Regarding: Narrative for the 2023-24 Proposed Budget and Multi-Year Financial Projections

## **Executive Summary**

As of this report, The Governor and State Legislature continue negotiations for the 2023-24 State budget. At this point, the Local Control Funding Formula (LCFF) Cost of Living Adjustment (COLA) for 2023-24 is projected at 8.22%. Furthermore, the Governor's current proposed budget continues to address declining enrollment allowing LEAs to utilize a 3-year rolling average, which is a benefit to WUSD. We expect that funding and programs, as well as other revisions to the State budget that have not been included in the District's proposed budget, will be included in an update to the District's budget following the adoption of the State budget.

#### **General Information**

The following information is provided as background for the 2023-24 budget report and the 2024-25 and 2025-26 Multi-Year Financial projections. The Los Angeles County Office of Education provides guidelines regarding the State's COLAs, projected LCFF funding levels, as well as other information which were used in preparing the budget report. It is important to note that budgets are fluid documents and once the Governor signs the State Budget, school districts have 45 days to adjust their local budgets if the signed budget is substantially different from the Governor's proposed budget. Other changes are made at the time of the First and Second Interim Reports.

For the 2023-24 Budget, staff estimated flat enrollment, average daily student attendance (ADA) and unduplicated (UPP) percentage, or 2487 enrolled, 2342 ADA, 37.52% single year UPP for all years 2022-23 and beyond. The District will update as new information becomes available. The projections are based on information as of May 2023.

### Revenues/ Expenditures

Revenues have been adjusted to reflect County Office of Education LCFF projections and revenues have also been revised based on updated estimates to other funding sources. In addition, expenditures have been revised based on updated estimates taken from current information. The District closely monitors potential sources of revenue as well as the potential increase in expenditures (step/column, Special Education, and other inflationary costs).

For 2022-23 Estimated Actuals, the District projects total revenues of \$40,326,619, and an Unrestricted General Fund deficit of \$1,205,747, an improvement from the Second Interim Financial Report. This improvement results from a realignment of programmatic expenditures from the unrestricted to the restricted accounts, net of cost decreases; an increase in the Local Revenues; and a reduced cost estimate for restricted contributions due primarily from a reduced special education program cost estimate.

The District also projects a 2022-23 combined ending fund balance of \$9,894,443, a decrease of \$652,110 from the Second Interim Financial Report. This decrease is attributable to a reduced revenue estimate in Federal programs related to one-time COVID funds. **The final 2022-23 operating surplus or deficit will be based on final closing activities.** 

For the 2023-24 adopted budget, the District projects total revenues of \$38,686,910, an Unrestricted General Fund deficit of \$773,358, and a General Fund ending fund balance of \$9,893,421, a decrease of \$1,022 from 2022-23 levels. The unrestricted account deficit and decrease in total fund balance, results from increased compensation costs due to step, column, longevity, bargaining unit agreement for health and welfare employer contributions, statutory retirement rate increases and anticipated reduction to special education revenue due to SELPA-wide reduction in student attendance.

#### Reserves

The District is required to maintain a minimum Reserve for Economic Uncertainties (REU) of no less than 3.0% of General Fund expenses and transfers. The District projects reserves above the required 3.0% REU requirement in the current fiscal year and two subsequent years.

It is projected that the 2022-23 General Fund ending balance designated as REU as a percentage of total expenditures will be 6.2%. The reserve for economic uncertainties increases to 8.2% and 10.9% when Funds 17, and Funds 17 & 20 are combined, respectively. The projected 2023-24 general fund ending balance designated as REU as a percentage of total expenditures is 5.7%. The REU increases to 7.7% and 10.4% when Funds 17, and Funds 17 & 20 are combined, respectively.

It is important to note that fiscal planning and reserve levels that exceed minimum State requirements has over time enabled the District to meet planned and unplanned financial challenges. Reserves serve as a safety net that allows the District to meet its obligations in the face of seen and unforeseen expenditures. Districts that do not have adequate reserves are usually the first ones that get into financial trouble when the unexpected happens.

## **Salary Settlements**

Negotiations with the Wiseburn Faculty Association (WFA) and with the California School Employees Association (CSEA), Chapter #486 will be forthcoming in 2023-24. In consideration of reserve levels indicated in the report, it is critically important to note that collective bargaining between the District and its employee associations and provisions for negotiated salary and benefit increases are not included in this report. It therefore can be anticipated that once completed, costs associated with new employee agreements will have a material effect on future financial projections.

### **Multi-Year Projections**

Staff has budgeted for an increase in LCFF revenues in the two years following the budget year, including continuing enrollment and average daily attendance at 2023-24 levels, and COLAs of 8.22% and 3.94% for 2023-24 and 2024-25, respectively. Revenues include \$1,850,000 from the District's Measure CL parcel tax.

It is also projected that Federal Revenues will decrease in 2023-24 by \$402,740 and be further reduced in subsequent years as CARES Act funding continues to expire by September of 2024. **In 2023-24, State Revenues are** 

projected to decrease by \$2,376,587, reflecting reduced or eliminated funding of one-time grants including the In Person Instruction, Special Education Learning Recovery, Educator Effectiveness, Learning Recovery Emergency Block, and the Arts, Music, & Instructional Block grants. It is also projected that Local Revenue will decrease by \$647,791 from 2022-23 to 2023-24.

Expenditures are being adjusted for estimated step/column costs, inflationary costs (i.e., utilities), and rising Special Education costs. The District has also included the projected CalSTRS and CalPERS employer-paid contributions. For CalSTRS, the District assumes the CalSTRS rate will be 19.10% in both 2023-24 and 2024-25. For CalPERS, the District assumes the CalPERS rate will be 26.68% in 2023-24 and 27.7% in 2024-25, an increase from prior years. Actual contribution rates are subject to change, pending the adoption of the 2023-24 State Budget and trailer bills.

Increased COLAs are applied to LCFF revenues for **2023-24**; however, the District has not estimated costs associated with collective bargaining during the projection period as they will be subject to negotiation and Board approval. In this forecast, the District projects a stable ending fund balance, and adequate reserve levels necessary to meet the State's statutory 3% REU **requirement through 25-26**.

#### Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

#### A. Salaries and Benefits - Other General Administration and Centralized Data Processing

 Salaries and benefits paid through pay roll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702) (Functions 7200-7700, goals 0000 and 9000)

#### Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

## A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

# B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

#### 4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)\* and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹ Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

#### S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

#### If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the district governing board and superintendent.
