

Foster Care Plan

The Mill Creek Public School District is committed to provide all students with sound educational experiences. We recognize that foster children are at an increased risk of grade retention, gaps in academic achievement, low high school graduation rates, and postsecondary enrollment. These provisions promote greater stability for children in foster care so that they can continue their education without disruption, maintain important relationships with peers and adults, and have the opportunity to achieve college- and career readiness.

The educational stability includes assurances that (1) a child in foster care will remain in the child's school of origin, unless a determination is made that it is not in the child's best interest in that school and (2) if a determination is made that it is not in the child's best interest to remain in the school of origin, the child will be immediately enrolled in the school of residence, even if the child is unable to produce records normally required for enrollment.

School District Assurances

- Each placement of the child in foster care takes into account the appropriateness of the current educational setting and the proximity to the school in which the child is enrolled at the time of placement.
- The state child welfare agency will coordinate with appropriate local educational agencies to ensure that the child remains in the school in which the child is enrolled at the time of placement.
- If it is not in the best interest of the child to return to the resident school, the child will immediately be provided the appropriate enrollment to the Mill Creek Public School District.
- The Mill Creek Public School District will gather and maintain educational records and promptly send them to any district where the student moves.
