

Week of March 20th

Dansville Primary School

HIGHLIGHTS OF THE WEEK

👤 Parent-Teacher Conferences

Thank you for taking time to attend parent-teacher conferences with your child's teacher. We really enjoy sharing your child's academic, physical, and social growth with you as well as collaborating to make the last trimester as successful as possible for your child.

🍀 St. Patrick's Day Fun

Today was a fun-filled day that included lots of green, leprechaun visits, traps, and yummy treats. In 3PK, they read leprechaun stories and went on a leprechaun hunt. They didn't catch that tricky leprechaun, but enjoyed Shamrock Shakes and cookies!

Oh the Places You'll Go!

This year at DPS, we have talked A LOT about how being a great leader can help us achieve great things and take us great places. Where exactly could we go? ANYWHERE! To show our DPS leaders that the possibilities are endless, we are asking for help from our school community. Please ask any friends or relatives to send postcards to our school. We will welcome postcards from any country, state, town, or just from Dansville. Have them create a story that they have seen a mini-mustang being a leader!

What does a great leader look like? Being a leader at DPS means doing the right thing, even when no one is watching, and working to make our community a better place! See trash? Pick it up! Does your family need help at home? Pull up a chair and help wash the dishes! Be proactive, think win-win, share with siblings, **the options are endless!**

Does email work better than a physical postcard? No problem! We can print it and hang it up. We will display all of the postcards in our school along with a QR code, so that students can learn a little bit more about the locations that the postcards come from.

Additionally, you will find your own "mini-mustang" below. Our school has two vacations between now and the end of the year – take them with you to snap a picture of a mini-mustang in a cool place. Whether it be the trampoline park, Disney World, or Babcock Park, we can be leaders anywhere! Bring it back to school and we will showcase it alongside our postcard collection.

If you have any questions or an email submission please send it to Brittney Spoor (spoorb@dansvillecsd.org).

WHY A NATIONAL CAMPAIGN?

"Because when every child is read aloud to for 15 MINUTES every day from birth, it will change the face of education in this nation."

... STEM readiness ... Job readiness ... Career readiness ... College readiness ... Third-grade reading readiness ... Kindergarten readiness...

We all agree there is a readiness crisis in this country. There are tens of thousands of organizations working to answer the question at its heart:

"How can we prepare our children to make the transition from home to school to career?"

The answer? Start at the beginning.

READ ALOUD 15 MINUTES. EVERY CHILD. EVERY PARENT. EVERY DAY.

- Reading aloud is the "single most important activity" parents can do to prepare their child for reading and learning.
- Recent research tells us that by age 3 the gap is showing up in early brain development between children whose parents read to them and those who do not.
- Parents do not understand the power of reading aloud every day from birth. Forty-six percent of parents with children ages 0-5 read aloud to them fewer than five days a week. Eight percent read aloud less than once a week.**

During its 10-year National Campaign, Read Aloud 15 MINUTES will change those figures, and with them, the face of literacy and education in the United States.

*Richard C. Anderson, Efreida H. Heibert, et. al. "Becoming a Nation of Readers: The Report of the Commission on Reading." (Washington, D.C.: National Institute of Education, 1985), 23.

WHAT WILL MAKE THE 15 MINUTES NATIONAL CAMPAIGN WORK?

Successful campaigns have 4 things in common:

Just as the ADA and Procter & Gamble made daily tooth brushing the norm with their "Look Mom, no cavities" campaign in the 1950s; just as the federal government declared war on smoking in 1973 and drastically diminished smokers' ranks; just as Mothers Against Drunk Driving made "One for the Road" taboo; just as the Komen Foundation made the pink ribbon ubiquitous and breast cancer research a priority; so too can we turn daily reading aloud for 15 minutes from a recommendation into a parenting "must."

The 15 MINUTES National Campaign is bringing together a passionate group of partners. Though each has a diverse audience and mission, they are united behind the idea that 15 minutes of daily reading aloud from birth to age 8 can change the face of education in this country. The partners are reaching out to their unique constituencies – community groups, day care providers and schools, businesses, employees, libraries and faith-based organizations – to spread the word. Their goal is to have every American child ready to read when entering kindergarten and continuing to build skills throughout early school years. This is only possible by beginning to read to children at birth.
