

Knowledge is opportunity

Cognia is a global nonprofit that has the knowledge to help schools improve outcomes for all learners.

As educators, we share your passion to guide and energize your schools and students. We partner with you in a variety of ways: from onsite evaluations and certifications, to student assessments, to strategic coaching and consultation for improvement planning. Our holistic approach helps you connect the dots between school and student performance to create better outcomes for all. Are you ready to push your community of learners to a new level?

Broad expertise

Cognia collects and shares knowledge to create a brighter future for all. Our network of enthusiastic educators represents more than 36,000 schools around the world. We're here to help strengthen schools, to expand opportunities for all students. You can access an array of services that evaluate and enrich education: from its impact on the individual, to the effectiveness of your institution, to a broad view of your system. Informed by daily work with educators, we help you distill clarity from complexity across these topics.
