Ms. Hurst's art class competed in a Halloween Hall Decor contest. The class voted on their favorite hallway idea. The one pictured is their winning choice. The class spent a week creating and putting up the hallway decor.

Student Athlete Profile: NATALIA ENSEY

By: Marcus Smith, Maddison Wilson, Deserey Hoctor, and Lora Scambler

Natalia chose to do cheerleading because she did it when she was younger. Her sister talked about it and they both liked doing it, which got her into cheerleading. Base or Backspot are positions she wants to do. Some people say cheerleading does not count as a sport, whereas for some people, they think it is. Cheer is fun for her, which is why she likes doing it. Will Natalia do cheer in high school? She says- "YES!". Cheer is something she enjoys doing because she likes dancing, and just to practice. The team has mainly just done stunting drills, dances, and cheers so far this season. Something that is hard for her is being a little nervous for the stunts and being sore afterwards.

MEET THE TEACHER: MR. GARNER

By: Natalia Ensey, Aizlynn Struck, Marcus Smith, and Ethan Vasquez

Mr. Garner has been a teacher for 20 years. He became a teacher, "Because I married a teacher and I like kids." His favorite teacher when he was in school was, "Mr. Watson because he was fun and cool." (how many students feel about Mr. Garner). We asked Mr. Garner a few Thanksgiving related questions and got some gobbly-good answers. Mr. Garners favorite pie is huckleberry and his favorite thing to eat during Thanksgiving is stuffing. He proclaims, "Mrs. G cooks the turkey and does it the best.". Mr. Garner's favorite animal is a dog and his second favorite is a horse. His favorite class to teach is S.T.E.M.
