

Safety Report: February 2023

The following are safety highlights:

A building walkthrough was conducted of Paradise Elementary School. Building walk throughs are conducted with Cathy, School Principal, and Gavin. The purpose of these walk throughs are to look for any safety hazards, and is an opportunity for the Principal to ask Gavin any questions he or she may have in regards to building operation.

Implementation of Navigate 360 with each school team. Navigate 360 is a safety program that educates school leaders on safety issues.

Cathy met with Keystone as a parent reunification location.

Monthly fire drills were held at each building.

A review of data for discipline for safety and state reporting

A meeting was held with New Holland Police – Collaboration with PV and SSP

Visitor Policy has been sent out and we are currently fielding any questions parents may have. So far, it has been a smooth transition.
