August, 2014

Dear Parent or Guardian:

We know that many students and their families would like to have Internet service at home so they can do homework, search for jobs, download music, communicate with others and much more. We also believe the Internet can be an important part of your child's education.

That's why we want to make sure you know about a program provided by Comcast called Internet Essentials.SM

If you have at least one child eligible to participate in the National School Lunch Program, your family may qualify for fast, affordable home Internet service for the new school year. Internet Essentials costs just \$9.95 per month (plus tax). For participating families, there are no price increases, no activation fees or equipment rental fees.

In addition, you can buy a low-cost computer for just \$149.99 (plus tax) and receive free Internet training — online, in print and in person.

If you think this might be right for your family, it's easy to get started. Visit InternetEssentials.com to learn more and see if you qualify, or call 1-855-8-INTERNET (1-855-846-8376) to enroll and get connected.

Again, we want to make sure that our students have access to online learning, and we are excited to tell you about programs like Internet Essentials that may be helpful to your family.

Sincerely,

Merri Beth Kudrna, Ed.D.
Curriculum Director

Internet Essentials is a program to provide home Internet service for families. It is not a school program, and is not endorsed or required by your school. Your school is not responsible for Internet Essentials accounts. No school funds were used for this notice.
