are not permitted to clock in and out for each other; furthermore, any employee who misuses the time clock will be subject to disciplinary action. If an employee misses a punch, they are required to notify the campus or department secretary in writing to explain the reason for the missed punch and request that the missed punch be corrected.

Listed below is each category of employee that is required to clock in and out and instructions for use. Exempt administrative personnel are not required to clock in and out using the Time Clock Plus system. For further information, contact the Payroll Department.

Instructions for Non-Exempt Employees (Hourly employees who are eligible for overtime, such as Paraprofessionals, Support, Auxiliary, Bus Drivers, Child Nutrition, Custodial Staff, Maintenance, etc.):

1. Clock in upon arriving at work.
2. Clock out using the break button option and clock back in for lunch.
3. Clock out upon leaving work.
4. If you leave the building for personal reasons—clock out and back in.
5. Employees are required to work 40 hours per week. A normal workday is 8 hours per day as described on the districts' PEIMS work calendars.

Instructions for Campus Based Exempt Employees (Teachers; Certified Professionals):

1. Sign in and sign out each day utilizing the Time Clock Plus system. Teachers are required to clock in and out each day to facilitate substitute coverage, provide attendance reports in case of campus emergencies, and provide documentation for the Sheldon I.S.D. teacher attendance incentive program.

Enforcement: Any employee found to have violated this policy will be subject to disciplinary action, up to and including termination of employment. Any improperly received/gained funds will be reimbursed to the district. It remains the responsibility of each employee to ensure accurate documentation of actual time worked for the district.

Automatic Payroll Deposit

Employees can have their paychecks electronically deposited into a designated account. A notification period of 10 days is necessary to activate this service. If it is necessary to change bank account information, an employee must give written notice and complete a new direct deposit form. Contact the Payroll Department for more information about the automatic payroll deposit service.

***Sheldon ISD reserves the right to debit an employee's bank account in the event of an overpayment.**

Payroll Deductions

Policy CFEA

The district is required to make the following automatic payroll deductions:

- Teacher Retirement System of Texas (TRS) or Social Security employee contributions
- Federal income tax required for all full-time employees.
- Medicare tax (applicable only to employees hired after March 31, 1986)
- Child support and spousal maintenance, if applicable
- Delinquent federal education loan payments, if applicable

Other payroll deductions employees may elect include deductions for the employee's share of premiums for health, dental, life, and vision insurance; annuities; and higher education savings plans. Salary deductions are automatically made for unauthorized or unpaid leave.

Overtime Compensation

Policy DEAB, DEC

The district compensates overtime for nonexempt employees in accordance with federal wage and hour laws. Only nonexempt employees (hourly employees and paraprofessional employees) are entitled to overtime compensation. Nonexempt employees are not authorized to work beyond

their normal work schedule without advance approval from their supervisor. A nonexempt employee who works overtime without prior approval will be subject to disciplinary action.

Overtime is legally defined as all hours worked in excess of 40 hours in a workweek and is not measured by the day or by the employee's regular work schedule. Nonexempt employees that are paid on a salary basis are paid for a 40-hour workweek and do not earn additional pay unless they work more than 40 hours. For the purpose of calculating overtime, the workweek for district employees shall be 12:00 a.m. Saturday until 11:59 p.m. Friday.

Nonexempt employees may be compensated for overtime at time-and-a-half rate with compensatory time off (comp time) or direct pay for working more than 40 hours in any one week. The following applies to all nonexempt employees:

- Employees can accumulate up to 60 hours (7.5 days) of comp time. This time must be taken before an employee can gain more compensatory time. After the employee has reached these limits, the employee shall be paid overtime compensation for additional overtime work.
- Comp time must be used in the duty year that it is earned. If an employee has unused compensatory time remaining at the end of a duty year the employee shall receive overtime pay.
- Use of comp time may be at the employee's request with supervisor approval, as workload permits, or at the supervisor's direction.
- An employee may be required to use comp time before using available paid leave (e.g., sick, personal, vacation).
- Weekly time records will be maintained on all nonexempt employees for the purpose of wage and salary administration. Compensatory time shall be reported to the Benefits office in half day increments. Absences for compensatory time shall be reported in half day increments. Supervisors are advised to maintain a spreadsheet for time earned that is less than half day increments. When time accumulates to a half day, it is reported to the Benefits office to be posted to the employee's leave bank.
- Jobs worked sporadically are not considered in the compensatory time calculation. Example: a school bus driver who elects to sell tickets at the high school football game.
- The employer is not required to calculate compensatory time for volunteers that are employees who work at one job during the regular work week and volunteer to provide different services after hours at not compensation or nominal fee.
- The district reserves the right to pay approved overtime at the time and a half rate when it is in the district's best interest.
- Compensation paid to an employee for accrued compensatory time shall be paid at the regular rate earned by the employee at the time of payment. An employee who has accrued compensatory time off shall be paid for any unused compensatory time upon separation from employment.
- Exempt employees:

Exempt employees are not eligible for comp time; however, exempt employees may request a “Calendar Adjustment” for extenuating circumstances that may require them to alter their workdays. The exempt employee must complete a “Calendar Adjustment Request Form,” which must be pre-approved. All calendar adjustments require supervisor approval in order to authorize a day off later in the year to adjust for any days that the employee was required to work.

Travel Expense Reimbursement

Policy DEE

Before any travel expenses are incurred by an employee, the employee’s supervisor and Chief Financial Officer must give approval. For approved travel, employees will be reimbursed for mileage and other travel expenditures according to the current rate schedule established by the district. Employees must submit receipts, to the extent possible, to be reimbursed for allowable expenses other than mileage.

Health, Dental, and Life Insurance

Policy CRD

Group health insurance coverage is provided through TRS-Active Care, the statewide public school employee health insurance program. The district’s contribution to employee insurance premiums is determined annually by the board of trustees. Currently, Sheldon ISD contributes \$336 per month with the state contributing an additional \$75.00 per month. Employees eligible for health insurance coverage include the following:

- Employees who are active, contributing TRS members
- Employees who are not contributing TRS members and who are regularly scheduled to work 10 or more hours per week.

TRS retirees who are enrolled in TRS-Care (retiree health insurance program) and employees who are not contributing TRS members who are regularly scheduled to work less than 10 hours per week, are not eligible to participate in TRS-Active Care.

The insurance plan year is from September 1 through August 31. Current employees can make changes in their insurance coverage during open enrollment each year or when they experience a qualifying event (e.g., marriage, divorce, birth, etc.) Employees have 30 days to make changes from the date of the qualifying event. Detailed descriptions of insurance coverage, employee cost, and eligibility requirements are provided to all employees on the Benefits page of the Human Resources website at www.sheldonisd.com. In accordance with the Affordable Care Act, all employees must enroll or waive health coverage. Employees should contact the Benefits office for more information.

Supplemental Insurance Benefits

Policy CRD

At their own expense, employees may enroll in supplemental insurance programs. Premiums for these programs can be paid by payroll deduction. A third-party administrator handles these accounts and will enroll employees during open enrollment which takes place annually. First Financial is the third-party administrator for these accounts. Employees can access information about available benefits on the Benefits page of the Human Resources website at www.sheldonisd.com. Employees should contact the Benefits office for more information.

Workers' Compensation Insurance

Policy CRE

The district, in accordance with state law, provides workers' compensation benefits to employees who suffer a work-related illness or are injured on the job. The district has workers' compensation coverage from TASB, effective with an employee's first day at work.

Benefits help pay for medical treatment and make up for part of the income lost while recovering. Specific benefits are prescribed by law depending on the circumstances of each case.

All work-related accidents or injuries should be reported immediately to the direct Supervisor and the Benefits Office. Employees who are unable to work because of a work-related injury will be notified of their rights and responsibilities under the Texas Labor Code. See Workers' Compensation Benefits, page 35 for information on the use of paid leave for such absences.

Unemployment Compensation Insurance

Policy CRF

Employees who have been laid off or terminated through no fault of their own may be eligible for unemployment compensation benefits. Employees are not eligible to collect unemployment benefits during regularly scheduled breaks in the school year or the summer months if they have employment contracts or reasonable assurance of returning to service. Employees with questions about unemployment benefits should contact the Human Resources Department.

Teacher Retirement

Policy DEG

All personnel employed on a regular basis for at least four and one-half months are members of the Teacher Retirement System of Texas (TRS). Substitutes not receiving TRS service retirement benefits who work at least 90 days a year are eligible to purchase a year of creditable service in TRS. TRS provides members with an annual statement of their account showing all deposits and the total account balance for the year ending August 31, as well as an estimate of their retirement benefits.

Employees who plan to retire under TRS should notify their supervisor and the Benefits Specialist as soon as possible. Information on the application procedures for TRS benefits is available from TRS at Teacher Retirement System of Texas, 1000 Red River Street, Austin, TX 78701-2698, or call 800-223-8778 or 512-542-6400. TRS information is also available on the web (www.trs.texas.gov).

7. Recruitment Stipend--Sheldon ISD offers a \$200 recruitment stipend to show appreciation to eligible, full-time employees of the district who assist in getting the word

out concerning the great career opportunities that exist in Sheldon ISD. Guidelines that determine an employee's eligibility for the stipend require a recruitment questionnaire to be completed by newly hired teachers during their appointment with Human Resources. Questionnaires received after the new teacher leaves Human Resources will not be accepted. The questionnaire asks how the new teacher learned about job opportunities in Sheldon and if a current employee is listed as the source, if eligible, the employee is rewarded with a recruitment stipend in December of the current school year.

- Recruitment Stipend (Additional Guidelines):
 - Central Office and Campus Administrators are not eligible for the recruitment stipend.

Leaves and Absences

Policies DEC, DECA, DECB

The district offers employees paid and unpaid leaves of absence in times of personal need. This handbook describes the basic types of leave available and restrictions on leaves of absence. Employees who expect to be absent for an extended period of more than five days should call the Benefits Office for information about applicable leave benefits, payment of insurance premiums, and requirements for communicating with the district.

Leave must be used in half day increments. However, if an employee is taking intermittent family and medical leave, leave shall be recorded in one-hour increments. Earned comp time must be used before any available paid state and local leave. Unless an employee requests a different order, available paid state and local leave will be used in the following order:

- Compensatory
- Local
- State
- Non-duty or Paid Service Incentive Days
- Vacation Days

Employees must follow district and department or campus procedures to report or request any leave of absence and complete the appropriate form or certification. All absences must be entered into the AESOP system. Pre-planned absences require the approval of the immediate supervisor. Any unapproved absences or absences beyond accumulated or available paid leave shall result in deduction from the employee's pay.

If an employee is absent for three consecutive days, a medical or doctor's note will be required to return to work. This documentation must clearly state the dates missed and confirm the employee's ability to resume their duties. By the fifth day of absence, if no medical note is provided, the employee will be docked for the days absent beyond the initial three consecutive days. It is the employee's responsibility to ensure that the necessary documentation is submitted promptly to avoid any deductions in pay.

Immediate Family. For purposes of leave other than family and medical leave, immediate family is defined as the following:

- Spouse
- Son or daughter, including a biological, adopted, or foster child, a son- or daughter-in-law, a stepchild, a legal ward, or a child for whom the employee stands in loco parentis.
- Parent, stepparent, parent-in-law, or another individual who stands in loco parentis to the employee.
- Sibling, stepsibling, and sibling-in-law
- Grandparent and grandchild
- Any person residing in the employee's household at the time of illness or death.

For purposes of family and medical leave, the definition of family is limited to spouse, parent, son or daughter, and next of kin. The definition of these are found in Policy DECA (LEGAL).

Medical Certification. An employee shall submit medical certification of the need for leave if: The employee is absent more than three consecutive workdays because of personal illness or illness in the immediate family, they must submit a medical certification from a qualified health care provider confirming the specific dates of the illness, the reason for the illness, and—in the case of personal illness—the employee's fitness to return to work.

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits covered employers from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we ask that employees and health care providers do not provide any genetic information in any medical certification. ‘Genetic information,’ as defined by GINA, includes an individual’s family medical history, the results of an individual’s or family member’s genetic tests, the fact that an individual or an individual’s family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual’s family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

Continuation of Health Insurance. Employees on an approved leave of absence other than family and medical leave may continue their insurance benefits at their own expense. The district contribution toward health insurance benefits for employees on paid leave and leave designated under the Family and Medical Leave Act will be paid by the district as they were prior to the leave. Otherwise, the district does not pay any portion of insurance premiums for employees who are on unpaid leave. Under TRS-Active Care rules, an employee is no longer eligible for insurance through the district after six months of unpaid leave other than FML. If an employee’s unpaid leave extends for more than six months, the district will provide the employee with notice of COBRA rights.

Personal Leave

State law entitles all employees to five days of paid personal leave per year. Personal leave is available for use at the beginning of the year. A day of earned personal leave is equivalent to the number of hours per day in an employee’s usual assignment, whether full-time or part-time. State personal leave accumulates without limit, is transferable to other Texas school districts, and generally transfers to education service centers. Personal leave may be used for two general purposes: nondiscretionary and discretionary.

Nondiscretionary. Leave taken for personal or family illness, family emergency, a death in the family, or active military service is considered nondiscretionary leave. Reasons for this type of leave allow very little, if any, advance planning. Nondiscretionary may be used in the same manner as state sick leave.

Discretionary. Leave taken at an employee’s discretion that can be scheduled in advance is considered discretionary leave. An employee wishing to take discretionary personal leave must submit a request to his or her principal or supervisor in advance of the anticipated absence. The effect of the employee’s absence on the educational program or department operations, as well as the availability of substitutes, will be considered by the principal or supervisor.

Leave Proration. If an employee separates from employment with the district before his or her last duty day of the year, or begins employment after the first

duty day, state personal leave will be prorated based on the actual time employed. When an employee separates from employment before the last duty day of the school year, the employee's final paycheck will be reduced by the amount of state personal leave the employee used beyond his or her pro rata entitlement for the school year.

State Sick Leave

State sick leave accumulated before 1995 is available for use and may be transferred to other school districts in Texas. State sick leave can be used only in half day increments, except when coordinated with family and medical leave taken on an intermittent or reduced-schedule basis or when coordinated with workers' compensation benefits.

State sick leave may be used for the following reasons only:

- Employee illness
- Illness in the employee's immediate family
- Family emergency (i.e., natural disasters or life-threatening situations)
- Death in the immediate family
- Active military service

Local Leave

All employees shall earn paid local leave days per school year in accordance with the following schedule and administrative regulations. The number of leave days available will be posted to your check or earnings statement on the first payroll in September.

- Employees working 226-260 days will be credited with 7 local days.
- Employees working 207-225 days will be credited with 6 local days.
- Employees working 206 days or less will be credited with 5 local days.

Non-duty Days

Non-duty days are days for which a year-round employee are not paid and are included within the work calendar of the employee as a condition of employment. Non-duty days are designed to allow some flexibility in the work calendar for 226- and 240-day employees who work in departments where the nature of the work does not allow them the option of closing (Payroll, Human Resources, Curriculum, etc.)

Non-duty days are categorized as leave and will be documented in a similar fashion as all other types of leave. The number of non-duty days credited will depend on the difference in the calendar workdays between July 1 and June 30. Employees on a 226-day work calendar will receive 10 non-duty days. Employees on a 240-day work calendar will receive 5 non-duty days. Non-duty days do not take the place of a required workday; employees must work their scheduled/contracted number of days. Employees on a 226-day work calendar must work a total

of 226 days; employees on a 240-day calendar must work 240 days. Non-duty days will not be paid in any fashion or be cashed out at any time.

Non-duty days must be taken during the current duty year and shall be taken at such times that will least interfere with the performance of the employee's duties. Employees are required to obtain advance approval from his or her supervisor before taking non-duty days and must provide sufficient notice to allow the supervisor to consider the district's staffing needs before approval of non-duty schedules.

Non-duty days must be used during the current duty year or prior to December 31 of the following duty year in which they are earned. Non-duty days accumulated in the previous duty year will be lost according to the procedures established by the Superintendent.

Paid Service Incentive Days

Professional and paraprofessional employees on a 226- or 240-day work calendar, who have more than 10 consecutive years of service in the district, shall receive 5 paid service incentive days in addition to their unpaid non-duty days each year. Employees who are eligible to receive paid service incentive days must have approval from their supervisor prior to scheduling time off.

Employees must use all paid service incentive days during the current year in which they are earned. The days will expire on June 30 of the year in which they are earned. Paid service incentive days retain no payoff amount when an employee ends employment with the district through either separation, termination, or retirement.

Vacation Days

Vacation days are designed for employees who work a 260-day work calendar. Employees on this calendar with less than 10 years of service accrue 10 days of vacation a year. Employees with more than 10 years of service will accrue 15 days of vacation a year. Vacation days must be taken during the current duty year and shall be taken at such times that will least interfere with the performance of the employee's duties. Employees are required to obtain advance approval from his or her supervisor before taking vacation days and must provide sufficient notice to allow the supervisor to consider the district's staffing needs before approval of vacation schedule.

Employees who leave the district after 1 year of service will be paid for unused vacation days accrued during that year.

Family and Medical Leave Act (FMLA)—General Provisions

The following text is from the federal notice, *Employee Rights and Responsibilities Under the Family and Medical Leave Act*. Specific information that the district has adopted to implement the FMLA follows this general notice.

Leave Entitlement. The FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to eligible employees for the following reasons:

- The birth of a child or placement of a child for adoption or foster care.
- To bond with a child (leave must be taken within 1 year of the child's birth or placement);
- To care for the employee's spouse, child, or parent who has a qualifying serious health condition.
- For the employee's own qualifying serious health condition that makes the employee unable to perform the employee's job.
- For qualifying exigencies related to the foreign deployment of a military member who is the employee's spouse, child, or parent.

An eligible employee who is a covered service member's spouse, child, parent, or next of kin may also take up to 26 weeks of FMLA leave in a single 12-month period to care for the service member with a serious injury or illness.

An employee does not need to use leave in one block. When it is medically necessary or otherwise permitted, employees may take leave intermittently or on a reduced schedule.

Employees may choose, or an employer may require, the use of accrued paid leave while taking FMLA leave. If an employee substitute accrued paid leave for FMLA leave, the employee must comply with the employer's normal paid leave policies.

Benefits and Protections. While employees are on FMLA leave, employers must continue health insurance coverage as if the employees were not on leave.

Upon return from FMLA leave, most employees must be restored to the same job or one nearly identical to it with equivalent pay, benefits, and other employment terms and conditions. An employer may not interfere with an individual's FMLA rights or retaliate against someone for using or trying to use FMLA leave, opposing any practice made unlawful by the FMALS, or being involved in any proceeding under or related to the FMLA.

Eligibility Requirements. An employee who works for a covered employer must meet three criteria in order to be eligible for FMLA leave. The employee must:

- Have worked for the employer for at least 12 months.
- Have at least 1,250 hours of service in the 12 months before taking leave; * and
- Work at a location where the employer has at least 50 employees within 75 miles of the employee's worksite.

*Special hours of service eligibility requirements apply to airline flight crew employees.

Use of Leave. An employee does not need to use this leave entitlement in one block. Leave can be taken intermittently or on a reduced leave schedule when medically necessary in accordance with board policy. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the employer's operations. Leave due to qualifying exigencies may also be taken on an intermittent basis.

Substitution of Paid Leave for Unpaid Leave. Employees may choose or employers may require use of accrued paid leave while taking FML. In order to use paid leave for FML, employees must comply with the district's normal paid leave policies.

Employee Responsibilities. Employees must provide 30 days advance notice of the need to take FMLA when the need is foreseeable. When 30 days' notice is not possible, the employee must provide notice as soon as practicable and generally must comply with an employer's normal call-in procedures.

Employees must provide sufficient information for the employer to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave. Employees also must inform the employer if the requested leave is for a reason for which FML was previously taken or certified. Employees also may be required to provide a certification and periodic recertification supporting the need for leave.

Employer Responsibilities. Once an employer becomes aware that an employee's need for leave is for a reason that may qualify under the FMLA, the employer must notify the employee if he or she is eligible for FMLA leave and, if eligible, must also provide a notice of rights and responsibilities under the FMLA. If the employee is not eligible, the employer must provide a reason for ineligibility.

Employers must notify its employees if leave will be designated as FMLA leave, and if so, how much leave will be designated as FMLA leave.

Enforcement. An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against an employer.

The FMLA does not affect any Federal or State law prohibiting discrimination or supersede any state or local law or collective bargaining agreement which provides greater family or medical leave rights.

Local Family and Medical Leave Provisions

Eligible employees can take up to 12 weeks of unpaid leave in the 12-month period beginning on the first duty day of the school year.

Use of Paid Leave. FML runs concurrently with accrued sick and personal leave, temporary disability leaves, compensatory time, assault leave, and absences due to a work-related illness or injury. The district will designate the leave as FML, if applicable, and notify the employee that accumulated leave will run concurrently.

Combined Leave for Spouses. Spouses who are both employed by the district are limited to a combined total of 12 weeks of FML to care for a parent with a serious health condition; or for the birth, adoption, or foster placement of a child. Military caregivers leave for spouses is limited to a combined total of 26 weeks.

Intermittent Leave. When medically necessary or in the case of a qualifying exigency, an employee may take leave intermittently or on a reduced schedule. The district does not permit the use of intermittent or reduced-schedule leave for the care of a newborn child or for adoption or placement of a child with the employee.

Fitness for Duty. An employee that takes FML due to the employee's own serious health condition shall provide, before resuming work, a fitness-for-duty certification from the health care provider. If certification of the employee's ability to perform essential job function is required, the district shall provide a list of essential job functions (e.g., job description) to the employee with the FML designation notice to share with the health care provider.

Failure to Return. If, at the expiration of FML, the employee is able to return to work but chooses not to do so, the district may require the employee to reimburse the district's share of insurance premiums paid during any portion of FML when the employee was on unpaid leave. If the employee fails to return to work for a reason beyond the employee's control, such as a continuing personal or family serious health condition or a spouse being unexpectedly transferred more than 75 miles from the district, the district may not require the employee to reimburse the district's share of premiums paid.

Reinstatement. An employee returning to work at the end of FML will be returned to the same position held when the leave began or to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment.

In certain cases, instructional employees desiring to return to work at or near the conclusion of a semester may be required to continue on family and medical leave until the end of the semester. The additional time off is not counted against the employee's FML entitlement, and the district will maintain the employees group health insurance and reinstate the employee at the end of the leave according to the procedures outlined in policy (see DECA (LEGAL)).

District Contact. Employees that require FML or have questions should contact the Benefits Specialist in the Human Resources Department for details on eligibility, requirements, and limitations.

Temporary Disability Leave

Certified Employees. Any full-time employee whose position requires certification from the State Board for Educator Certification (SBEC) is eligible for temporary disability leave. The purpose of temporary disability leave is to provide job protection to full-time educators who cannot work for an extended period of time because of a mental or physical disability of a temporary nature. Temporary disability leave must be taken as a continuous block of time. It may not be taken intermittently or on a reduced schedule. Pregnancy and conditions related to pregnancy are treated the same as any other temporary disability.

Employees must request approval for temporary disability leave. An employee's notification of the need for extended absence due to the employee's own medical condition shall be accepted as a request for temporary disability leave. The request must be accompanied by a physician's statement confirming the employee's inability to work and estimating a probable date of return. If disability leave is approved, the length of leave is no longer than 180 calendar days.

If an employee is placed on temporary disability leave involuntarily, he or she has the right to request a hearing before the board of trustees. The employee may protest the action and present additional evidence of fitness to work.

When an employee is ready to return to work, the Benefits Specialist should be notified at least 30 days in advance. The return-to-work notice must be accompanied by a physician's statement confirming that the employee is able to resume regular duties. Certified employees returning from leave will be reinstated to the school to which they were previously assigned if an appropriate position is available. If an appropriate position is not available, the employee may be assigned to another campus, subject to the approval of the campus principal. If a position is not available before the end of the school year, the employee will be reinstated to a position at the original campus at the beginning of the following school year.

Workers' Compensation Benefits

An employee absent from duty because of a job-related illness or injury may be eligible for

workers' compensation weekly income benefits if the absence exceeds seven calendar days.

An employee receiving workers' compensation wage benefits for a job-related illness or injury may choose to use accumulated sick leave or any other paid leave benefits. An employee choosing to use paid leave will not receive workers' compensation weekly income benefits until all paid leave is exhausted or to the extent that paid leave does not equal the pre-illness or -injury wage. If the use of paid leave is not elected, then the employee will only receive workers' compensation wage benefits for any absence resulting from a work-related illness or injury, which may not equal his or her pre-illness or -injury wage.

Assault Leave

Assault leave provides extended job income and benefits protection to an employee who is injured as the result of a physical assault suffered during the performance of his or her job. An incident involving an assault is a work-related injury and should be immediately reported to the employee's supervisor in order for a "first report of injury" report to be completed. An injury is treated as an assault if the person causing the injury could be prosecuted for assault or could not be prosecuted only because that person's age or mental capacity renders the person not responsible for purposes of criminal liability.

An employee who is physically assaulted at work may take all the leave time medically necessary (up to two years) to recover from the physical injuries he or she sustained. At the request of an employee, the district will immediately assign the employee to assault leave. Days of leave granted under the assault leave provision will not be deducted from accrued personal leave and must be coordinated with workers' compensation benefits. Upon investigation the district may change the assault leave status and charge leave used against the employee's accrued paid leave. The employee's pay will be deducted if accrued paid leave is not available.

Jury Duty

The district provides paid leave to employees who are summoned to jury duty including service on a grand jury. The district will not discharge, threaten to discharge, intimidate, or coerce any regular employee because of juror or grand juror service or for the employee's attendance or scheduled attendance in connection with the service in any court in the United States. Employees who report to the court for jury duty may keep any compensation the court provides. An employee should report a summons for jury duty to his or her supervisor as soon as it is received and may be required to provide the district with a copy of the summons to document the need for leave.

An employee may be required to report back to work as soon as they are released from jury duty. The supervisor may consider the travel time required and the nature of the individual's position

when determining the need to report to work. A copy of the release from jury duty or of documentation of time spent at the court may be required.

Compliance with a Subpoena

Employees will be paid while on leave to comply with a valid subpoena to appear in a civil, criminal, legislative, or administrative proceeding and will not be required to use personal leave. Employees may be required to submit documentation of their need for leave for court appearances.

Truancy Court Appearances

An employee who is a parent, guardian of a child, or a court-appointed guardian ad litem of a child who is required to miss work to attend a truancy court hearing may use personal leave or compensatory time for the absence. Employees who do not have paid leave available will be docked for any absence required because of the court appearance.

Religious Observance

The district will reasonably accommodate an employee's request for absence for a religious holiday or observance. Accommodations such as changes to work schedules or approving a day of absence will be made unless they pose an undue hardship to the district. The employee may use any accumulated personal leave for this purpose. Employees who have exhausted applicable paid leave may be granted an unpaid day of absence.

Military Leave

Paid Leave for Military Service. Any employee who is a member of the Texas National Guard, Texas State Guard, reserve component of the United States Armed Forces, or a member of a state or federally authorized Urban Search and Rescue Team is entitled to paid leave when engaged in authorized training or duty ordered by proper authority. Paid military leave is limited to 15 days each fiscal year. In addition, an employee is entitled to use available state and local personal or sick leave during a time of active military service.

Reemployment after Military Leave. Employees who leave the district to enter into the United States uniformed services or who are ordered to active duty as a member of the military force of any state (e.g., National or State Guard) may return to employment if they are honorably discharged. Employees who wish to return to the district will be reemployed provided they can be qualified to perform the required duties. Employees returning to work following military leave should contact their immediate supervisor and the Directors of Human Resources. In most cases, the length of federal military service cannot exceed five years.

Continuation of Health Insurance. Employees who perform service in the uniformed services may elect to continue their health plan coverage at their own cost for a period not to exceed 24

months. Employees should contact the Benefits Specialist for details on eligibility, requirements, and limitations.

Employee Relations and Communications

Employee Recognition and Appreciation

Continuous efforts are made throughout the year to recognize employees who make an extra effort to contribute to the success of the district. Employees are recognized at board meetings, in the district newsletter, and through special events and activities. Recognition and appreciation activities also include “Employees of the Year,” service awards for 5, 10, 15, 20, 25, 30, 35, and 40 years of service, and retirement recognition.

District Communications

Throughout the school year, the district publishes information in newsletters, brochures, fliers, calendars, news releases, and other communication materials. Additionally, the District operates Facebook and Twitter accounts to keep parents, employees, and community members informed about District activities and achievements.

Complaints and Grievances

Policy DGBA

In an effort to hear and resolve employee concerns or complaints in a timely manner and at the lowest administrative level possible, the board has adopted an orderly grievance process. Employees are encouraged to discuss their concerns or complaints with their supervisors or an appropriate administrator at any time.

The formal process provides all employees with an opportunity to be heard up to the highest level of management if they are dissatisfied with an administrative response. Once all administrative procedures are exhausted, employees can bring concerns or complaints to the board of trustees. For ease of reference, the district’s policy concerning the process of bringing concerns and complaints is available online at www.sheldonisd.com.

Discrimination, Harassment, and Retaliation

Policies DH, DIA

Employees shall not engage in prohibited harassment, including sexual harassment, of other employees or students. While acting in the course of their employment, employees shall not engage in prohibited harassment of other persons including board members, vendors, contractors, volunteers, or parents. A substantiated charge of harassment will result in disciplinary action.

Employees who believe they have been discriminated against or retaliated against or harassed are encouraged to promptly report such incidents to the campus principal, supervisor, or appropriate district official. If the campus principal, supervisor, or district official is the subject of a complaint, the employee should report the complaint directly to the superintendent. A complaint against the superintendent may be made directly to the board.

Any district employee who believes that he or she has experienced prohibited conduct based on sex, including sexual harassment, or believes that another employee has experienced such prohibited conduct, should immediately report the alleged acts. The employee may report the alleged acts to his or her supervisor, the campus principal, the Title IX coordinator, or the superintendent. The district's Title IX coordinator's name and contact information is listed in the Equal Employment Opportunity section of this handbook.

The district's policy that includes definitions and procedures for reporting and investigating discrimination, harassment, and retaliation is available on the district website at www.sheldonisd.com. To access DIA (Local) click on the "About Us" tab; click on "District Policy;" search DIA Local.

Harassment of Students

Policies DH, DHB, FFG, FFH, FFI

Sexual and other harassment of students by employees are forms of discrimination and are prohibited by law. Romantic or inappropriate social relationships between students and district employees are prohibited.

Employees who suspect a student may have experienced prohibited harassment are obligated to report their concerns to the campus principal or other appropriate district official. Any district employee who suspects or receives direct or indirect notice that a student or group of students has or may have experienced prohibited conduct based on sex, including sexual harassment, of a student shall immediately notify the district's Title IX coordinator, the ADA/Section 504 coordinator, or superintendent and take any other steps required by district policy.

All allegations of prohibited harassment of a student by an employee or adult will be reported to the student's parents and promptly investigated. An employee who knows of or suspects child abuse must also report his or her knowledge or suspicion to the appropriate authorities, as required by law. See Reporting Suspected Child Abuse, page 44 and Bullying, page 64 for additional information.

The district's policy that includes definitions and procedures for reporting and investigating harassment of students is reprinted below:

According to policy DHB (Legal):

"Solicitation of a romantic relationship" means deliberate or repeated acts that can be reasonably interpreted as the solicitation by an educator of a relationship with a student that is romantic in nature. A romantic relationship is often characterized by a strong emotional or sexual attachment and/or patterns of exclusivity but does not include appropriate educator-student relationships.

that arise out of legitimate contexts such as familial connections or longtime acquaintances. The following acts, considered in context, may constitute prima facie evidence of the solicitation by an educator of a romantic relationship with a student:

1. Behavior, gestures, expressions, or communications with a student that are unrelated to the educator's job duties and evidence a romantic intent or interest in the student, including statements of love, affection, or attraction. Factors that may be considered in determining the romantic intent of such communications or behavior include:
 - a. The nature of the communications.
 - b. The timing of the communications;
 - c. The extent of the communications;
 - d. Whether the communications were made openly or secretly;
 - e. The extent that the educator attempts to conceal the communications;
 - f. If the educator claims to be counseling a student, SBEC may consider whether the educator's job duties included counseling, whether the educator reported the subject of the counseling to the student's guardians or to the appropriate

school personnel, or, in the case of alleged abuse or neglect, whether the educator reported the abuse or neglect to the appropriate authorities; and

- g. Any other evidence tending to show the context of the communications between educator and student.
- 2. Making inappropriate comments about a student's body, creating or transmitting sexually suggestive photographs or images, or encouraging the student to transmit sexually suggestive photographs or images.
- 3. Making sexually demeaning comments to a student.
- 4. Making comments about a student's potential sexual performance.
- 5. Requesting details of a student's sexual history.
- 6. Requesting a date, sexual contact, or any activity intended for the sexual gratification of the educator.
- 7. Engaging in conversations regarding the sexual problems, preferences, or fantasies of either party.
- 8. Inappropriate hugging, kissing, or excessive touching.
- 9. Providing the student with drugs or alcohol
- 10. Suggestions that a romantic relationship is desired after the student graduates, including post-graduation plans for dating or marriage.
- 11. Any other acts tending to show that the educator solicited a romantic relationship with the student.

A superintendent may notify SBEC of any educator misconduct that the superintendent believes in good faith may be subject to sanctions by SBEC. 19 TAC 249.14(d)

Policy FFH (Local) is available online at www.sheldonisd.com.

Reporting Suspected Child Abuse

Policies DHB, DG, GRA

All employees with reasonable cause to believe that a child's physical or mental health or welfare has been adversely affected by abuse or neglect, as defined by Texas Family Code

§261.001, to a law enforcement agency, Child Protective Services (CPS), or appropriate state agency (e.g., state agency operating, licensing, certifying, or registering a facility) within 48 hours of the event that led to the suspicion.

Employees are also required to make a report if they have reasonable cause to believe that an adult was a victim of abuse or neglect as a child, and they determine in good faith that the disclosure of the information is necessary to protect the health and safety of another child or person with a disability.

Reports to Child Protective Services can be made online at <https://www.txabusehotline.org/Login/Default.aspx> or to the Texas Abuse Hotline (800-252-5400). State law specifies that an employee may not delegate to or rely on another person or administrator to make the report.

Under state law, any person reporting or assisting in the investigation of reported child abuse or neglect is immune from liability unless the report is made in bad faith or with malicious intent. In addition, the district is prohibited from taking an adverse employment action against a certified or licensed professional who, in good faith, reports child abuse or neglect or who participates in an investigation regarding an allegation of child abuse or neglect.

An employee's failure to report suspected child abuse may result in prosecution as a Class A misdemeanor. The offense of failure to report by a professional may be a state jail felony if it is shown the individual intended to conceal the abuse or neglect. In addition, a certified employee's failure to report suspected child abuse may result in disciplinary procedures by SBEC for a violation of the Texas Educators' Code of Ethics.

Employees who suspect that a student has been or may be abused or neglected should also report their concerns to the campus principal. This includes students with disabilities who are no longer minors. Employees are not required to report their concern to the principal before making a report to the appropriate agency.

Reporting the concern to the principal does not relieve the employee of the requirement to report it to the appropriate state agency. In addition, employees must cooperate with investigators of child abuse and neglect. Interference with a child abuse investigation by denying an interviewer's request to interview a student at school or requiring the presence of a parent or school administrator against the desires of the duly authorized investigator is prohibited.

Sexual Abuse and Maltreatment of Children

The district has established a plan for addressing sexual abuse and other maltreatment of children, which may be accessed at www.sheldonisd.com by searching policy FFG. As an employee, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused or maltreated. Sexual abuse in the Texas Family Code is

defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. Maltreatment is defined as abuse or neglect. Anyone who has reasonable cause to believe that a child has been or may be abused or neglected has a legal responsibility under state law for reporting the suspected abuse or neglect following the procedures described above in Reporting Suspected Child Abuse.

Reporting Crime

Policy DG

The Texas Whistleblower Act protects district employees who make good faith reports of violations of law by the district to an appropriate law enforcement authority.

The district is prohibited from suspending, terminating the employment of, or taking other adverse personnel action against, an employee who makes a report under the Act. State law also provides employees with the right to report a crime witnessed at the school to any peace officer with authority to investigate the crime.

Scope and Sequence

Policy DG

If a teacher determines that students need more or less time in a specific area to demonstrate proficiency in the Texas Essential Knowledge and Skills (TEKS) for that subject and grade level, the district will not penalize the teacher for not following the district's scope and sequence. The district may take appropriate action if a teacher does not follow the district's scope and sequence based on documented evidence of a deficiency in classroom instruction. This documentation can be obtained through observation or substantiated and documented third-party information.

Technology Resources

Policy CQ

The district's technology resources, including its networks, computer systems, e-mail accounts, devices connected to its networks, and all district-owned devices used on or off school property, are primarily for administrative and instructional purposes. Limited personal use is permitted if the use:

- Imposes no tangible cost to the district.
- Does not unduly burden the district's computer or network resources
- Has no adverse effect on job performance or on a student's academic performance

Electronic mail transmissions and other use of the technology resources are not confidential and can be monitored at any time to ensure appropriate use. Employees are required to abide by the provisions of the acceptable use agreement and administrative procedures. Failure to do so can result in suspension of access or termination of privileges and may lead to disciplinary and legal

action. Employees with questions about computer use and data management can contact the Human Resources Department.

Personal Use of Electronic Communications

Policy DH, CQ

Electronic communications includes all forms of social media, such as text messaging, instant messaging, electronic mail (e-mail), web logs (blogs), electronic forums (chat rooms), video-sharing web sites (e.g., YouTube), editorial comments posted on the Internet, wikis, and social network sites (e.g., Facebook, Instagram, Twitter, LinkedIn). Electronic communications also includes all forms of telecommunication such as landlines, cell phones, and web-based applications.

As role models for the district's students, employees are responsible for their public conduct even when they are not acting as district employees. Employees will be held to the same professional standards in their public use of electronic communications as they are for any other public conduct. If an employee's use of electronic communications interferes with the employee's ability to effectively perform his or her job duties, the employee is subject to disciplinary action, up to and including termination of employment. If an employee wishes to use a social network site or similar media for personal purposes, the employee is responsible for the content on the employee's page, including content added by the employee, the employee's friends, or members of the public who can access the employee's page, and for web links on the employee's page. The employee is also responsible for maintaining privacy settings appropriate to the content.

An employee who uses electronic communications for personal purposes shall observe the following:

- The employee may not set up or update the employee's personal social network page(s) using the district's computers, network, or equipment.
- The employee shall limit use of personal electronic communication devices to send or receive calls, text messages, pictures, and videos to breaks, mealtimes, and before and after scheduled work hours, unless there is an emergency, or the use is authorized by a supervisor to conduct district business.
- The employee shall not use the district's logo or other copyrighted material of the district without express, written consent.
- The employee continues to be subject to applicable state and federal laws, local policies, administrative regulations, and the Code of Ethics and Standard Practices for Texas Educators, even when communicating regarding personal and private matters, regardless of whether the employee is using private or public equipment, on or off campus. These restrictions include:
 - o Confidentiality of student records [See Policy FL]

- o Confidentiality of health or personnel information concerning colleagues, unless disclosure serves lawful professional purposes or is required by law [See Policy DH]
- o Confidentiality of district records, including educator evaluations and private e-mail addresses [See Policy GBA]
- o Copyright law [See Policy CY]
- o Prohibition against harming others by knowingly making false statements about a colleague or the school system [See Policy DH]

See Electronic Communications between Employees, Students, and Parents below, for regulations on employee communication with students through electronic communications.

Electronic Communications between Employees, Students, and Parents

Policy DH

A certified or licensed employee, or any other employee designated in writing by the superintendent or a campus principal, may communicate through electronic communications with students who are currently enrolled in the district. The employee must comply with the provisions outlined below. All other employees are prohibited from communicating with students who are enrolled in the district through electronic communications. Employees are not required to provide students with their personal phone number or e-mail address.

An employee is not subject to provisions regarding electronic communications with a student to the extent the employee has a social or family relationship with a student. For example, an employee may have a relationship with a niece or nephew, a student who is the child of an adult friend, a student who is a friend of the employee's child, or a member or participant in the same civic, social, recreational, or religious organization. An employee who claims an exception based on a social relationship shall provide written consent from the student's parent. The written consent shall include an acknowledgement by the parent that:

- The employee has provided the parent with a copy of this protocol
- The employee and the student have a social relationship outside of school
- The parent understands that the employee's communications with the student are excepted from district regulation; and
- The parent is solely responsible for monitoring electronic communications between the employee and the student.

The following definitions apply for the use of electronic communications with students:

- *Electronic communications* includes all forms of social media, such as text messaging, instant messaging, electronic mail (e-mail), Web logs (blogs),

electronic forums (chat rooms), video-sharing websites (e.g., YouTube), editorial comments posted on the Internet, and social network sites (e.g., Facebook, Instagram, Twitter, LinkedIn). Electronic communications also include all forms of telecommunication such as landlines, cell phones, and web-based applications.

- *Communicate* means to convey information and includes a one-way communication as well as a dialogue between two or more people. A public communication by an employee that is not targeted at students (e.g., a posting on the employee's personal social network page or a blog) is not a communication; however, the employee may be subject to district regulations on personal electronic communications. See *Personal Use of Electronic communications*, above. Unsolicited contact from a student through electronic means is not a communication.
- *Certified or licensed employee* means a person employed in a position requiring SBEC certification or a professional license, and whose job duties may require the employee to communicate electronically with students. The term includes classroom teachers, counselors, principals, librarians, paraprofessionals, nurses, educational diagnosticians, licensed therapists, and athletic trainers.

An employee who uses electronic communications to communicate with students shall observe the following:

- The employee is prohibited from knowingly communicating with students using any form of electronic communications, including mobile and web applications, that are not provided or accessible by the district unless a specific exception is noted below.
- Only a teacher, trainer, or other employee who has an extracurricular duty may use text messaging, and then only to communicate with students who participate in the extracurricular activity over which the employee has responsibility.
 - o The employee shall include at least one of the student's parents or guardians as a recipient on each text message to the student so that the student and parent receive the same message.
 - o The employee shall include his or her immediate supervisor as a recipient on each text message to the student so that the student and supervisor receive the same message.
- The employee shall limit communications to matters within the scope of the employee's professional responsibilities (e.g., for classroom teachers, matters relating to class work, homework, and tests; for an employee with an extracurricular duty, matters relating to the extracurricular activity).
- The employee is prohibited from knowingly communicating with students through a personal social network page; the employee must create a separate social network page ("professional page") for the purpose of communicating with students. The employee must enable administration and parents to access the employee's professional page.
- The employee does not have a right to privacy with respect to communications with students and parents. The employee continues to be subject to applicable state and federal

laws, local policies, administrative regulations, and the Texas Educators' Code of Ethics including:

- o Compliance with the Public Information Act and the Family Educational Rights and Privacy Act (FERPA), including retention and confidentiality of student records. [See Policies CPC and FL]
 - o Copyright law [Policy CY]
 - o Prohibitions against soliciting or engaging in sexual conduct or a romantic relationship with a student. [See Policy DHB]
- Upon request from the administration, an employee will provide the phone number(s), social network site(s), or other information regarding the method(s) of electronic communications the employee uses to communicate with one or more currently-enrolled students.
- Upon written request from a parent or student, the employee shall discontinue communicating with the student through e-mail, text messaging, instant messaging, or any other form of one-to-one communication. An employee may request an exception from one or more of the limitations above by submitting a written request to his or her immediate supervisor.
- All staff are required to use school email accounts for all electronic communications with parents. Communication about school issues through personal email accounts or text messages are not allowed as they cannot be preserved in accordance with the district's record retention policy.
- An employee shall notify his or her supervisor in writing within one business day if a student engages in an improper electronic communication with the employee. The employee should describe the form and content of electronic communication.

The district will take reasonable efforts to obtain public information in compliance with the Public Information Act. Reasonable efforts may include:

- Verbal or written directive
- Remote access to district-owned devices and service.

Employees, visitors, and students, including those with a license to carry a handgun, are prohibited from bringing firearms, knives, clubs, or other prohibited weapons onto school premises (i.e., building or portion of a building) or any grounds or building where a school-sponsored activity takes place. A person, including an employee, who holds a license to carry a handgun may transport or store a handgun or other firearm or ammunition in a locked vehicle in a parking lot, garage, or other district provided parking area, provided the handgun or firearm or ammunition is properly stored, and not in plain view. To ensure the safety of all persons, employees who observe or suspect a violation of the district's weapons policy should report it to their supervisor immediately.

Visitors in the Workplace

Policy GKC

All visitors are expected to enter any district facility through the main entrance and sign in or report to the building's main office. Authorized visitors will receive directions or be escorted to their destination. Employees who observe an unauthorized individual on the district premises should immediately direct him or her to the building office or contact the administrator in charge.

Children in the Workplace

Sheldon ISD requests that employees make arrangements for childcare so that employees are able to fulfill their job duties. In the event that outside arrangements are not possible, employees may bring their children to work only after receiving prior approval from their supervisor. Staff children (enrolled and not enrolled) are not to be in the classroom or work environment (duty stations, tutorials, etc.) while the employee is on duty during the workday. Employees who have approval from their supervisor to bring their children to work must complete a “Waiver and Release of Liability” form and submit it to their immediate supervisor.

Asbestos Management Plan

Policy CKA

The district is committed to providing a safe environment for employees. An accredited management planner has developed an asbestos management plan for each school. A copy of the district’s management plan is kept in the Maintenance Department and is available for inspection during normal business hours.

Pest Control Treatment

Policies CLB, DI

Employees are prohibited from applying any pesticide or herbicide without appropriate training and prior approval of the integrated pest management (IPM) coordinator. Any application of pesticide or herbicide must be done in a manner prescribed by law and the district’s integrated pest management program.

Notices of planned pest control treatment will be posted in a district building 48 hours before the treatment begins. Notices are generally located on exterior doors. In addition, individual employees may request in writing to be notified of pesticide applications. An employee who requests individualized notice will be notified by telephone, written, or electric means. Pest control information sheets are available from campus principals or facility managers upon request.

Equipment, Desktop, and Laptop Equipment

Sheldon ISD provides equipment such as desktop computers, laptop computers, LCDs, and sound amplification systems for teachers and students to enhance the teaching and learning process. This equipment is for classroom use. Sometimes individually approved laptops or other equipment may be taken home by following the campus or department check out procedures. The equipment remains the property of Sheldon ISD and must be regarded with care when checked out. Equipment that is checked out from a campus or department should be documented and include a return date.

Any misuse or failure to return equipment after the specified time should be reported to the campus principal or department supervisor. Failure to abide by the above is considered a violation of district policy and will result in disciplinary action, up to and including termination of employment. Employees are financially responsible for all equipment that is checked out to them. If equipment is returned in need of repair, the employee is financially responsible.

Employees on probationary or term contracts can be non-renewed at the end of the contract term. Contract employees dismissed during the school year, suspended without pay, or subject to a reduction in force are entitled to receive notice of the recommended action, an explanation of the charges against them, and an opportunity for a hearing. The timelines and procedures to be followed when a suspension, termination, or nonrenewal occurs will be provided when a written notice is given to an employee.

The principal is required to notify the superintendent of an educator's termination within seven business days following an alleged incident of misconduct for any of the acts listed in Reports to Texas Education. The superintendent will notify SBEC when an employee is terminated and there is evidence to indicate that the employee has engaged in such misconduct.

Parent and Student Complaints

Policy FNG

In an effort to hear and resolve parent and student complaints in a timely manner and at the lowest administrative level possible, the board has adopted orderly processes for handling complaints on different issues. Energy Management Policy

Mission Statement:

Recognizing our responsibility as Trustees of Sheldon I.S.D. we believe that every effort should be made to comply with Senate Bill 12 and conserve energy and natural resources. We also believe that energy efficient operations will reduce operating costs and is in the best interest of the district. As a result, we are establishing this Energy Management Policy which is to be implemented within each of our facilities and around all of our campuses. It is desired, through this policy, to produce a safe and productive environment for our students, while simultaneously providing prudent management of our financial and energy resources.

Statement of Concerns:

The district trustees are concerned about current and projected energy costs, the availability and procurement of electrical energy resulting from the deregulation of the electrical industry, and the power requirements facing the district due to current population growth patterns within the area. As a result, the development and implementation of a comprehensive, yet flexible, energy policy is believed to be in the best interest of the district.

Commitment to Implementation of Program:

Implementation of this policy shall be the joint responsibility of the trustees, administrators, staff and support personnel. The success of the policy is dependent upon total cooperation from every level within the system. Operation of the department shall be given oversight by the manager of Energy Management Department.

Energy Management Department:

The Energy Management Department will develop a comprehensive program for energy efficient operation around the district. The goal of this program shall be to maximize energy efficiency throughout the district with proper consideration given to environmental and safety issues. The Energy Management Department will then be responsible for the implementation, operation and enforcement of the program. In addition, the department will:

- 1.) Evaluate energy rates and utility provider proposals to obtain the most reliable and cost-effective energy sources available to the district.
- 2.) Routinely review efficiency improvements within pertinent industries and recommend new, more efficient equipment, systems and operating techniques.
- 3.) Work with campus principals and managers of other departments to develop an atmosphere of cooperation, and to establish acceptable operating practices among their staff and within their departmental practices.
- 4.) Annually review and revise these standard practices, as needed.
- 5.) Develop and promote educational energy awareness programs.

Energy Purchase- The Energy Management Department will be responsible for negotiations and purchase of energy required by the district for both current and projected future needs. Plans for the purchase, and distribution (if necessary), of energy for existing and planned campuses and facilities will be coordinated through the Energy Management Department.

Systems/Equipment Purchase- Minimum efficiency levels of each major system and equipment type shall be established by the Energy Management Department in cooperation with Construction, Maintenance and Purchasing Departments. In addition, the Energy Management Department shall assist these departments in the development of standardized specifications for energy consuming systems purchased by the district. All new equipment purchased by the district must have an energy star rating.

Operations- Specific operating practices of the district will be analyzed by the Energy Management Department and comments with recommendations will be provided to appropriate administrative departments and to an Energy Committee. This committee will consist of representatives from the Construction, Maintenance, Custodial and Purchasing Departments, along with representatives from the teaching staff, campus principals and district administration, and will be formed to establish enforceable rules and regulations to be followed under the energy efficiency program. This committee shall be chaired by the district Energy Manager. Decisions made by this committee will be presented to the school superintendent and board of trustees for approval and for authority to implement the specific recommendations.

After acceptance of revised operations, notice will be filed with each effected department and the revision will be integrated into normal practice. Issues such as facility comfort levels, illumination levels, operating hours (facilities and equipment), community usage, after-hours activities and any other recommendation directed toward decreased energy costs shall be produced and recommended by the Energy Department after the approval process has been completed.

Education- The Energy Management Department will select an energy educator responsible for the education of staff and students in the field of energy production, consumption and efficient operation. This educator will be responsible for communicating policy, distributing educational information about energy efficient operations relative to each specific campus, interpreting the success of the efficiency measures implemented, and providing the consistent stream of communication needed to keep energy efficiency as one of the major concerns of the district.

Reporting- The Energy Management Department shall produce monthly and annual reports providing actual consumption and energy costs for each district facility and/or campus. These reports provide comparisons of operating and cost requirements on a month-to-month and year-to-year basis. Reports depicting energy savings produced by energy efficient operations and/or renovation projects will also be provided, with success stories communicated throughout the district to increase awareness and involvement in the overall program. In addition, annual energy audits will be conducted at each campus to determine facility additions/deletions, equipment/system operational revisions, alterations in primary facility usage, preventive maintenance revisions needed for improved operation of the aging equipment, revisions to facility inventory of energy consuming equipment, priority of equipment replacement, and any new or revised efficiency recommendations and/or practices available to each specific facility. An annual report summarizing these monthly and annual operating results and recommendations will be provided to the district trustees.

Having considered the responsibility of the district to conserve energy and to preserve our nations natural energy resources, improve the district's efficiency of operation, and eliminate unnecessary expenditures for energy, the Sheldon I.S.D. board of trustees does hereby adopt this Energy Management Policy.
