State of The Schools

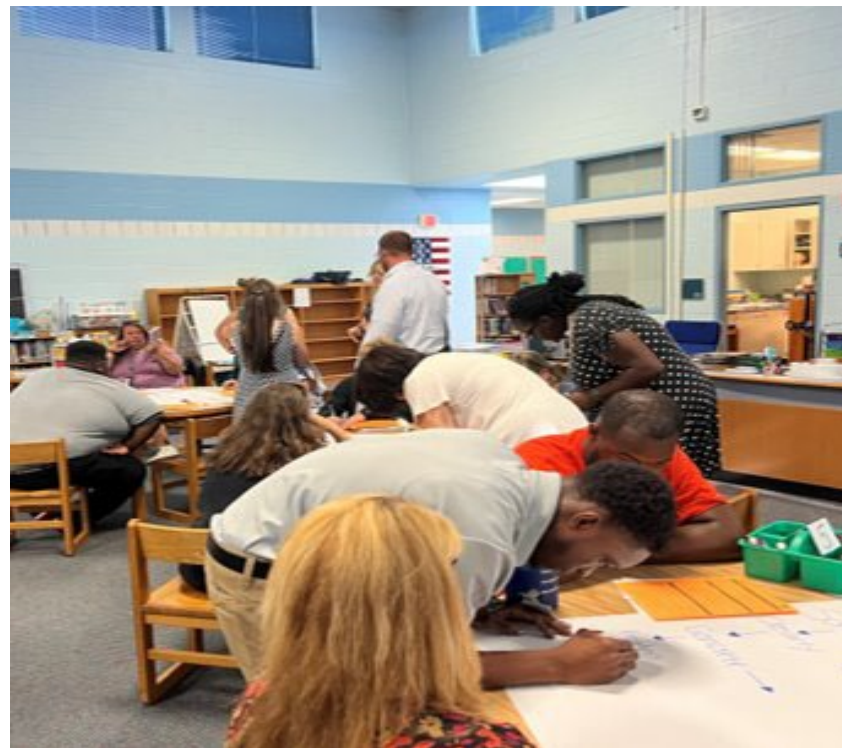

William B. Wade
Elementary

We Are Off To A Great Start!

- We started the school year with our *Fun Run* building teamwork and unity across all grade levels—while also raising funds for school programs.
- More student clubs have been added this year such as: Newspaper Club, Chess Club, Art Club, Anime Club and coming soon Wade Wildcat News Team.
- PBIS is thriving in our building! We are constantly working to meet the needs of each student to help promote a positive school environment.
- Teachers have been collectively working to improve their instructional practices.

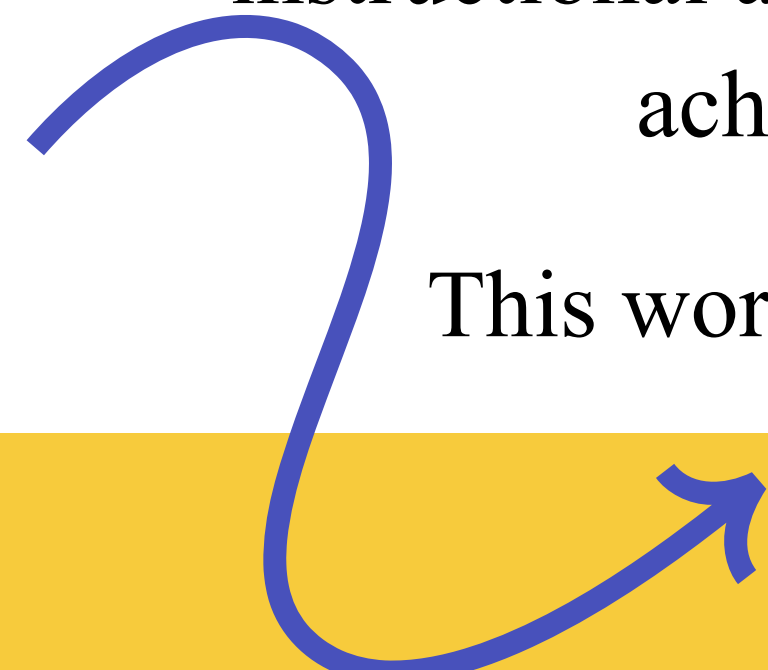

School Improvement

School Improvement is a decision-making model that schools utilize to ensure programming, teaching and learning, and culture and community, provide all students access, opportunity, and support to achieve at high levels.

Each school develops a School Improvement Plan (SIP). The SIP identifies priority goals, instructional and culture strategies, and supports schools will implement to raise student achievement and prepare students for college and career pathways.

This works starts at the elementary school and continues through high school.

Student Learning & Achievement

Reading

- In Reading, daily phonics and literacy instruction will be based on the Science of Reading
- Students will utilize their interactive notebooks to record their learning and thinking. Notebooks will also be used to house instructional materials and provide students with the opportunity to build their writing capacity which aligns with Writing Standard 2
- Teachers will attend weekly instructional meetings to examine state standards and apply them to their daily lesson plans
Teachers will focus on creating a success criteria with their classes and record their daily learning intentions in their classrooms.

Working together to achieve excellence for every student.

Student Learning & Achievement

Mathematics

- We will also use Illustrative Math to amplify, assess, and develop students' mathematical language first orally and then through writing.
- Students will use their Interactive Notebooks to practice math strategies presented in class and to analyze math models
- Students will work with math manipulatives to better understand math concepts and abstract ideas

Working together to achieve excellence for every student.

School Climate and Culture

- Increased number of school clubs and activities are being offered
- Teachers will utilize social emotional learning strategies to build classroom community and strong teacher-student relationships
- Administration will provide teachers with support and resources to build their toolbox with CASEL strategies
