

November is Family Engagement Month!

Check Out Our November Lineup for Tool Time Tuesdays at Noon!

Our Tool Time Segments are 30 minutes or less (except when indicated for longer) and will feature a resource or a tool that you can add to your toolbox to help you advocate for your child and make informed decisions. Every Tuesday at noon, ECAC staff and/or community partners will select a tool or resource to talk about, explain how you can use it and where you can find it.

Tool Time Tuesdays can be accessed [via Zoom](#).

Talking About the Tough Stuff

Talking About the Tough Stuff

How do you talk about difficult topics with children who have disabilities? Hear practical suggestions and tools for talking to your children about difficult subjects. Learn how to communicate clearly and consistently about challenging issues. Facilitating this session will be Anne Harris from the Carolina Institute for Developmental

Disabilities (CIDD).

Sibling Panel: What We Want You to Know (90 minutes)

Often times, when we hear about services and resources for families of children with disabilities, siblings are not included in the conversation. Yet they are the ones that will be in the life of their sibling with a disability the longest. This panel will be made

up of young adult siblings who will reflect upon what it was like growing up with a brother or sister with a disability. Sharing their past perspective through the eyes of a child and how that perspective has evolved as they became adults. What suggestions will they have for parents, educators and providers? This session will be 90 minutes.
