Vision of a Veritas Defender

We are committed to growing students towards an ideal of the good, wise, and virtuous young man or woman of faith. The Veritas Valiant reflects one such idealized vision that we hope our students aspire to become, while a Defender reflects the present status, or reality, of all of our students as they are *becoming* Valiant-like.

PORTRAIT OF A DEFENDER

We desire to cultivate people, particularly students, who:

1. Understand and believe the Gospel, trusting Jesus Christ as Lord and Savior.
2. Are present and active in the worship and life of the local body of Christ.
3. Find joy in the study of Scripture, prayer, and service of Jesus Christ.
4. Read deeply and charitably; reason truthfully, diligently, and earnestly.
5. Speak and write with clarity, wisdom, and eloquence.
6. Engage creation with wonder and respect; pursue beauty and good workmanship.
7. Love Christ the King, following his command to make disciples of all the nations, teaching them to love God and one another.

Grammar School Overview

GRAMMAR STAGE

In the Grammar School, basic factual content and rules—the “grammar”—of each subject is mastered. The curricular emphasis during these years is on learning basic facts and figures during the time when children love to memorize (and when they are best at doing so).

PARENT INVOLVEMENT

The parent's role in Grammar School is that of a co-teacher. As such, one parent needs to lead in the co-teaching role and become familiar with the grade level's curriculum and basic teaching techniques to actively engage and implement lessons on School@Home days. There are also ample opportunities for parents to volunteer on-campus and to attend in-class presentations and grade level special events.

SCHOOL TRADITIONS

Special Grammar School traditions include Chapel, Veritas ROCKS, a winter Daddy-Daughter Dance, Mother-Son Event, and an annual Food Drive.

COMMUNITY CONNECTIONS

Opportunities for Grammar School students to connect to the entire community include Defender Family Night, Fall Roundup, and more.

VERITAS ROCKS

Based on the Biblical concept of building our homes on rock and not on sand, Veritas ROCKS summarizes the standard of behavior that will be promoted at Veritas Academy:

- R – Respect Authority
- O – Others are Important
- C – Correction: Accept it and Learn from it
- K – Keep Yourself Prepared
- S – Seek Excellence

Special Events

HISTORY CELEBRATION

As your family wraps up their year of History Study, we will celebrate each of the cultures and time periods studied with a Grammar-Wide Celebration. Games, costumes and food make this event an occasion the whole family will remember and reminisce for years to come.

READ ALOUD CELEBRATION

Students come together at the end of each At Home GS Read Aloud to celebrate unique aspects of each book, such as a play or puppet show, an on-campus scavenger hunt, pie eating contest, and more.

FIELD TRIPS

Students attend an average of 2 field trips each year. These trips build on prior learning, engage in wonder and beauty, and build community.

4th Grade

Core Subjects

MATH	This course will cover whole numbers and place value up to 10 million, factors and multiples, estimation in addition/subtraction/multiplication/division, multiplication/division of 4 digit numbers by 1 and 2 digit numbers, addition/subtraction/multiplication of fractions, tables and graphs, geometry, area and perimeter, addition/subtraction/multiplication/division of decimals, conversion between decimals and fractions, division of money and measurement units, and beginning algebraic concepts.
HANDWRITING	While no formal review is given, students complete assigned homework practice and are expected to utilize cursive on most assignments.
READING	The love of reading is best caught when students read a book that fits them. Students receive individualized instruction by reading through basal readers with a controlled vocabulary. As students are ready, they transition into appropriate chapter books and specified comprehension questions are introduced. On home days, families will read a variety of classics through our assigned Grammar School read aloud. Classes also prepare <i>A Christmas Carol</i> for a read-aloud presentation at Christmas.
SPELLING	Students continue to build their knowledge of single and multi-letter phonograms and study the spelling of the most frequently used words. Several spelling rules are reviewed as words grow more challenging.
MEMORY WORK	With the desire that families would memorize Scripture together, all GS students memorize a passage of Scripture along with the rest of the school. "Thinking Points" are provided to facilitate meaningful discussion around the dinner table.

Daily Schedule 8:10am-3:30pm

Bible – 20 minutes

Morning Meeting – 20 minutes

Math – 80 minutes

Science/History – 45 minutes

Lunch – 25 minutes

Recess – 25 minutes

Spelling – 30 minutes

Grammar – 30 minutes

Latin – 20 minutes

Literature – 40 minutes

Independent Reading – 30 minutes

Specials Wheel – 60 minutes

In Grammar School, courses are combined into one core block and teachers structure the school day to include instruction of all subjects. This daily schedule is a general guide of a typical school day.

School@Home Day generally 5-6 hours per day

To prepare for each week, co-teachers will access and download homework from Family Portal, our online school management system. Co-teachers will then guide their student through the homework provided by the classroom teacher and can expect to spend approximately 2-2.5 hours on Language Arts, 1-1.5 hours on Math, and 30-40 minutes on Science/History per day.

Presentations & Projects

In order to provide ample opportunities for students to become comfortable and confident in their public speaking skills, Fourth Graders have two major presentations during the school year. Rhetoric skills learned in Grammar and Logic schools build toward the capstone Senior Thesis, a 20-minute memorized speech that students present and defend in the spring of their Senior year.

POETRY CAFÉ

A Note on History & Science

History

Students in Grades 1-4 will be introduced to a sweeping view of history from Creation through modern times as they study and learn together family style. Each year, the curriculum will highlight specific historical times and events in order to make Biblical connections, examine culture and arts, read rich literature, and participate in living history events.

Science

From Creation to Marie Curie, students follow science as it unfolds in history. Throughout their Grammar School career, students will be exposed to a variety of scientific topics, including medicine, physiology, biology, chemistry, geology, electricity, magnetism, heat, light, and sound waves, as well as the famous men and women behind the different scientific fields and discoveries.
