

## **Homeless Students- Enrollment Rights and Services**

To the extent practical and as required by law, the district will work with homeless students and their families to provide stability in school attendance and other services. Special attention will be given to ensuring the enrollment and attendance of homeless students not currently attending school.

Homeless students will be provided district services for which they are eligible, including Head Start and comparable pre-school programs, Title I, similar state programs, special education, bilingual education, vocational and technical education programs, gifted and talented programs and school nutrition programs.

Homeless students are defined as lacking a fixed, regular and adequate nighttime residence, including those students who are:

- A. Sharing the housing of other persons due to loss of housing or economic hardship;
- B. Living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations;
- C. Living in emergency or transitional shelters;
- D. Abandoned in hospitals;
- E. Awaiting foster care placement;
- F. Living in public or private places not designed for or ordinarily used as regular sleeping accommodation;
- G. Living in cars, parks, public spaces, abandoned buildings, substandard housing, transportation stations or similar settings; or
- H. Migratory children living in conditions described in the previous examples.

The superintendent will designate an appropriate staff person to be the district's liaison for homeless students and their families. If the district has identified more than ten unaccompanied youth, meaning youth not in the physical custody of a parent or guardian and including youth living on their own in any of the homeless situations described in the McKinney-Vento Homeless Education Act, the principal of each middle and high school building will establish a point of contact for such youth. The point of contact is responsible for identifying homeless and unaccompanied youth and connecting them with the district's homeless student liaison. The district's homeless student liaison is responsible for training the building points of contact.

According to the child's or youth's best interest, homeless students will continue to be enrolled in their school of origin while they remain homeless or until the end of the academic year in which they obtain permanent housing. Instead of remaining in the school of origin, parents or guardians of homeless students may request enrollment in the school in the attendance area the student is actually living.

Attendance options will be made available to homeless families on the same terms as families resident in the district, including attendance rights acquired by living in attendance areas, other student assignment policies, and intra and inter-district choice options.

If there is an enrollment dispute, the student will be immediately enrolled in the school in which enrollment is sought, pending resolution of the dispute. The parent or guardian will be informed of the district's decision
