

Cherokee College and Career (C3) Academy Overview

C3 Instructors

- Ashley Grande, Cybersecurity
- Scott Dubee, Flight Operations & Unmanned Aircraft Systems

Paves the way for many technology/computer related careers such as network administrator, information analyst, security analyst and many more. The field is ever expanding both in government and private sectors.

Cybersecurity Pathway

Courses:

- Introduction to Hardware Technology (IHT) *taken at your high school in the Edgenuity Lab via Canvas*
- Introduction to Cybersecurity @ C3 Academy
- Advanced Cybersecurity @ C3 Academy

End of Pathway Assessments:

- CompTIA Cybersecurity+
- CompTIA IT+

Aviation Pathways

Paves the way for entry into the vast airline/aircraft industry. These courses introduce students to careers including pilot, mechanic, controller, administrative, and more both government and private sectors. Students are introduced to flight basics and have the opportunity to take the FAA Part 107 Small Unmanned Aircraft Systems certification (drones) as well as prepare for their private pilot certification.

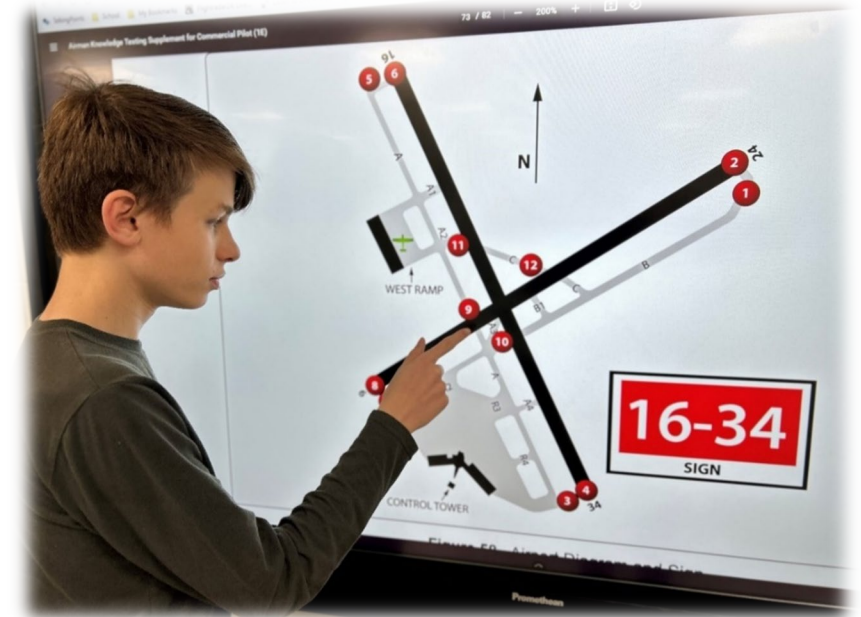

Aviation Pathways

Courses:

- Fundamentals of Aerospace (*year one*)
- Flight Operations I (*year one*)
- Flight Operations II (*year two*)
- Unmanned Aircraft Systems (*year two*)

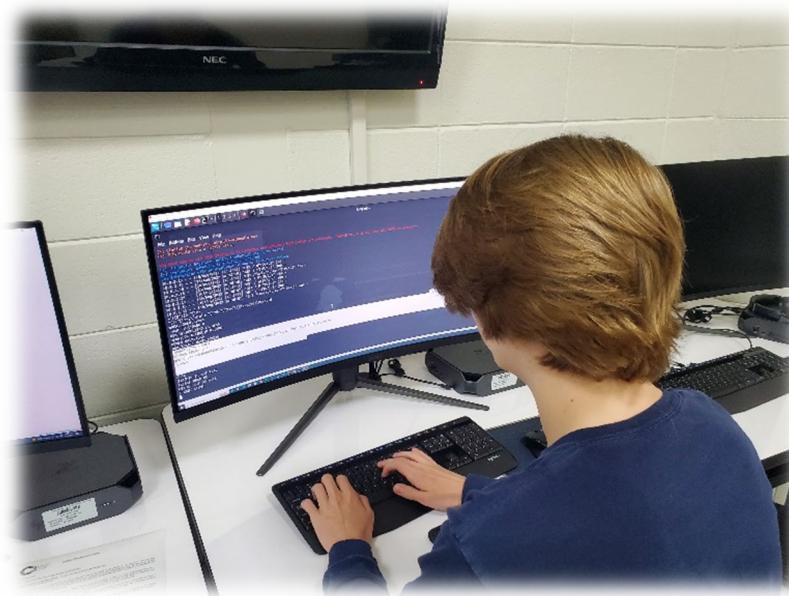

End of Pathway Assessments:

- FAA Remote Pilot Certificate (part 107)

Attendance

- Students attend either 1st – 2nd periods with a 3rd period lunch OR 6th – 7th periods with 5th period lunch.
- C3 Academy students attend school face-to-face each day of the week.

Bus Transportation

- Bus transportation from home zoned high school to C3 Academy is an option.
- All bus rules must be always followed. Failure to follow the rules and/or abide with the directions of a school employee can result in loss of bus transportation privileges.
- Students will ride a high school bus to their zoned high school then transfer to an ACTIVE Academy bus. **While waiting for the ACTIVE Academy bus at the home zoned high school, students will abide by all directions and stay in their assigned area.**

Transportation and Parking

Transportation is available via ACTIVE Academies hub bus from home zoned high school. Students may also choose to drive or be dropped off on campus. Students will enter through the C3 Academy entrance.

Registration

- Students will register for any C3 course through their home high school.
- Students should see their home high school guidance counselor to register for the courses.
- Cybersecurity Pathway
 - ✓ Same courses offered during the morning and afternoon time slots.
- Aviation Pathways
 - ✓ First Year Courses (Fundamentals & Flight Operations I) offered **only** during the morning time slot.
 - ✓ Second Year Courses (Flight Operations II & Unmanned Aircraft Systems) are offered **only** during the afternoon time slot.
