

SJH CC Agenda

Attendees: Kelly Zalit, Josh Cleverly (Virtual), Brad Chapple, Dana Howard, Erin Anderson, Nyla Weaver, Jenn Pond, Susan Arnita

1. Newest member, math teacher- Susan Arnita. Welcome!
2. Training is available on-line and it taped. Please watch it.
3. 8th and 9th grade CCR's are going very well and there has been a ton of parent participation. They have introduced game tables on Friday and students love that.
4. Mid-term for 2nd term is this Friday, (11/10/23). Term 2 ends the last day before Winter Break. The gym is open during lunch time with teacher supervision which has allowed administration to be more visible with students. Mr. Chapple loves the students at SJH! They are GREAT kids.
5. Budget- new math program adopted over the summer. 9th grade teachers are using an answer program which has some kinks to work out. 8th grade teachers are not using it and life is good there. Teachers can choose to use a District Canvas Course to support their daily math instruction. SJH isn't using it because they created their own student notebooks. Classroom teaching looks a lot different this year. Teachers are not lecturing and students are not just computing algorithms. The unit starts with exploration and ends with application of the knowledge the students have gained. ELA- data will be collected to share in January with CC. WIDA- the staff is spending time teaching the students the value of doing well on the WIDA assessment and it's working to improve scores.
6. TSSA funds is paying for a therapist to be in the school 2 days a week. The LCSW meets with students and parents to help them find resources to support students with mental health.
7. Technology plan was reviewed by CC. SJH uses NetRef, iboss, and Netsupport to filter content and help staff determine if inappropriate internet usage is occurring. When devices leave the building, they still run some of the filters in the background. CC voted to accept the Safe Technology & Citizenship Plan. (Howard motioned to vote on plan. Arnita 2nd.) CC all voted in favor. Motion passed. Plan will be implemented.
8. Adjustment to February meeting to be on 2/13/24 instead of 2/14/24.
9. Adjourned at 4:45 pm.
