November 13, 2023

Dear Oak Grove Primary School Family,

Today, the Louisiana Department of Education released School Performance Scores (SPS) for the 2022 - 2023 school year. Our school score is based on the performance of our third, fourth, and fifth-grade students on the annual state LEAP test. It is with great pride that Oak Grove Primary that we announce that Oak Grove Primary achieved a grade of an A once again this year. We are excited to say that we have achieved a performance score of 101.5 with a 0.5 decrease from last year. While our overall school performance score decreased, our progress index points (the measure of whether students are meeting or exceeding their individual goal) increased by 2.3 points.

We have been named a Top Gains Honoree; a designation given to schools with excellence in student performance. We have also been named an Opportunity Honoree, because all our sub-groups of students, such as English Language Learners, Special Needs, and Economically Disadvantaged, performed well on the state assessments.

We will continue to work tirelessly to provide effective instruction for our students and strive to support your child's social, emotional, and academic growth. We are confident that the effective implementation of our curriculum and our teachers' instructional practices are preparing students to achieve their goals.

We appreciate your continued support of Oak Grove Primary. Congratulations to our students, teachers, and staff for pursuing excellence every day!! We have SO MUCH to CELEBRATE with our Oak Grove Primary Family!!
