Brendle farm, across from Meadows of Strasburg, has been purchased and plans are in development to turn property into Phase 4 with a potential of 55 residential units, 3 of which would be in Strasburg Borough.

17. The Retreat at Strasburg Village – 1533 Village Road

Total of 12 new homes to be built in new residential development on Village Road and Susan avenue.

**Potential number of residences at this time in Strasburg Township is 343.**

**SUMMARY OF PROJECTED NEW HOMES**

**Summary**

A total of **722** homes are potential for the next few years depending upon many factors including the economy and the sewer moratorium. The breakdown by municipality for these potential homes is as follows:

Strasburg Borough	31
Strasburg Township	343 *
West Lampeter Township	348 **

- \* includes 200 units targeted at retirees and young professionals without children
- \*\* includes 5 non-development homes annually and 160 proposed/unbuilt units at Willow Valley that will not house school-age children

Presently, we average **.2822** children per household that attend public school. If the home school, tutor, and cyber school students (308) and private/parochial students (707) are included in the calculation, the average household contains .3843 school-age children. If Willow Valley's households (1,596) were excluded, each household averages .4579 school-age children. If this ratio continues and if all units are built, this would be an increase of approximately 204 school-age children residing in the District.

Our students come from approximately 2,103 different addresses (households). This means that approximately 21.17% of our households have students in school. If Willow Valley is subtracted, the percent of our households that have students in school is approximately 25.22%.

Numbers of students in District buildings do not accurately reflect the number of students who are receiving their education through the District given that some students attend the Lancaster County Career and Technology Center, Lancaster County Academy, Lancaster Lebanon Virtual Solutions, or other appropriate placements located outside the District. The number of District secondary students currently being educated for either full or partial days outside the District is 123, while the number of elementary students is 12.

### **Growth Time Line**

The closing of Strasburg Elementary School in 2013 transitioned all K-2 students to Lampeter Elementary School. Once opened, the newly constructed Early Childhood Center will house pre-kindergarten, kindergarten, and school-aged childcare (SACC). With these transitions, the following statements are true:

1. The District continues to implement a Feasibility Study that was completed by Crabtree, Rohrbaugh and Associates. The study includes a review of all District buildings and student growth projections.
2. Given the scheduled opening of the Early Childhood Center, Lampeter Elementary School will house first and second grades, and will once again be able to utilize all educational spaces for their intended purpose. Taking into account student projections based upon live births, it appears all other buildings will remain within student capacity limits for the foreseeable future.
3. All buildings continue to be properly maintained and remain in good condition given their age. The previously referenced Feasibility Study includes recommendations to enable District buildings to continue to meet the needs of all learners. Martin Meylin Middle School is currently in the design phase for comprehensive renovations that will span multiple years. Hans Herr Elementary School and the high school are scheduled to follow with design phases and renovations, as outlined in the Feasibility Study.

**It is, however, important to remember that enrollment numbers are based on projections. The further into the future that the one extends, the less reliable the projections become.**
