The Atlantic Community School District continues to focus on student achievement in the areas of reading, math, and science. With the ever-increasing achievement benchmarks for the No Child Left Behind Act of 2001 (NCLB), students are being required annually to raise their performance levels in reading and math. Based on the State of Iowa's benchmark trajectory, 100% of all students will be expected to be proficient in reading and math by the spring of 2014. Teachers and administrators in the school district continue to work with all students to increase academic performance by providing more opportunities to master concepts and content.

The district continues to utilize the Iowa Assessments, which replaced the Iowa Test of Basic Skills (ITBS) in 2011. Student results from the test revealed that the district focus should continue to be on reading and math. Based on the spring 2013 student performance on the Iowa Assessments, the district's AYP status indicates that ACSD was placed on the Watch List for both Reading and Math. As for the individual schools in Atlantic, Atlantic High School is on the Watch List in reading and SINA-2 for math. Atlantic Middle School is designated as SINA-4 in reading and SINA-3 in math. Schuler Elementary is designated as SINA-1 in reading and Delay-1 in math. Washington Elementary is on the Watch List in reading and on the Watch List in math.

Teachers and administrators in the Atlantic Community School District continues to be involved in professional development focused on Authentic Intellectual Work (AIW), Response to Intervention (RTI), Lindamood Bell, and Iowa Core/Common Core. The district conducted an item analysis on the Spring 2013 Iowa Assessments to determine where there may be gaps in the district curriculum and to address those gaps. The district also continues to work to reduce the achievement gap for our NCLB student groups.

The district continues to experience student growth. Based on the October 1, 2013 student count, the district added 37 new students to the district. This is the fourth straight year that the district has shown increased student enrollment. With this increase in enrollment comes the need for additional classroom space. The district added another mobile classroom to Washington Elementary next to the mobile classroom that was added to the campus during the summer of 2012. The ACSD School Board is currently working on a capital project plan and school bond issue to look to provide expanded instructional space to address this continued school growth. The district also continues to install access control systems at all of the schools and the district continues to promote a safe and secure campus for students and staff. In addition to the access control systems at each school site, additional security cameras will continue to be added. The district has also completed the total renovation of Atlantic Middle School.

Technology continues to be a focus for the district. The district has increased the bandwidth for the district to 200mgs to allow for greater utilization of the internet for instructional use. The Technology Department has also added wireless connectivity to both Atlantic High School and Atlantic Middle School. The district continues to plan to place devices in the hands of all students and is guiding technology professional development to address assisting students and teachers in the instructional uses of the current technology. The technology department is making much progress in placing interactive white boards in all of the district classrooms. The Washington/Schuler PTO has also worked with the district to purchase I-pad minis as a classroom set for the third grade at Washington Elementary.

DISTRICT DISCRIMINATION POLICY

It is the policy of Atlantic Community Schools to provide an educational and working environment that provides an equal opportunity to all. In accordance with federal and state law, Atlantic Community School District prohibits unlawful discrimination on the basisof disability, sex, age, race, creed, color, national origin, religion, veteran status, sexual orientation, and gender identity. This applies to all district administrators, staff, students, applicants for employment, and visitors. Students, parents, staff or other individuals who believes that he/she has been subjected to discrimination or harassment in violation of the District's Equal Employment Opportunity Policy and/or the Anti-bullying/Harassment Policy may take action through an informal process, or a formal complaint process, or both.
