

School Safety Data Systems Report Mountain Lakes School District

June 15, 2023

Lisa Cortese

MLHS Assistant Principal

District Anti-Bullying Coordinator

Safety Data Systems Report (SSDS) Overview

The SSDS collects two types of information from school districts:

- ❖ Incidents of violence; vandalism; harassment, intimidation, or bullying (HIB); weapons offenses, substance offenses; and any other incident leading to a student removal from school; and
- ❖ HIB trainings and programs.

The Mountain Lakes School District is required to report its data to the Department of Education twice a year - once in the fall and once at the end of the school year.
