

Lancaster County State of the County: Pequea Valley's work-based learning programs were highlighted and represented at the Chamber of Commerce State of the County Event on Wednesday March 1st. Jared Erb highlighted our First Choice Discovery Mentor Program and Lisa Horn from Kitchen Kettle highlighted our partnership in transporting learners by van at the end of the day to work. Being involved in this event has increased partnerships with local companies, who's interest in partnering for providing mentorship, job shadowing, and other

First Choice Discovery: Next Friday, our entire 10th grade is going on a job shadowing day. There are 11 different groups going to over 20 different companies. This will be an exciting day of opportunity for our learners to be exposed to potential career opportunities in the Lancaster area.

Credentials: In order to meet graduation requirements, several of our learners have completed the EVERFI Employability Skills Credential. Industry Recognized Credentials are now being listed on our learners PVHS transcripts as well as listed on our learners' MyPlanPA accounts.
