

WHAT IS P-TECH ?

P-TECH stands for Pathways in Technology Early College High School. This program allows students to receive both a high school diploma and a credential and/or an associate degree. The hallmark of the P-TECH model is its career focus and the provision of work-based education.

P-TECH at Poteet High School

Poteet High School partners with Palo Alto College to offer students concurrent enrollment for this program

Poteet ISD pays for all tuition costs, textbooks, and instructional fees.

Upon successful completion of the program, students are able to participate in both Poteet High School and Palo Alto College graduation ceremonies.

P-TECH

Network and Cloud Computing

Poteet High School and Palo Alto College will be offering a Network and Cloud Computing pathway. The P-TECH pathway focuses on information technology and networking. Students have the potential to earn 60 college credit hours through this program. The variety of classes that students will take for this program can prepare them for various certification they could potentially acquire.

The U.S. Bureau of Labor Statistics projects much faster than average growth and excellent job prospects for Network Administrators.

*"THE SCIENCE OF TODAY
IS THE TECHNOLOGY OF
TOMORROW"
Edward Teller*

WHY CHOOSE THIS PATHWAY?

Students who pursue this degree will have a wide variety of job opportunities in the information technology and networking industries, such as: health care, financial services, education, education, entertainment, and more. Students also have career opportunities such as Network Administrator, Network Engineer, Network Installer, Network Technician, Help Desk Technician, and much more.

CERTIFICATIONS

The Network and Cloud Computer A.A.S can lead to the globally recognized Cisco CCNA certification. Other certifications that students could potentially receive are: CompTIA A+, Cloud Computing Certification, and CompTIA Security +.
