

Varsity Teams

Football: Football is 2-5 with wins against Hanover and Columbia. Football is set to travel to Annville Cleona Friday night. They have two home games left this year against Lancaster Catholic and Kutztown. One more win this season would be an improvement from last season, where we finished with a 2-8 record.

Boys Soccer: Boys Soccer concluded their season yesterday with a 1-4 loss over ELCO. They finished the year with a 5-11-1 record. With many off-season plans, Coach Martin looks to make many changes to help our boys' soccer team get back to their successful ways.

Girls Soccer: Girls Soccer just came off an exciting 2-1 win in overtime against Brandywine Heights yesterday evening to conclude their regular season. The girls finished their season with a 14-4 record that earned them co-section champions shared with Lancaster Catholic after having the same section record. The girls will be hosting Manheim Central this Saturday at 11 AM in the quarterfinals of the Lancaster Lebanon League Playoffs. Once league playoffs are concluded, the girls have their eyes set on District Playoffs, which they are currently sitting in 7th place out of the top 10 teams that qualify.

Cross Country: Cross Country begins its playoff season. Next Tuesday, they head to Lebanon for the Lancaster Lebanon League Cross Country Championships. We also have many individual runners with goals of making district and state playoffs in the coming weeks.

Cheer: Cheer numbers remain strong, with lots of excitement and positive energy coming their way every Friday night at football games.

Girls Tennis: Girls Tennis has had a great season with a team record of 8-8. This is a dramatic improvement from their two-win season just a year ago. Last week, four girls from the team represented Pequea Valley in single and double Lancaster Lebanon League Playoffs.

Golf: Golf had a very successful year, finishing second in their section behind a very talented Annville Cleona Team. Their regular season section record was 7-3, and their overall record was 17-8. They qualified for districts as a team for the first time in program history. Cole Stoltzfus also qualified for districts and placed 8th to receive a state qualification this coming Monday and Tuesday at State College.

JH Sports

JH Football: Junior High football has been very competitive in their scrimmage format games this season. Today, they will play their first actual game against Penn Manor in our turf stadium. It is great to see the numbers grow in JH football and the continued growth in our midget football program.

JH Girls Soccer: JH Girls Soccer ends this afternoon with a home game against Lancaster Country Day School. Numbers have been good enough for one team this year. They have been successful with over a 500-winning percentage.

JH Boys Soccer: JH Boys Soccer has been competitive for only having 11 athletes throughout the year. They came a long way from thinking we had to cancel their season to winning multiple games. They end their season the following Monday with a home game vs Solanco.
