*Where Each Learner Counts*

## Curriculum & Instruction

---

August

Dates	PV First Ten Early Literacy

Dates	Elementary Curriculum Topics
June 19-29	We had a great two weeks with a select group of 57 k-3 learners targeting learning needs to prepare them for the 23-24 school year. The intervention resources utilized were directly connected with the CORE curriculum resources making the activities completely aligned with the instructional strategies and language.
August 2	Representation from K-6 met to review the ELA and math scope and sequence and assessments to make any needed revisions to assure the key learning targets are addressed with-in the year's scope and sequence.

Dates	Middle & High School Curriculum Topics

Dates	School Data & State Assessments & National Tests
July	Spring 2023 PSSA and Keystone raw data was received and is being broken down to analyze areas of needed further tweaking during the August PD days. Growth data and PA Future Ready Index data will be released in October.

Dates	General
August 8,9,10	We held three New Learning Facilitator Induction days with five new PV family members. Key areas addressed were: <ol style="list-style-type: none"><li>1. PV MCL Vision</li><li>2.
