The Board desires to keep district schools free of alcohol and other drugs in order to help prevent violence, promote school safety and create a well-disciplined environment conducive to learning.

The Superintendent or designee shall select a performance measure that will be used to monitor and determine the effectiveness of the district's program in reducing drug and alcohol use.

The Superintendent or designee shall clearly communicate to all students, staff and parents/guardians the district's policies, regulations and school rules related to the use of alcohol and other drugs on school campuses or at school activities.

Staff should encourage students to participate as responsible partners in efforts to maintain a safe, constructive school climate.

The Board encourages the establishment of site-level advisory groups to assist in promoting alcohol- and drug-free schools.

Instruction

The district shall provide science-based preventative instruction which has been proven effective in helping students avoid the use of alcohol and other drugs.

All instruction and related materials shall consistently state that unlawful use of alcohol or other drugs is wrong and harmful. Instruction shall not include the concept of responsible use of drugs or alcohol when such use is illegal. (20 USC 7114, 7162; Health and Safety Code 11999.2)

The district shall offer staff development activities for staff who implement the comprehensive drug and alcohol prevention and intervention program.

Behavioral Interventions for Special Education Students

A special education student's behavior shall be subject to the disciplinary measures applicable to all students for such infractions unless it is a serious behavior problem as defined below.

More serious behavioral problems shall be addressed through the systematic use of behavioral and emergency interventions as provided below.

Definitions

Serious behavioral problems are behaviors which are self-injurious, assaultive or cause property damage, and other severe behavior problems that are pervasive and maladaptive for which instructional/behavioral approaches specified in the student's individualized education program (IEP) are found to be ineffective.

Behavioral intervention is a systematic implementation of procedures that result in lasting positive changes in the individual's behavior. "Behavioral intervention" means the design, implementation and evaluation of individual or group instructional and environmental modifications, including programs of behavioral instruction, to produce significant improvements in human behavior through skill acquisition and the reduction of problematic behavior. Behavioral interventions are designed to provide the individual greater access to a variety of community settings, social contacts and public events and ensure the individual's right to placement in the least restrictive environment, pursuant to the student's IEP. The use of behavioral interventions shall not cause pain or trauma, shall respect the individual's human dignity and personal privacy, and shall assure his/her physical freedom, social interaction and individual choice.

Behavior intervention plan is a written document which is developed when the student exhibits a serious behavior problem that significantly interferes with the implementation of the student's IEP.

Behavioral intervention case manager is a designated certificated school district/county staff member or other qualified personnel contracted by the district or county office, and trained in behavior analysis with emphasis on positive behavioral interventions.

Behavioral emergency is the demonstration of a serious behavior problem which has not previously been observed and for which a behavioral intervention plan has not been developed, or for which a previously designed behavioral intervention is not effective.

Functional Analysis Assessment

When a special education student's serious behavioral problem significantly interferes with implementing the goals and objectives of his/her IEP, the student's IEP team shall determine whether the instructional/behavioral approaches specified in the student's IEP have proven ineffective. If the IEP team finds that these approaches have been ineffective, a functional analysis assessment shall be conducted.

Before a functional analysis assessment begins, parents/guardians shall be notified and consent obtained pursuant to Education Code 56321. No such assessment shall preclude a parent/guardian from requesting a functional analysis assessment on the basis of language and speech disorders or specific learning disabilities.

The functional analysis assessment shall be conducted by, or be under the supervision of, a person with documented training in behavior analysis with an emphasis on positive behavioral interventions. This staff shall:

1. Observe the targeted inappropriate behavior, its frequency, duration and intensity
2. Observe events immediately preceding the behavior
3. Observe the consequences of the behavior to determine the purpose it serves for the student
4. Analyze the environment in which the behavior most frequently occurs
5. Analyze records for medical and health factors which may influence behavior
6. Review the history of the behavior, including the effectiveness of interventions used in the past

The parent/guardian shall receive a complete written report of the assessment. The report shall include:

1. A description of the nature and severity of the targeted behavior(s) in objective and measurable terms
2. A description of the targeted behavior that includes baseline data and an analysis of the antecedents and consequences that maintain the behavior and a functional analysis of the behavior across all appropriate settings in which it occurs
3. A description of the rate of alternative behaviors, their antecedents and consequences
4. A proposed behavioral intervention plan for consideration by the IEP team.

Behavioral Intervention Plan

Within 10 business days after removing a student for more than 10 school days in a school year or commencing a removal that constitutes a change in placement, the district shall implement a behavioral intervention plan in accordance with 34 CFR 300.530, Board policy and administrative regulation.

Based on the functional assessment, the IEP team shall meet to determine whether a behavioral intervention plan is needed. If such a plan is needed, the IEP team shall be expanded to include a behavioral intervention case manager, qualified staff knowledgeable of the student's health needs, and others with expertise as deemed necessary by the parent/guardian, district or Special Education Local Plan Area (SELPA). This team shall develop a written behavioral intervention plan which includes:

1. A summary of relevant and determinative information gathered from the functional analysis assessment
2. An objective and measurable description of the targeted maladaptive behavior(s) and replacement positive behavior(s)
3. The student's goals and objectives specific to the behavioral intervention plan
4. A detailed description of interventions to be used and the circumstances for their use
5. Specific schedules for recording the frequency of intervention use and the frequency of the targeted and replacement behaviors, including specific criteria for discontinuing an intervention for lack of effectiveness or replacing it with a specified and identified alternative
6. Criteria by which the procedure will be faded or phased-out, or less intense/restrictive intervention schedules or techniques that will be used
7. Those behavioral interventions which will be used in the home, residential facility, work site or other noneducational settings
8. Specific dates when the IEP team will periodically review the efficacy of the program
9. The frequency of the consultation to be provided by the behavioral intervention case manager to the staff and parents/guardians who are responsible for implementing the plan

Based on the results of the functional analysis assessment, interventions specified in the plan may include:

1. Altering the identified antecedent event to prevent the occurrence of the behavior
2. Teaching the student alternative behaviors that produce the same consequences as the inappropriate behavior
3. Teaching the student adaptive behaviors which ameliorate negative conditions that promote the display of inappropriate behaviors

4. Manipulating the consequences for the display of inappropriate behaviors and alternative, acceptable behaviors, so that the alternative behaviors more effectively produce desired outcomes

Acceptable responses to targeted behavior may include, but are not limited to, one or more of the following:

1. The behavior is ignored, but not the student.
2. The student is verbally or verbally and physically redirected to an activity.
3. The student is provided with feedback.
4. The message of the behavior is acknowledged.
5. A brief physical prompt is provided to interrupt or prevent aggression, self-abuse or property destruction.

The behavioral intervention plan shall become a part of the student's IEP and shall be sufficiently detailed so as to direct the plan's implementation.

A copy of the behavioral intervention plan shall be provided to the person or agency responsible for implementation in noneducational settings.

At intervals scheduled by the IEP team, the behavioral intervention case manager, parent/guardian and others as appropriate shall evaluate the effectiveness of the behavioral intervention plan in accordance with law. This review may be conducted in meetings, by telephone conference, or by other means, as agreed upon by the IEP team.

If the IEP team determines that changes in the behavioral intervention plan are necessary, the teacher and behavioral intervention case manager shall conduct additional functional analysis assessments and, based on the outcomes, propose changes to the plan.

The parent/guardian and the behavioral intervention case manager or qualified designee may make minor modifications without an IEP team meeting. The parent/guardian shall be notified of the need for modification and shall be able to review the existing program evaluation data prior to implementing the modification. Parents/guardians shall be informed of their right to question any modification to the plan through the IEP procedures.

The IEP team also may include in the plan contingency schedules for altering specified procedures, their frequency or their duration, without reconvening the IEP team.

Emergency Interventions

Emergency interventions not specified in a student's behavioral intervention plan shall be used only when necessary to control unpredictable, spontaneous behavior which poses clear and present danger of serious physical harm to the student or others and which cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. Emergency interventions shall not be used as a substitute for systematic behavioral intervention plans.

Only emergency interventions approved by the SELPA may be used. No emergency intervention shall be used for longer than is necessary to contain the behavior. Upon prolonged use of an emergency intervention, staff shall seek assistance of the principal or law enforcement agency, as applicable to the situation.

Parents/guardians shall be notified within one school day whenever emergency intervention is used or serious property damage occurs. A behavior emergency report shall immediately be completed, kept in the student's file, and forwarded to the Superintendent or designee for review. This report shall include:

1. The name and age of the student
2. The setting and location of the incident
3. The name of the staff or other persons involved
4. A description of the incident and the emergency intervention used
5. A statement of whether the student is currently engaged in a systematic behavioral intervention plan
6. Details of any injuries sustained by students or others, including staff, as a result of the incident

If the behavior emergency report is for a student who does not have a behavioral intervention plan, the Superintendent or designee shall, within two days, schedule an IEP team meeting to review the emergency report, determine the necessity for a functional analysis assessment, and determine the necessity for an interim behavioral intervention plan. The IEP team shall document the reasons for not conducting an assessment and/or not developing an interim plan.

If the behavior emergency report is for a student who has a behavioral intervention plan, any incident involving a previously unseen serious behavior problem or where a previously designed intervention is not effective shall be referred to the IEP team. The IEP team shall review the incident and determine whether the student's plan needs to be modified.

Prohibited Interventions

The district prohibits any use of the following:

1. Any intervention designed or likely to cause physical pain
2. Releasing noxious, toxic or otherwise unpleasant sprays, mists or substances near the student's face
3. Any intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort or access to the bathroom
4. Any intervention that subjects the student to verbal abuse, ridicule, humiliation or excessive emotional trauma
5. Use of any material or objects which simultaneously immobilize all hands and feet, except that prone containment or similar techniques may be used by trained staff as a limited emergency intervention
6. Locked seclusion, unless in a facility otherwise licensed or permitted by law to use a locked room
7. Any intervention that precludes adequate supervision of the student
8. Any intervention that deprives the student of one or more of his/her senses
9. Force exceeding what is reasonable and necessary under the circumstances

and other appropriate means, of district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for perpetrators of bullying.

The district may provide students with instruction, in the classroom or other educational settings, that promotes effective communication and conflict resolution skills, social skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

Intervention

Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Superintendent or designee shall develop means for students to report threats or incidents confidentially and anonymously.

3. The conduct has the purpose or effect of having a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment.
4. Submission to or rejection of the conduct by the student is used as the basis for any decision affecting the student regarding benefits and services, honors, programs, or activities available at or through any district program or activity.

School-Level Complaint Process/Grievance Procedure

Complaints of sexual harassment, or any behavior prohibited by the district's Nondiscrimination/Harassment policy - BP 5145.3, shall be handled in accordance with the following procedure:

1. **Notice and Receipt of Complaint:** Any student who believes he/she has been subjected to sexual harassment or who has witnessed sexual harassment may file a complaint with any school employee. Within 24 hours of receiving a complaint, the school employee shall report it to the district Coordinator for Nondiscrimination/Principal. In addition, any school employee who observes any incident of sexual harassment involving a student shall, within 24 hours, report this observation to the Coordinator/Principal, whether or not the victim files a complaint.

In any case of sexual harassment involving the Coordinator/Principal to whom the complaint would ordinarily be made, the employee who receives the student's report or who observes the incident shall instead report to the Superintendent or designee.

2. **Initiation of Investigation:** The Coordinator/Principal shall initiate an impartial investigation of an allegation of sexual harassment within five school days of receiving notice of the harassing behavior, regardless of whether a formal complaint has been filed. The district shall be considered to have "notice" of the need for an investigation upon receipt of information from a student who believes he/she has been subjected to harassment, the student's parent/guardian, an employee who received a complaint from a student, or any employee or student who witnessed the behavior.

If the Coordinator/Principal receives an anonymous complaint or media report about alleged sexual harassment, he/she shall determine whether it is reasonable to pursue an investigation considering the specificity and reliability of the information, the seriousness of the alleged incident, and whether any individuals can be identified who were subjected to the alleged harassment.

3. **Initial Interview with Student:** When a student or parent/guardian has complained or provided information about sexual harassment, the Coordinator/Principal shall describe the district's grievance procedure and discuss what actions are being sought by the student in response to the complaint. The student who is complaining shall have an opportunity to describe the incident, identify witnesses who may have relevant information, provide other evidence of the harassment, and put his/her complaint in writing. If the student requests confidentiality, he/she shall be informed that such a request may limit the district's ability to investigate.
4. **Investigation Process:** The Coordinator/Principal shall keep the complaint and allegation confidential, except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

The Coordinator/Principal shall interview individuals who are relevant to the investigation, including, but not limited to, the student who is complaining, the person accused of harassment, anyone who witnessed the reported harassment, and anyone mentioned as having relevant information. The Coordinator/Principal may take other steps such as reviewing any records, notes, or statements related to the harassment or visiting the location where the harassment is alleged to have taken place.

When necessary to carry out his/her investigation or to protect student safety, the Coordinator/Principal also may discuss the complaint with the Superintendent or designee, the parent/guardian of the student who complained, the parent/guardian of the alleged harasser if the alleged harasser is a student, a teacher or staff member whose knowledge of the students involved may help in determining who is telling the truth, law enforcement and/or child protective services, and district legal counsel or the district's risk manager.

5. **Interim Measures:** The Coordinator/Principal shall determine whether interim measures are necessary during and pending the results of the investigation, such as placing students in separate classes or transferring a student to a class taught by a different teacher.
6. **Optional Mediation:** In cases of student-on-student harassment, when the student who complained and the alleged harasser so agree, the Coordinator/Principal may arrange for them to resolve the complaint informally with the help of a counselor, teacher, administrator, or trained mediator. The student who complained shall never be asked to work out the problem directly with the accused person unless such help is provided and both parties agree, and he/she shall be advised of the right to end the informal process at any time.
7. **Factors in Reaching a Determination:** In reaching a decision about the complaint, the Coordinator/Principal may take into account:
 - a. Statements made by the persons identified above
 - b. The details and consistency of each person's account
 - c. Evidence of how the complaining student reacted to the incident
 - d. Evidence of any past instances of harassment by the alleged harasser
 - e. Evidence of any past harassment complaints that were found to be untrue

To judge the severity of the harassment, the Coordinator/Principal may take into consideration:

- a. How the misconduct affected one or more students' education
- b. The type, frequency, and duration of the misconduct
- c. The identity, age, and sex of the harasser and the student who complained, and the relationship between them

- d. The number of persons engaged in the harassing conduct and at whom the harassment was directed
- e. The size of the school, location of the incidents, and context in which they occurred
- f. Other incidents at the school involving different students

8. **Written Report on Findings and Follow-Up:** No more than 30 days after receiving the complaint, the Coordinator/Principal shall conclude the investigation and prepare a written report of his/her findings. This timeline may be extended for good cause. If an extension is needed, the Coordinator/Principal shall notify the student who complained and explain the reasons for the extension.

The report shall include the decision and the reasons for the decision and shall summarize the steps taken during the investigation. If it is determined that harassment occurred, the report shall also include any corrective actions that have or will be taken to address the harassment and prevent any retaliation or further harassment. This report shall be presented to the student who complained, the person accused, the parents/guardians of the student who complained and the student who was accused, and the Superintendent or designee.

In addition, the Coordinator/Principal shall ensure that the harassed student and his/her parent/guardian are informed of the procedures for reporting any subsequent problems. The Coordinator/Principal shall make follow-up inquiries to see if there have been any new incidents or retaliation and shall keep a record of this information.

Enforcement of District Policy

The Superintendent or designee shall take appropriate actions to reinforce the district's sexual harassment policy. As needed, these actions may include any of the following:

1. Removing vulgar or offending graffiti
2. Providing training to students, staff, and parents/guardians about how to recognize harassment and how to respond
3. Disseminating and/or summarizing the district's policy and regulation regarding sexual harassment
4. Consistent with the laws regarding the confidentiality of student and personnel records, communicating the school's response to parents/guardians and the community
5. Taking appropriate disciplinary action

In addition, disciplinary measures may be taken against any person who is found to have made a complaint of sexual harassment which he/she knew was not true.

EVERGREEN SCHOOL DISTRICT

San Jose, California

Suspension and Expulsion/due Process

The Governing Board desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion.

To correct the behavior of any student who is subject to discipline, the Superintendent or designee shall, to the extent allowed by law, first use alternative disciplinary strategies specified in AR 5144.1 - Discipline. (Education Code 48900.5)

Alternatives to suspension or expulsion also shall be used with students who are truant, tardy, or otherwise absent from assigned school activities.

Except for single acts of a grave nature or offenses for which suspension or expulsion is required by law, suspension or expulsion shall be used only when other means of correction have failed to bring about proper conduct or the student's presence causes a continuing danger to himself/herself or others.

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be those specified in law and administrative regulation.

District staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, and in accordance with the district's nondiscrimination policies.

Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices, hearings, and appeals as specified in law and administrative regulation. (Education Code 48911, 48915, 48915.5)

Removal from Class by a Teacher and Parental Attendance

When suspending a student from class for committing an obscene act, engaging in habitual profanity or vulgarity, disrupting school activities, or otherwise willfully defying valid staff authority, the teacher of the class may require any parent/guardian who lives with the student to attend a portion of the school day in the class from which the student is being suspended, to assist in resolving the classroom behavior problems. (Education Code 48900.1)

Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the teacher and the student and his/her parents/guardians and to improve the student's behavior.

Any teacher requiring parental attendance pursuant to this policy shall apply the policy uniformly to all students within the classroom. (Education Code 48900.1)

When a teacher requires parental attendance, the principal shall send a written notice to the parent/guardian stating that his/her attendance is required pursuant to law. (Education Code 48900.1)

A parent/guardian who has received a written notice shall attend class as specified in the notice. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee. (Education Code 48900.1)

At the meeting with the student's parent/guardian, the principal or designee shall explain the district's and school's discipline policies, including the disciplinary strategies that may be used to achieve proper student conduct.

When a parent/guardian does not respond to the request to attend school, the principal or designee shall contact him/her by telephone, mail, or other method that maintains the confidentiality of the student's records.

District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements. Parents/guardians shall be notified of this policy prior to its implementation. (Education Code 48900.1)

Supervised Suspension Classroom

To ensure the proper supervision and ongoing learning of students who are suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, but who pose no imminent danger or threat to anyone at school and for whom expulsion proceedings have not been initiated, the Superintendent or designee may establish a supervised suspension classroom program which meets the requirements of law.

Except where a supervised suspension is permitted by law for a student's first offense, supervised suspension shall be imposed only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

Decision Not to Enforce Expulsion Order

On a case-by-case basis, the enforcement of an expulsion order may be suspended by the Board pursuant to the requirements of law and administrative regulation. (Education Code 48917)

Suspension by Superintendent, Principal, or Designee

The Superintendent, principal, or designee may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above. A student may be suspended only when the Superintendent or principal has determined that other means of correction have failed to bring about proper conduct in the student. (Education Code 48900.5)

However, the Superintendent, principal, or designee may impose a suspension upon a first offense if he/she determines that the student violated items #1-5 listed in "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)

In addition, the Superintendent, principal, or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

3. Unlawfully selling a controlled substance listed in Health and Safety Code 1105311058

The Superintendent, principal, or designee may suspend a student from school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

A student may be suspended from school for not more than 20 school days in any school year unless, for purposes of adjustment, the student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48911, 48912)

The district may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year. (Education Code 48903)

Suspensions shall be initiated according to the following procedures:

1. **Informal Conference:** Suspension shall be preceded by an informal conference conducted by the Superintendent, principal, or designee with the student and, whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action, presented with the evidence against him/her, and given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911)

This conference may be omitted if the Superintendent, principal, or designee determines that an emergency situation exists involving a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of the conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such a case, the conference shall be held as soon as the student is physically able to return to school. (Education Code 48911)

2. **Administrative Actions:** All requests for student suspension are to be processed by the principal or designee. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee. (Education Code 48911)
3. **Notice to Parents/Guardians:** At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice may state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

4. **Parent/Guardian Conference:** Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the cause(s) and duration of the suspension, the school policy involved, and any other pertinent matter. (Education Code 48914)

Although the parent/guardian is required to respond without delay to a request for a Conference about his/her child's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied readmission solely because the parent/guardian failed to attend the conference. (Education Code 48911)

5. **Extension of Suspension:** If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911)

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

If the student involved is a foster youth, the Superintendent or designee shall notify the district liaison for foster youth of the need to invite the student's attorney and a representative of the appropriate county child welfare agency to attend the meeting. (Education Code 48853.5, 48911, 48918.1)

In addition to suspending a student, the Superintendent, principal, or designee may provide services or require the student to participate in an alternative disciplinary program designed to correct his/her behavior and keep him/her in school.

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal, or Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold closed sessions if a public hearing would lead to disclosure of information violating a student's right to privacy under Education Code 4907349079. (Education Code 35146, 48912)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by registered or certified mail or personal service. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Code 35146, 48912)

Supervised Suspension Classroom

Students for whom an expulsion action has not been initiated and who pose no imminent danger or threat to the school, students, or staff may be assigned to a supervised suspension classroom in a separate classroom, building, or site for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

3. The supervised suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
4. Each student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher(s) shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to a supervised suspension classroom, the principal or designee shall notify the student's parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. . (Education Code 48911.1)

2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

Mandatory Recommendation for Expulsion

The Superintendent, principal, or designee shall recommend that the Board expel any student found at school or at a school activity to be: (Education Code 48915(c))

Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

Student's Right to Expulsion Hearing

Any student recommended for expulsion shall be entitled to a hearing to determine whether he/she should be expelled. The hearing shall be held within 30 school days after the Superintendent, principal, or designee determines that the student has committed one of the acts listed under "Grounds for Suspension and Expulsion." (Education Code 48918(a))

The student is entitled to at least one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the regular school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days, as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

(Education Code 48918.5)

Written Notice of the Expulsion Hearing

Written notice of the expulsion hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))

6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

Additional Notice of Expulsion Hearing for Foster Youth

If the hearing is pursuant to an offense requiring a mandatory expulsion recommendation, the Superintendent or designee may provide the same notification. The notice shall be provided by the most costeffective method possible, including by email or a telephone call. (Education Code 48918.1)

Conduct of Expulsion Hearing

1. **Closed Session:** Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such a request is made, the meeting shall be public unless another student's privacy rights would be violated. (Education Code 48918(c))

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine whether or not the student should be expelled. If the Board admits any other person to this closed session, the

parent/guardian, the student, and the counsel of the student also shall be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including, but not limited to, videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. **Record of Hearing:** A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made. (Education Code 48918(g))
3. **Subpoenas:** Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with the Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20. (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. **Presentation of Evidence:** Technical rules of evidence shall not apply to the expulsion hearing, but relevant evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel shall be supported by substantial evidence that the student committed any of the acts pursuant to Education Code 48900 and listed in "Grounds for Suspension and Expulsion" above. (Education Code 48918(h))

Findings of fact shall be based solely on the evidence at the hearing. While no finding shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918(f))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. - **Testimony by Complaining Witnesses:** The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918, 48918.5)
 - a. Any complaining witness shall be given five days' notice before being called to testify.
 - b. Any complaining witness shall be entitled to have up to two adult support persons, including, but not limited to, a parent/guardian or legal counsel; present during his/her testimony.
 - c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
 - d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.

- e. If one or both support persons are also witnesses, the hearing shall be conducted in accordance with Penal Code 868.5.
 - f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.
 - g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.
 - (1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.
 - (2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.
 - (3) The person conducting the hearing may:
 - (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness
 - (b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours
 - (c) Permit one of the support persons to accompany the complaining witness to the witness stand
6. Decision: The Board's decision as to whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures applicable to a hearing conducted by the Board as specified above in "Conduct of Expulsion Hearing," including the requirement to issue its decision within 40 school days of the student's removal from school, unless the student requests that the decision be postponed. (Education Code 48918(a) and (d))

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the expulsion proceeding shall be terminated and the student shall be immediately reinstated. The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers, and with the student's parent/guardian. The decision to not recommend expulsion shall be final. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion for a period of one year. (Education Code 48917, 48918)

Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel shall be taken by the Board at a public meeting. (Education Code 489180))

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering an expulsion, the Board shall set a date When the student shall be reviewed for readmission to a school within the district. For a student expelled for any act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case by- case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. If an expulsion is ordered during summer session or the intersession period of a year-round program, the Board shall set a date when the student shall be reviewed for readmission not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review, as well as assessment at the time of review, for readmission
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs

3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program

The suspension of the enforcement of an expulsion shall be governed by the following:

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class, or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program. (Education Code 48917)
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status. (Education Code 48917)
3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion" above or violates any of the district's rules and regulations governing student conduct. (Education Code 48917)
4. When the suspension of enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order. (Education Code 48917)
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings. (Education Code 48917)

The notice shall inform the parent/guardian of the right to appeal the expulsion to the County Board, the alternative educational placement to be provided to the student during the period of expulsion, and the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of his/her status with the expelling district, pursuant to Education Code 48915.1(b). The student or parent/guardian is entitled to file an appeal of the Board's decision with the County Board. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion order is suspended and the student is placed on probation. (Education Code 48919)

The student shall submit a written request for a copy of the written transcripts and supporting documents from the district simultaneously with the filing of the notice of appeal with the County Board. A student identified as an individual with a disability pursuant to the Individuals with Disabilities Education Act (IDEA), 20 USC 1400-1482, is subject to the same grounds and procedures for suspension and expulsion which apply to students without disabilities, except as otherwise specified in this administrative regulation.

Suspension

The Superintendent or designee may suspend a student with a disability for up to 10 consecutive school days for a single incident of misconduct, and for up to 20 school days in a school year, as long as the suspension(s) does not constitute a change in placement pursuant to 34 CFR 300.536.

The principal or designee shall monitor the number of days, including portions of days, in which a student with a valid individualized education program (IEP) has been suspended during the school year.

The Superintendent or designee shall determine, on a case-by-case basis, whether a pattern of removals of a student from his/her current educational placement for disciplinary reasons constitutes a change of placement. A change of placement shall be deemed to have occurred under either of the following circumstances:

1. The removal is for more than 10 consecutive school days.
2. The student has been subjected to a series of removals that constitute a pattern because of all of the following:
 - a. The series of removals total more than 10 school days in a school year.
 - b. The student's behavior is substantially similar to his/her behavior in previous incidents that resulted in the series of removals.
 - c. Additional factors, such as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another, indicate a change of placement.

If a student's removal is determined to be a change of placement as specified in items #1-2 above, or the student is suspended for more than 10 school days in the same school year, the student's IEP team shall determine the appropriate educational services. Such services shall be designed to enable the student to continue to participate in the general education curriculum in another setting, to progress toward meeting the goals set out in his/her IEP, and to address the student's behavior violation so that it does not recur.

If the IEP of a student with a disability requires the district to provide the student with transportation, the district shall provide the student with an alternative form of transportation at no cost to him/her or to his/her parent/guardian when he/she is to be excluded from school bus transportation.

Interim Alternative Educational Placement Due to Dangerous Behavior

The district may unilaterally place a student with a disability in an appropriate interim alternative educational setting for up to 45 school days, without regard to whether the behavior is a manifestation of the student's disability, when the student commits one of the following acts while at school, going to or from school, or at a school-related function:

1. Carries or possesses a weapon, as defined in 18 USC 930
2. Knowingly possesses or uses illegal drugs
3. Sells or solicits the sale of a controlled substance as identified in 21 USC 812(c), Schedules I-V
4. Inflicts serious bodily injury upon another person as defined in 18 USC 1365

The student's interim alternative educational setting shall be determined by his/her IEP team.

On the date the decision to take disciplinary action is made, the student's parent/guardian shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504.

A student who has been removed from his/her current placement because of dangerous behavior shall receive services, although in another setting, to the extent necessary to allow him/her to participate in the general education curriculum and to progress toward meeting the goals set out in his/her IEP. As appropriate, the student shall also receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC 1314(k)(1)(D); 34 CFR 300.530)

Manifestation Determination

The following procedural safeguards shall apply when a student with a disability is suspended for more than 10 consecutive school days, when a series of removals of a student constitutes a pattern, or when a change of placement of a student is contemplated due to a violation of the district's code of conduct:

1. **Notice:** On the date the decision to take disciplinary action is made, the student's parent/guardian shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504.
2. **Manifestation Determination Review:** Immediately if possible, but in no case later than 10 school days after the date the decision to take disciplinary action is made, a manifestation determination review shall be made of the relationship between the student's disability and the behavior subject to the disciplinary action.

At the manifestation determination review, the district, the student's parent/guardian, and relevant members of the IEP team (as determined by the district and parent/guardian) shall review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided by the parents/guardians, to determine whether the conduct in question was either of the following:

- a. Caused by or had a direct and substantial relationship to the student's disability
- b. A direct result of the district's failure to implement the student's IEP, in which case the district shall take immediate steps to remedy those deficiencies

If the manifestation review team determines that either of the above conditions applies, the student's conduct shall then be determined to be a manifestation of his/her disability.

3. **Determination that Behavior is a Manifestation of the Student's Disability:** When the student's conduct has been determined to be a manifestation of his/her disability, the IEP team shall conduct a functional behavioral assessment, unless one had been conducted before the occurrence of the behavior that resulted in the change of placement, and shall implement a behavioral intervention plan for the student. If a behavioral intervention plan has already been developed, the IEP team shall review the behavioral intervention plan and modify it as necessary to address the behavior.

The student shall be returned to the placement from which he/she was removed, unless the parent/guardian and Superintendent or designee agree to a change of placement as part of the modification of the behavioral intervention plan.

4. **Determination that Behavior is Not a Manifestation of the Student's Disability:** When it has been determined that the student's conduct was not a manifestation of his/her disability, the student may be disciplined in accordance with the procedures for students without disabilities. However, the student's IEP team shall determine services necessary to enable him/her to participate in the general education curriculum in another setting and to allow him/her to progress toward meeting the goals set out in his/her IEP.

As appropriate, the student also shall receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur.

Due Process Appeals

If the parent/guardian disagrees with any district decision regarding placement under 34 CFR 300.530 (suspension and removal for dangerous circumstances) or 34 CFR 300.531 (interim alternative placement), or the manifestation determination under 34 CFR 300.530(e), he/she may appeal the decision by requesting a hearing. The district may request a hearing if the district believes that maintaining the student's current placement is substantially likely to result in injury to the student or others. In order to request a due process hearing, the requesting party shall file a complaint pursuant to 34 CFR 300.507 and 300.508(a) and (b).

Whenever a hearing is requested as specified above, the parent/guardian or the district shall have an opportunity for an expedited due process hearing consistent with requirements specified in 34 CFR 300.507, 300.508 (a)-(c), and 300.510-300.514.

If the student's parent/guardian or the district has initiated a due process hearing under 34 CFR 300.532 as detailed above, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the 45-day time period, whichever occurs first, unless the parent/guardian and district agree otherwise.

Readmission

Readmission procedures for students with disabilities shall be the same as those adopted for students without disabilities. Upon readmission of a student with disabilities, an IEP team meeting shall be convened to review and, as necessary, modify the student's IEP.

Decision Not to Enforce Expulsion Order

The Board of Trustees' criteria for suspending the enforcement of an expulsion order shall be applied to students with disabilities in the same manner as they are applied to all other students.

Notification to Law Enforcement Authorities

Law enforcement notification requirements involving students with disabilities shall be the same as those specified for all students in AR 5144.1 - Suspension and Expulsion/Due Process.

When giving any required notification concerning a student with disabilities to any law enforcement official, the principal or designee shall require the law enforcement official to certify in writing that he/she will not disclose the student's information or records to any other person without the prior written consent of the student's parent/guardian.

Report to County Superintendent of Schools

The Superintendent or designee shall report to the County Superintendent of Schools when any special education student has been expelled or suspended for more than 10 school days. The report shall include the student's name, last known address, and the reason for the action.

Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been determined to be eligible for special education and related services and who has violated the district's code of student conduct may nevertheless assert any of the protections under IDEA, if the district had knowledge of the student's disability.

Knowledge means that, before the occurrence of the behavior that precipitated the disciplinary action, one of the following occurred:

1. The parent/guardian, in writing, has expressed concern to district supervisory or administrative personnel, or to a teacher of the student, that the student is in need of special education or related services.
2. The parent/guardian has requested an evaluation of the student for special education pursuant to 20 USC 1414(a)(1)(B) or 34 CFR 300.300-300.311.
3. The teacher of the student or other district personnel has expressed specific concerns directly to the district's director of special education or other supervisory district personnel about a pattern of behavior demonstrated by the student.

However, the district shall not be deemed to have knowledge of a student's disability if the student's parent/guardian has not allowed him/her to be evaluated for special education services or has refused services or, after evaluating the student pursuant to 34 CFR 300.300-300.311, the district determined that he/she was not an individual with a disability.

When the district is deemed to not have knowledge of a student's disability, the student shall be disciplined in accordance with procedures established for students without disabilities who engage in comparable behavior.

If a request is made for an evaluation of a student during the time period in which the student is subject to disciplinary measures pursuant to 34 CFR 300.530, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities.

EVERGREEN SCHOOL DISTRICT

San Jose, California

Uniform Complaint Procedures

The Governing Board recognizes that the district has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs. The district shall investigate and seek to resolve any complaints

alleging failure to comply with such laws and/or alleging unlawful discrimination, harassment, intimidation, or bullying in accordance with the uniform complaint procedures:

The district shall use the uniform complaint procedures to resolve any complaint alleging unlawful discrimination, harassment, intimidation, or bullying in district programs and activities based on actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified in Education Code 200 or 220, Penal Code 422.55, or Government Code 11135, or based on association with a person or group with one or more of these actual or perceived characteristics.

Uniform complaint procedures shall also be used to address any complaint alleging the district's failure to comply with the prohibition against requiring students to pay fees, deposits, or other charges for participation in educational activities, the requirements for the development and adoption of a school safety plan, and state and/or federal laws in adult education programs, consolidated categorical aid programs, migrant education, career technical and technical education and training programs, child care and development programs, child nutrition programs, and special education programs.

The Board prohibits any form of retaliation against any complainant in the complaint process. Participation in the complaint process shall not in any way affect the status, grades, or work assignments of the complainant.

The Board encourages the early, informal resolution of complaints at the site level whenever possible.

The Board recognizes that a neutral mediator can often suggest a compromise that is agreeable to all parties in a dispute. In accordance with the uniform complaint procedures, whenever all parties to a complaint agree to try resolving the problem through mediation, the Superintendent or designee shall initiate that process. The Superintendent or designee shall ensure that the results are consistent with state and federal laws and regulations.

In investigating complaints, the confidentiality of the parties involved and the integrity of the process shall be protected. As appropriate for any complaint alleging discrimination, harassment, intimidation, or bullying, the Superintendent or designee may keep the identity of a complainant confidential to the extent that the investigation of the complaint is not obstructed.

The district's Williams uniform complaint procedures, AR 1312.4, shall be used to investigate and resolve any complaint related to the following:

1. Sufficiency of textbooks or instructional materials
2. Emergency or urgent facilities conditions that pose a threat to the health or safety of students or staff
3. Teacher vacancies and misassignments

The district's uniform complaint procedures policy and administrative regulation shall be posted in all district schools and offices, including staff lounges and student government meeting rooms. If 15 percent or more of students enrolled in a particular district school speak a single primary language other than English, the district's policy, regulation, forms, and notices concerning uniform complaint procedures shall be translated into that language. (Education Code 234.1, 48985)

Compliance Officers

The following compliance officer(s) shall receive and investigate complaints and shall ensure district compliance with law:

Director, Educational Services
3188 Quimby Rd
San Jose, CA 95148
408-270-6800

The Superintendent or designee shall ensure that employees designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. Designated employees may have access to legal counsel as determined by the Superintendent or designee.

Notifications

The Superintendent or designee shall annually provide written notification of the district's uniform complaint procedures to students, employees, parents/guardians, the district advisory committee, school advisory committees, appropriate private school officials or representatives, and other interested parties. (5 CCR 4622)

The notice shall:

1. Identify the person(s), position(s), or unites) responsible for receiving complaints

2. Advise the complainant of any civil law remedies that may be available to him/her under state or federal discrimination laws, if applicable
3. Advise the complainant of the appeal process, including, if applicable, the complainant's right to take a complaint directly to the California Department of Education (CDE) or to pursue remedies before civil courts or other public agencies
4. Include statements that:
 - a. The district has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs.
 - b. The complaint review shall be completed within 60 calendar days from the date of receipt of the complaint unless the complainant agrees in writing to an extension of the timeline.
 - c. A complaint alleging unlawful discrimination, harassment, intimidation, or bullying must be filed not later than six months from the date it occurred, or six months from the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, or bullying.
 - d. The complainant has a right to appeal the district's decision to the CDE by filing a written appeal within 15 days of receiving the district's decision.
 - e. The appeal to the CDE must include a copy of the complaint filed with the district and a copy of the district's decision.
 - f. Copies of the district's uniform complaint procedures are available free of charge.

Procedures

The following procedures shall be used to address all complaints which allege that the district has violated federal or state laws or regulations governing educational programs or has committed unlawful discrimination.

All complaints shall be investigated and resolved within 60 days of the district's receipt of the complaint. Compliance officers shall maintain a record of each complaint and subsequent related actions, including all information required for compliance with 5 CCR 4631 and 4633.

All parties involved in allegations shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, public agency, or organization may file a written complaint of the district's alleged noncompliance with federal or state laws or regulations governing educational programs. (5 CCR 4630)

A complaint concerning unlawful discrimination, harassment, intimidation, or bullying may be filed only by a person who alleges that he/she personally suffered unlawful discrimination, harassment, intimidation, or bullying or by a person who believes that an individual or any specific class of individuals has been subjected to it. The complaint shall be initiated no later than six months from the date when the alleged discrimination, harassment, intimidation, or bullying occurred, or six months from the date when the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, or bullying. However, upon written request by the complainant, the Superintendent or designee may extend the filing period for up to 90 calendar days. (5 CCR 4630)

A complaint alleging noncompliance with the law regarding the prohibition against requiring students to pay student fees, deposits, and charges maybe filed anonymously if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance. (Education Code 49013)

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and a date stamp.

If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, district staff shall assist him/her in the filing of the complaint. (5 CCR 4600)

Step 2: Mediation

Within three days of receiving the complaint, the compliance officer may informally discuss with all the parties the possibility of using mediation. If the parties agree to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a complaint alleging discrimination, harassment, intimidation, or bullying, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with his/her investigation of the complaint.

The use of mediation shall not extend the district's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time. (5 CCR 4631)

Step 3: Investigation of Complaint

Within 10 days of receiving the complaint, the compliance officer shall provide the complainant and/or his/her representative an opportunity to present the complaint and any evidence, or information leading to evidence, to support the allegations in the complaint. The compliance officer also shall collect all documents and interview all witnesses with information pertinent to the complaint.

A complainant's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation. (5 CCR 4631)

In accordance with law, the district shall provide the investigator with access to records and other information related to the allegation in the complaint and shall not in any way obstruct the investigation. Failure or refusal of the district to cooperate in the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

Step 4: Response

Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant a written report of the district's investigation and decision, as described in Step #5 below, within 60 days of the district's receipt of the complaint. (5 CCR 4631)

Step 5: Final Written Decision

The district's decision shall be in writing and sent to the complainant. (5 CCR 4631)

The district's decision shall be written in English and, when required by Education Code 48985, in the complainant's primary language.

For all complaints, the decision shall include: (5 CCR 4631)

1. The findings of fact based on the evidence gathered
2. The conclusion(s) of law
3. Disposition of the complaint
4. Rationale for such disposition
5. Corrective actions, if any are warranted
6. Notice of the complainant's right to appeal the district's decision within 15 days to the CDE and procedures to be followed for initiating such an appeal

In addition, any decision concerning a discrimination, harassment, intimidation, or bullying complaint based on state law shall include a notice that the complainant must wait until 60 calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. (Education Code 262.3)

If investigation of a complaint results in discipline to a student or an employee, the decision shall simply state that effective action was taken and that the student or employee was informed of district expectations. The report shall not give any further information as to the nature of the disciplinary action.

If a complaint alleging noncompliance with the laws regarding student fees, deposits, and other charges is found to have merit, the district shall provide a remedy to all affected students and parents/guardians, which, where applicable, shall include reasonable efforts to ensure full reimbursement to them. (Education Code 49013)

Appeals to the California Department of Education

If dissatisfied with the district's decision, the complainant may appeal in writing to the CDE. (Education Code 49013; 5 CCR 4632)

The complainant shall file his/her appeal within 15 calendar days of receiving the district's decision and the appeal shall specify the basis for the appeal of the decision and whether the facts are incorrect and/or the law has been misapplied. The appeal shall be accompanied by a copy of the locally filed complaint and a copy of the district's decision. (5 CCR 4632)

Upon notification by the CDE that the complainant has appealed the district's decision, the Superintendent or designee shall forward the following documents to the CDE: (5 CCR 4633)

1. A copy of the original complaint
2. A copy of the decision
3. A summary of the nature and extent of the investigation conducted by the district, if not covered by the decision
4. A copy of the investigation file including, but not limited to, all notes, interviews, and documents submitted by the parties and gathered by the investigator
5. A report of any action taken to resolve the complaint
6. A copy of the district's uniform complaint procedures
7. Other relevant information requested by the CDE

The CDE may directly intervene in a complaint without waiting for action by the district when one of the conditions listed in 5 CCR 4650 exists, including when the district has not taken action within 60 calendar days of the date the complaint was filed with the district.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of the district's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders.

For complaints alleging discrimination, harassment, intimidation, and bullying based on state law, a complainant shall wait until 60 calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies, provided the district has appropriately and in a timely manner apprised the complainant of his/her right to file a complaint in accordance with 5 CCR 4622. The moratorium does not apply to injunctive relief and to discrimination complaints based on federal law. (Education Code 262.3)

Possession of Weapons

The Board prohibits any student from possessing weapons, imitation firearms, or other dangerous instruments, as defined in law and administrative regulation, in school buildings, on school grounds or buses, at school-related or school-sponsored activities away from school, or while going to or coming from school.

Under the power granted to the Board to protect the safety of students, staff, and others on district property and to maintain order and discipline in the schools, any school employee is authorized to confiscate any prohibited weapon, imitation firearm, or dangerous instrument from any student on school grounds.

Any weapon allowed shall be stored in a locked vehicle or in an appropriate, locked container before and after its authorized use.

A student granted permission to possess a weapon may be suspended and/or expelled if he/she possesses or uses the weapon inappropriately.

Possession of Pepper Spray

To prevent potential misuse that may harm students or staff, students are prohibited from carrying tear gas or tear gas weapons such as pepper spray on campus or at school activities.

Reporting of Dangerous Objects

The Board encourages students to promptly report the presence of weapons, injurious objects, or other suspicious activity to school authorities. The identity of a student who reports such activity shall remain confidential to the extent permitted by law.

The Superintendent or designee shall develop strategies designed to facilitate student reporting of the presence of injurious objects on school grounds, such as tip hotlines, electronic transmissions, or other methods that preserve the student's anonymity. Incident reports and records shall not identify the student who reported the possession. The Superintendent or designee also shall inform staff, students, and parents/guardians that students who report the presence of injurious objects on school campuses are to be protected and their identity shielded.

Ensure that each position is assigned as early as possible in the school year and that all positions are assigned, even if you think that it will not be necessary to fill the positions during an actual emergency. To guard against the absence of key personnel when an emergency threatens, it is strongly recommended that backup personnel also be assigned and that key personnel are cross-trained in critical job requirements.

POSITIVE BEHAVIORAL INTERVENTIONS AND SUPPORTS (PBIS)

PARENT/STUDENT HANDBOOK

BE RESPONSIBLE ★ BE RESPECTFUL ★ BE SAFE

PBIS TEAM MEMBERS

Our PBIS team consists of an administrator, a parent, classified staff, teachers and specialists. The members on this team are dedicated to establishing and maintaining behavioral supports and positive school culture.

OVERVIEW

The Carolyn Clark PBIS team believes that schools can only be successful when they help children to grow academically, socially and emotionally. In order for this to happen, it is important that we establish a safe environment. It is our goal to create an atmosphere for learning by setting clear expectations and directly teaching students about our expectations. Using the PBIS program helps us to create a happy and safe environment for all our students.

CAROLYN CLARK'S CUB CODE OF CONDUCT

Our Code of Conduct allows for students to connect their behavior to our school-wide behavior matrix. Our code of conduct is:

- Be Responsible.
- Be Respectful.
- Be Safe.

BEHAVIOR MATRIX

Carolyn Clark has developed a behavior matrix which includes our Code of Conduct (Be Responsible, Be Respectful, and Be Safe). Each expectation is broken down into different categories along with an explanation of how each expectation should look in a specific setting (see pages 6-9).

HOW EXPECTATIONS ARE TAUGHT

The staff teaches the school's expected behaviors through lessons that are designed around our school-wide Behavior Matrix. During the first weeks of school, these expectations are taught through school tours and rotations using examples from classroom and non-classroom situations. Staff members model and role-play in order to teach the expected behaviors. We also provide students with practice opportunities. Expectations are reinforced throughout the year at school rallies, lunch time activities, and in the classroom.

CAROLYN CLARK'S STARS (REWARD SYSTEM)

Another part of the PBIS system is the use of consistent positive reinforcement when observing desired behaviors. Staff members who observe students following the school's behavioral expectations will issue Clark STAR cards (Safety, Taking responsibility And Respecting others). All students can earn STAR cards for demonstrating good behavior in every area of the school (classroom, lunchroom, playground, etc.) and from any staff member including teachers, classified staff, lunch supervisors, and substitute teachers. The colorful card will indicate a description of the rewarded behavior. Students will then be able to use these cards to earn rewards from the PBIS student store. Students who act safely, respectfully and responsibly can select meaningful items such as pins, medals, lanyards, pencils, and erasers featuring the theme for which the student was awarded.

An important goal of an acknowledgment system is to increase the number of positive interactions between school staff and students. Research shows us that positive reinforcement is one of the best ways to not only change unexpected behaviors, but also to maintain appropriate and positive behavior. In fact, research on effective teaching has found that teachers should engage in a rate of four positive interactions with students to every one negative interaction. The Carolyn Clark staff is committed to making sure that all students who demonstrate positive behaviors will receive STAR cards. It is not enough just to teach expected behavior, we also need to regularly recognize and reward students for engaging in these desired behaviors.

By supporting the positive behavior programs at Carolyn Clark, we are reminding our children their positive behavior matters as it creates a better learning environment for all.

RALLIES

Monthly rallies will be planned to celebrate our PBIS progress and reinforce Carolyn Clark's Cub Code of Conduct. Monthly rallies will also recognize students for positive behavior. The recognition rallies are a chance for the school to celebrate behavior successes, acknowledge the students who earned STAR cards, and regularly re-teach students the school-wide expectations. Not only will these rallies promote school spirit, but they will also build community among our students and staff.

CAROLYN CLARK CHEER

We will be reciting Carolyn Clark's school cheer at every rally. Our school-wide cheer is:

I said the mighty Cubs are lookin' so fine.

I said the Clark School Cubs are awesome all the time.

With safety, respect and responsibility,

Our school is #1; we all agree!

DOCUMENTING BEHAVIOR

Behavior documentation allows all of us to have ongoing communication about students' progress toward following expectations. Through the documentation, we are able to target lessons for students, classrooms, and building school-wide expectations. (See pages 10-11)

- Minors - Students receiving a referral for minor behaviors will:
 - 1st Incident: Redirection, reteaching and verbal warning.
 - 2nd & 3rd Incidents: Redirection and classroom consequence. Teacher will fill out the Classroom/Office Referral Form and send it home for a signature.
 - 4th Incident: If a student receives 3 Classroom/Office Referral forms, the student will be directed to administration.
- Majors - Students receiving a referral for a major behavior will:
 - Be directed to administration.
 - Administrator will contact parent and fill out a Classroom/Office Referral Form. A consequence will be assigned for inappropriate behavior.

PARENTAL INVOLVEMENT

In order for PBIS to be successful at Carolyn Clark, we need your help. Below is a list of suggestions on how you can help support PBIS:

- Remind your child of the Carolyn Clark's expectations on a daily basis (before leaving for school is a great time to review these): Be Responsible, Be Respectful, Be Safe!
- Use the same language that is being used at school with your child. Develop a behavior matrix at home using the Carolyn Clark's Expectations. List all the routines in your home and then write the behaviors you want to see in that setting. Remember to keep it positive. A blank matrix is in this handbook for you to use!
- Ask your child if he/she received any Carolyn Clark STARS each week and how he/she earned them. Reinforce the positive behaviors that your child is showing at school.
- If you are contacted because your child has not followed Clark's Code of Conduct, please review the behavior expectations at home.
- Attend Principal Coffees where the topics will be centered around PBIS.
- Please be aware of the weekly PBIS updates and information in the Clark newsletter and on our school website.
- Please read the Code of Conduct Pledge with your child. Sign and return the pledge to your child's teacher.

February 2023

Dear Parent & Guardians,

In reviewing our Comprehensive School Safety Plan, a few concerns came up regarding drop off and pick up procedures. **Our number one objective is student safety.** I have outlined a list of expectations for your review, that are in-service of student safety during drop-off and pick-up.

- Be respectful towards the teachers/staff on parking lot duty - They are there to help keep our students SAFE!
- Kindly follow instructions given by teachers/staff on parking lot duty - Again, they are there to help keep our students SAFE!
- Please pull forward through the parking lot until the designated drop off sign before having your child exit your car.
- Drop off at the kindergarten entrance is not permitted.
- Do not drop your child/children off in the first, second or third row and have them walk through the parking lot alone.
- Do not use the first, second or third row as an exit as many students and staff are walking to the crosswalk.
- Have your child exit your car on the curb side.
- Stay in your car at all times.
- If you choose to park in the parking lot, walk your child by way of the crosswalk, do not cross traffic near the kindergarten entrance.
- Do not honk your horn to grab the attention of your child.
- Students should wait to enter or exit the car after the car has passed the yellow line at the flag pole.
- The parking lot is closed during kindergarten pick up from 2 - 2:20 pm, unless you have a kinder or handicap placard or license plate.
- Use the crosswalk in and around the school at all times.
- Be on time to avoid rushing to school.
- It is your responsibility to communicate these expectations to anyone picking up your child.

Thank you for reviewing the expectations.

We will continue to monitor the parking lot closely this year and appreciate the collaboration between home and school to keep our students safe. I appreciate your input as well and we can brainstorm possible ideas to help. One solution may be to close the parking lot like other schools in our district. It takes a village and we will need to work together to keep our students safe.

Please sign and return back to your child's teacher by February 17, 2023. By signing, you are committing to doing your part to keep our students safe during drop off and pick up.

Thank you!
Mrs. Fierro

Safe Ingress/Egress Procedures

In the morning, students either enter the school campus through the forum doors that are opened by the custodian at 8:30 am, or behind the school to the blacktop area, through the service gate, or the busloop entrance. The front gate is opened for parents to access the office, and the bus gate is opened for the special education buses. All other gates are locked. When school starts, teachers close the bus gate, and the custodian locks the service-gate. At dismissal, parents wait in front of the school, or behind the school. The gates are opened, and the bus gate is unlocked.

Supervision of Students

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, supervisors are strategically assigned to designated entrance areas, and to do parking-lot duty. During recess, teachers supervise playground activity. Teachers, noon-duty supervisors, and para-educators monitor lunch-time activities in the cafeteria and on the playground. At the end of the day when students are dismissed, the principal and teachers monitor student behavior to ensure a safe and orderly departure.

Visitors

Carolyn Clark Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

Student Safety Guidelines for Parents:

Before an Emergency Occurs:

- 🔊 All visitors and volunteers **MUST** sign in at the office and wear a name tag. This is for the safety of all the children. Please do not visit the campus unless you have pre-registered as a volunteer. In case of an emergency the sign - in sheet will be used to account for ALL other persons on campus. If you do not sign in and there is an emergency you could potentially hamper rescue efforts by emergency personnel. The children's safety is our #1 concern. Please keep that in mind.
- 🔊 Make certain that your children's school emergency card is accurately and completely filled out and returned to the school. Please contact the school office promptly to correct any information.
- 🔊 If your child needs regular medication at school, assure there is always a 3 - 4 day supply maintained at all times.
- 🔊 Formulate your own home emergency plans and teach your children what they should do as part of it. Instruct them as to whom they should go for adult supervision if you are not available and as to what they should do if an emergency occurs when they are walking to or from school.
- 🔊 Discuss with your children the emergency training they have received at school, give your support by stressing its importance, and encourage them to cooperate with school staff members, both in practice drill and in the event of a real emergency.

During an Emergency:

- 🔊 During an emergency, we can expect that phone lines into the school will be unavailable. To prevent interfering with emergency responders, we ask that parents wait to receive important information from school officials before going to the school or scene of an emergency.
- 🔊 During an emergency it is natural for parents to want to be reunited with their children immediately. The first priority of school and emergency staff, on the other hand, will be to secure the area, protect the children and tend to the injured. For a response effort to be successful, it is vital that parents not interfere. Your patience and cooperation during such a crisis can save children's lives.
- 🔊 During an emergency please keep your cars away from the school so that emergency vehicles can have immediate and clear access to the school.
- 🔊 Please do not call your children on their cell phones so that emergency personnel can have open phone lines to communicate & to keep children safe if they are sheltering in place or hiding.
- 🔊 Please keep clear of the school until reunification procedures begin.
- 🔊 Please allow evacuations to proceed without interference. You will be instructed as to the location of the reunification center.
- 🔊 Tune in to the local television and radio for news alerts.
- 🔊 Check the Evergreen School District website (www.eesd.org) or call the District Office at (408) 270 - 6800 for information.
- 🔊 You will be notified by the Evergreen School District if & when an emergency occurs. The information you provide on your child's emergency cards will be used to contact you.
- 🔊 Please follow the reunification procedures.
