Who are we??

Our History.

The National Guard is a unique and essential element of the U.S. military. Founded in 1636 as a citizen force organized to protect families and towns from hostile attacks, today's National Guard Soldiers hold civilian jobs or attend college while maintaining their military training part time, always ready to defend the American way of life in the event of an emergency.

Our Mission.

National Guard Soldiers serve both community and country. Our versatility enables us to respond to domestic emergencies, overseas combat missions, counterdrug efforts, reconstruction missions and more. The Guard always responds with speed, strength and efficiency, helping to defend American freedom and ideals.

Our Citizen-Soldiers.

As a Guard Soldier, your primary area of operation is your home state. Any governor or the president himself can call on the Guard at a moment's notice. Typically, Guard Soldiers live at home, where they can be near friends and family while holding a civilian job. Drill is scheduled just one weekend each month. Two-week Annual Training takes place once each year.
