

MOTHER SETON SCHOOL

A Pre-K - Grade 8 Catholic School for All

November 8, 2023

Dear Families,

Due to unforeseen circumstances relating to the urgent waterline repairs on our property, **Mother Seton School will need to close On Monday, November 20, and Tuesday, November 21.**

Contractors must perform additional pipework, including a switchover that necessitates shutting the water off. As inconvenient as this unanticipated situation is, it is vital to accomplish this as soon as possible as it directly affects our Daughters of Charity who reside nearby. The week of Thanksgiving offers the least disruptive time for our students while still allowing for the work to be completed promptly for the sake of everyone, especially the Sisters.

Despite this unexpected inconvenience, we are excited that this situation allows our faculty to engage in a Professional Development Day on that Monday. We are grateful to the Sisters for providing space at St. Joseph's House for our teachers to gather.

The Thanksgiving and Memorial Mass scheduled for Monday has been rescheduled for Friday, November 17, at 9:30 a.m. We will still hold a roll call of names to be remembered, and our new Student Council will be inducted at the end of Mass. All are welcome to attend!

Additionally, please note that Trimester 1 ends on November 22. **Any outstanding work should be turned in by Friday, November 17**, if it is on paper or cannot be submitted electronically. Electronic submission of outstanding assignments may be emailed or uploaded through Google Classroom by Wednesday, November 22. Please contact your child's teacher with any questions or concerns.

I greatly appreciate your understanding in this matter.

Sincerely,

Kathleen J. Kilty, PhD
Principal
