

RFP 470# 240002331:

Is Smartnet / support required? If so what is the term and level? (next business day or 4 hours?).
Request mentions "Standard manufacturer warranty", we want to confirm Smartnet is NOT
required.

SmartNet is not required.

Are Stack modules and cables required? If so, what length? Short (standard) or long?

Stacking modules and cables are not required.

Is SSD required?

No.

Are dual power supplies required?

No.

What power cord are required?

Standard power cables which typically ship with network equipment are sufficient. Special cables are not required.

Are 76 switches required or 38?

38

Do you need quote to be separated by location? If so can you confirm quantity of switches /
location?

No.
