280			April 1 – Sept. 1	
310, 325, 328, 330, 340, 350			April 15 – July 20; Sept. 20 – Oct. 20	
Sod			May 5 – June 10; Sept. 20-Oct. 20	Small Areas Only

OUTLINE SPECIFICATION

- Part 1 General
- Part 2 Products
 - Materials:
 - Seed:
 - Hydro-mulch seeding is preferred. Seeding is preferred for play fields and athletic fields.
 - At irrigated ball fields use Peterson 70/30 Athletic Seed Mix:
 - 35% Jackpot Kentucky Bluegrass
 - 20% Mazama Kentucky Bluegrass
 - 15% Ashland Kentucky Bluegrass
 - 15% Manhattan 7 Perennial Ryegrass
 - 15% Gray Hawk Perennial Ryegrass
 - Soil test and remediation required according to testing agency recommendations.
 - Sod - Permitted for small infill areas only:
 - Blend of three to four 'elite' varieties of Kentucky bluegrass evenly blended.
 - Netting not permitted.
 - Sod shall be rolled and watered until establishment as determined by Owner.

- Mulch:
 - Weed-free evenly spread over the seed.
 - Hay is not permitted.
- Fertilizer:
 - Slow-release Nitrogen Type. NPK:20-0-10 (phosphorus free)
- Part 3 Execution
 - Per Consultant and / or manufacturer specification.
 - Watering and mowing shall be by contractor until established as determined by Owner.
 - Fencing and protection required as determined by Owner.
 - Place sod according to MN/DOT Specification 3878.
 - Place fertilizer according to MN/DOT Specification 3881.
 - Place mulch according to MN/DOT Specification 3882.
 - Polypropylene plastic netting is **NOT PERMITTED**.
 - Wood fiber blanket is **NOT PERMITTED**.
