Retirement Savings Benefit Plans

Faculty

CFIS provides a contribution to the Alberta Teachers Retirement Fund (ATRF) for Teachers. Presently the maximum amount for this position is 9.51% of salary and Teacher contribution is mandatory based on prescribed contribution rates from ATRF.

Substitute Teachers are excluded from this plan but substitute teaching service is reported to ATRF monthly so these employees can purchase service if they wish to do so.

Staff

CFIS provides a contribution to a Registered Savings Plan for staff who are eligible for employee group benefits. The RSP benefit excludes certified teachers as they have the ATRF benefit. The percent of contribution by CFIS is determined by the years of service the employee has to the school. Employee contributions to the RSP program vary.

	Employee Years of Service	CFIS Contribution
RSP Level 1	0 to 5 years	3%
RSP Level 2	6 to 10 years	5%
RSP Level 3	11 + years	7%
